

KLANSMEN ARE PRESENT WHEN JOHN ARRIVES

Duval Interviews Several at Treasurer's Office.

Klansmen, horse thief detectives and fire department members or aspirants predominated in the line that interviewed John L. Duval, returned fugitive mayor-elect, at the county treasurer's office today.

Duval said he would make no more appointments for some time, and was again to receive callers in the afternoon.

Strategically placing himself in the private office of Duval, Arthur R. McGee, first named police inspector after support by the Klan and then removed when Duval changed his mind, arrived before 9 a. m. and was "right there" when Duval entered at 9:30.

"I haven't anything to say," McGee averred after a session that lasted more than half an hour. He didn't look so happy.

Women Present

Mrs. Mazie Geupe, who served at Klan-Duval headquarters during the campaign, also was in line. There were more women today than before.

Another Klan touch was a conference in the corridor between Joe Bell, former secretary to Walter Bossert, Indiana Klan grand dragon, and L. V. Schneider, Duval's secretary.

Joseph L. Hogue, city controller, called to see William C. Buser, brother-in-law of Duval, who will succeed Hogue, and obtained signatures of both Duval and Buser for municipal printing and engraving.

Fremmen There

Capt. Kenneth Burns, recently appointed assistant fire chief with Jesse E. Ray, fire company chauffeur, were in line and Mrs. Leona Osborne, wife of a fireman, also was present. G. B. Overtree, former

A Mistake

That is keeping countless people ill

You make a mistake if you think that cathartics stir the liver. Modern research proves they don't. They merely irritate the intestines.

But a way has been found in a liver gland secretion. That does stimulate the liver. It increases the bile supply—up to a quart per day. Physicians are prescribing this new discovery to millions, and the results are classed among the marvels of modern medicine.

A stimulated liver floods the bowels with bile. That means more than relief from constipation. It means a flood of antiseptic to combat germs in the bowels.

While bile is scarce, germs breed by millions. They feed the blood a constant load of poisons. And those poisons cause a very large share of our ills.

This way to a larger bile supply is correcting conditions which nothing else could help. To millions it is bringing new health, new hope, new vim.

That liver secretion is embodied in tablets called Dioxol. Each represents ten drops, purified and concentrated, with other important helps.

Send the coupon for some samples with our book. Learn what Dioxol means to you. As a laxative it acts in a few hours. It acts in the right way. But the other results may prove priceless. Clip coupon now.—Advertisement.

FINDS WAY TO STOP LOSS OF WEIGHT

Mrs. C. Hegan, Indianapolis (Ind.) Housewife, Says Results "Exceeded All Her Expectations." Praises Todd's Tonic.

"I recommend Todd's Tonic because I feel it my duty to recommend a tonic that has done so much good for me. I was in a condition that caused me to lose much weight. I tried to eat but nothing seemed to appeal to me as my appetite was very poor. My friends advised me to try different kinds of tonic. I took their advice, but in my case, everything I tried proved useless. One day, I saw a Todd's Tonic advertisement in the newspaper and the symptoms of the case were exactly like mine. I bought two bottles of Todd's Tonic, and it exceeded all my expectations. Instead of losing weight, I began to gain. I have gradually gained eight pounds in weight and I am feeling so much better. My restless condition has left me entirely. It is surely worth while thanking you for the wonderful results I have obtained from the use of your Todd's Tonic."

HOMES STILL ARE NEEDED

Housing Shortage Not Yet Relieved.

WASHINGTON, Nov. 24.—What the country needs is homes.

In spite of the great amount of building accomplished last year, the housing shortage arising from the war has not yet been substantially relieved for the lower income classes, the Department of Commerce reports in its economic review of the fiscal year just ended.

"One of the great tasks ahead of the country is to organize this field so that new homes may be reasonably financed and offered predominantly through the thrift of the individual families who occupy them," says the review.

"The better organization of the second mortgage on a more reasonable basis is one of the outstanding factors."

This is true although the past year with its \$60,000,000,000 construction total broke all previous records, and although 46 per cent of the building total was expended on homes.

IS IT RUDE TO CALL HIM CAL?

Question Arouses Discussion on Manners.

WASHINGTON, Nov. 20.—Should Calvin Coolidge be referred to as Cal?

A Nation-wide discussion of the good manners involved in this familiar and facetious reference is getting under way among members of the Federation of Women's Clubs.

The Child Culture Club of Ogden, Utah, believes the use of the abbreviated title is undignified as well as bad manners. A resolution of protest has been referred to Mrs. John D. Sherman of Washington, president of the federation.

Mrs. Sherman, however, sees in the use of "Cal" a degree of affection for the President.

"Calling Mr. Coolidge 'Cal' does not indicate rudeness," she writes. "It suggests a hurry to get acquainted and is an affectionate term applied in approval to a leader who is seemingly a little austere in his forcefulness."

"Why endure that itching, burning torment"

I, too, tried many treatments without success, until I used Resinol Ointment, and I could hardly believe that the immediate relief it gave could last. But it did, and only a few treatments cleared away the whole trouble, leaving my skin as soft and smooth as a baby's. I'm never without it now and use it for any kind of skin discomfort. MITCHELL CITES DEATHS IN AIR UNIT AS PROOF

Number Supports Charge War Department Is Negligent, Colonel Says.

By United Press
WASHINGTON, Nov. 24.—Col. William Mitchell on trial for "misconduct" because he criticized the War and Navy Departments, again today, on the witness stand at his court-martial, declared the War Department is "criminally negligent."

Mitchell told his jury of generals that sending aviators up in war-time De Havilland planes constituted "criminal negligence."

Planning Coffins
"The Government should get rid of these flaming coffins," Mitchell declared. "As long as airmen are forced to go aloft in De Havilland planes, they are going to be killed. It is criminal negligence to keep men flying in ships of this type."

Under cross-examination of Major Gullion, assistant trial judge advocate, Mitchell charged that all air service equipment "is growing more dangerous every day."

"We are even running out of spare parts," he added. Gullion read reports on a number of accidents and sought to show that many were resultant from errors in judgment by the pilots.

Tells of Transfer
"You can't get away from it," Mitchell declared. "These deaths are the direct result of faulty equipment."

"The accidents are not due to inefficiency by the pilots but to the flaming coffins they have been sent up in. Our men are being burned up right along as a result of the planes they are forced to fly in."

Mitchell related that he had been deposed and transferred to Texas as a result of his statements.

"Do you consider San Antonio an out of the way place?"
"I do as far as the influencing of air developments is concerned. I have no commands and hardly anything to do at San Antonio."

FRENCH DEBT GROUP MISLED BY SYMPATHY

Paris Journalist Believes Committee 'Talked Too Much.'

By United Press
PARIS, Nov. 24.—Sympathetic American women residing in France misled the members of the French debt-funding commission before they went to Washington, according to Stephane Lauzanne, prominent journalist of the Matin and friend of M. Caillaux.

He told members of the American Women's Club upon his return that they could have rendered the delegate greater service if they would have told the truth about America.

Lauzanne frankly admitted that the French delegates had been too confident and they had talked too much. But to show both sides of the question he added:

"You ladies committed as bad a blunder here in Paris as we did in talking too much in Washington. In your sympathies you had always given us a false idea of the matter. You gave us the impression that the debt would be wiped out. Perhaps your wishes are the wishes of New York, but you had forgotten to remind us that New York is only a small part of America."

TO OBSERVE INDIANA DAY

State School Head Sends Out Letter.

School officials of the State are asked to properly observe Indiana day, Dec. 11, in a letter from Dr. H. N. Sherwood, State superintendent of public instruction.

"The last General Assembly made Dec. 11 'Indiana day,' inasmuch as we were admitted to the Union on Dec. 11, 1816. It was not the intention of the Legislature to add another holiday to our present long list, but rather set aside a day on which we might commemorate achievements of our State and stress the qualities that make for good citizenship," said Dr. Sherwood.

"The anniversary of the Indiana's admission to the Union is an excellent time to emphasize the duty of voting. It is said that in the general election only 51 per cent of the voters went to the polls. Good citizens should weigh the issues of the day and voice their sentiments at the polls."

LA FOLLETTE'S WORDS SCANNED

Bob Jr. Might Be a Republican, but It's Doubtful.

By United Press
WASHINGTON, Nov. 24.—Statements and speeches made by Senator Robert M. La Follette Jr., in his campaign for election are being collected by Chairman James E. Watson, Indiana, of the Senate Committee on Committees in an effort to ascertain if La Follette criticized the Republican party.

Watson said that if the committee decides he has not criticized President Coolidge or the party he may be admitted to the Senate as a Republican. Watson said that, from what he had heard, this was doubtful. The committee will decide within a week, he said.

NURSES TO LOSE JOBS

County Women Will Not Be Reappointed, Indication.

The two present Marion County nurses will not be reappointed for next year, it was indicated today by Commissioner Charles O. Sutton and Cassius L. Hogle, who will succeed Commissioner John Kitley.

Both Hogle and Sutton conferred privately with representatives of the county Parent-Teacher Association, which will probably recommend new nurses.

Both Hogle and Sutton admitted they would not approve the present nurses. Neither Hogle nor Sutton would say who would be named.

County nurses now are Miss Bertha Bush and Miss Hazel Holder. Each receives \$1,500 a year. An automobile is provided by the county.

Occasionally an extra fine bred goldfish will bring \$100 or \$150 to a Japanese fancier.

OHIO SEEKS BUS PEACE

A joint conference with Ohio officials to fix mutual regulations for bus and truck traffic control in Ohio and Indiana probably will be held at Columbus, O., Dec. 7, according to Frank T. Singleton, Public Service commissioner.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel.

The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "tired" and "heavy." They "clear" clouded brain and "perk up" the spirits. 15c and 30c. —Advertisement.
