

DEMOCRATS TO MEET THURSDAY

Battle to Halt Klan Control Is Seen.

The Democratic State organization has entered the battle to prevent Ku Klux Klan mastery of the party mechanism, it was indicated today. State Chairman Walter S. Chambers called a special meeting of influential leaders from all counties at 10:30 a. m. Thursday at the Claypool to discuss nominations for the United States Senators and thirteen Congressmen.

Sentences in the summons considered by politicians as referring to the Klan are:

"But to do this (referring to elect-

ing Senators and Congressmen), the party must exercise the greatest care in the primary and not permit nominations to go by default to self-seekers.

"The recent municipal elections, in Indiana, demonstrated that political conditions are returning to normal." Additional prospective candidates are: John S. McFaddin, Rockville, an attorney; Chairman Chambers; former Congressman Lincoln Dixon, North Vernon, and State Senator Charles S. Batt, Terre Haute.

DULL HEADACHES

AND BILIOUSNESS

Poisons that are not properly carried out of the system and are re-absorbed by the blood often cause many distressing, and sometimes dangerous, disorders. Mrs. Jeanette S. Carneale, of Elevon, Va., tells below how she suffered from such disorders and how she learned to obtain relief from them.

"I have suffered from constipation," says Mrs. Carneale. "I get in such bad condition sometimes that I do not know what to do. My head aches with a dull kind of ache, and I get bilious."

"I have found Black-Draught to be the best relief for this I have ever tried. We have come to depend on it in my family as a family friend. Black-Draught is very convenient to take. I take half a spoonful in cold water as long as I need it and it is the finest regulator for the bowels."

"I used to have regular attacks. I suffered with very bad gas pains. I had a full, swollen feeling through my

stomach. Sometimes I would even faint, they would get so bad. Now, when I feel myself getting the least bit constipated, I immediately begin the use of Black-Draught."

"I have given it to my children and grandchildren. Everybody here takes it, from the littlest to the biggest. Sometimes my granddaughter eats too much and this is followed by a sour stomach. She runs at once for the Black-Draught. I am glad to recommend it."

Thedford's Black-Draught is a pure, mild, vegetable, product of nature. It is made only of medicinal roots and herbs that have been carefully selected, and then scientifically combined in clean, up-to-date laboratories. It contains no dangerous, or harmful, mineral drugs.

Black-Draught acts gently on the liver and bowels, helping them to rid the system of poisonous impurities and then aiding them to return to their normal healthy state. Price 25c. JA-16
