

CIVIC FUND IS OVER 'THE TOP'

And Fred Hoke Leads Singing of 'Doxology.'

The Indianapolis Community Fund went "over the top" Wednesday afternoon and Fred Hoke, president for five years, achieved a long cherished ambition. He led the singing of the Doxology to celebrate the occasion.

The final check-up at noon had shown the fund as \$650,542.32. Homer Borst, executive secretary, hastened to the Kiwanis Club, in session at the Claypool. When Borst returned he waved a pledge of \$120 from Frank B. Flanner, which gave the fund its quota and \$2 cents over.

It is expected that further subscriptions will bring the fund considerably over the quota. The following pledges of \$100 or over were the final subscriptions to be handed in:

Indianapolis Life Insurance Company, \$500; Gates Mfg. Company, \$150; Frank B. Flanner, \$120; W. C. Borcherding Company, \$100; Charles F. Campbell, \$100; Mr. and Mrs. C. C. Hatch, \$100; Hoosier Coffee Company, \$100; Emsley W. Johnson, \$100; Mrs. Sylvester Johnson, \$100; Krull Mfg. Company, \$100; John W. Roberts, \$100; Stafford Engraving Company, \$100; Mr. and Mrs. W. M. Taylor, \$100; Mrs. Marion Ward, \$100.

SCIENCE AIDS WORKER

Chemist Forecasts Great Changes As Population Increases.

Science will enable the working man to cut his eight-hour working day in half, was the forecast of Dr. J. F. Norris, president of the American Chemical Society, in a talk before the Indiana section of the organization in the Chamber of Commerce, Wednesday night.

Dr. Norris, who is also connected with the Massachusetts Institute of Technology, advocated a change in chemistry courses in institutions of higher learning. Science is meeting the over crowded conditions caused by increases in population and is rapidly solving the problem of the world's food supply, were other claims advanced by Dr. Norris.
