

COOLIDGE GETS NERVE TEST ON MITCHELL CASE

Action on Verdict Will Show President's Political Craftsmanship.

WASHINGTON, Nov. 27.—President Coolidge may soon have an opportunity to demonstrate whether he is, as Republican leaders say, the best politician who has occupied the White House in many years. The court-martial of Col. William Mitchell will furnish the chance.

Congressmen returning to Washington for the coming session report their districts keenly interested in the outcome of the Mitchell hearing. The opinion is general, they say, that the Army and Navy are determined to punish him for "telling the truth." Whether Mitchell is right or wrong, they report, he has the popular side of the controversy at the present moment. The court's findings, if against him, will arouse a good deal of resentment.

There is where President Coolidge will come in. If the verdict is "guilty" it will be laid before the President for his approval, as commander-in-chief of the Army. If the course of the Army and Navy has succeeded in making Mitchell a

Freak Fetes in London

By NEA Service
LONDON, Nov. 27.—Freak dinners and entertainments are the rage in London today. A novelty breakfast starting at 2 o'clock in the morning, a dinner for all white-haired Americans in London, a wedding where the bridemaids were all barefooted, are examples.

"martyr" it won't help Coolidge any to write "approved" on the verdict. On the other hand, if he feels the court-martial has reached a just decision he would risk wrecking the morale of the Army and Navy organizations should he fail to support the court's action. In any case, he will have something to worry about.

ROBIN RULES GARDEN

Jerry Keeps Other Birds Out of His Home Tract.

By NEA Service
LIVERPOOL, Nov. 27.—A robin which has its home in a tree in the garden of a suburban home has been successful in keeping out all other robins. The bird has been called Jerry by the garden owners. Jerry tolerates all other birds but will not let another robin make a home in the garden.

FOOLS PRISON KEEPERS

Two Convicts Change Cells; One Escapes Serving Term.

By NEA Service
PARIS, Nov. 27.—In a prison here two men of the same name managed to change cells, unknown to officials. The prisoner serving the longer term was let out a long time before he should have been released. The other prisoner then made known that his time of service was over, and in this way a convict was able to escape several years of prison life.

NEW LAMP BURNS 94% AIR

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 33 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil).

The inventor, J. N. Johnson, 609 W. Lake St., Chicago, Ill., is offering to send a lamp on 10 day's FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.—Advertisement.
