

SURVEY SHOWS HUGE JUMP IN APPEAL CASES

Supreme and Appellate
Courts Jammed as Con-
victions Increase.

In connection with the gradual in-
crease in the number of convictions
in criminal cases, a corresponding
growth has taken place in the num-
ber of cases which have been ap-
pealed to the State Supreme and
Appellate Courts, according to Zach-
ariah T. Dungan, clerk.

The general increase in appealed
cases possibly may be attributed to
the strictness of the State liquor
laws and other penal statutes, Dun-
gan says. During the November
term of the two higher tribu-
nals a total of 864 cases were dock-
eted, Dungan pointed out, whereas,
during the May (1925) term only 784
cases came before the two courts.

A survey covering the last two
years, made by Dungan, follows:

KIDNAPERS TERRORIZE

Many Children Have Disappeared in
Brazil.

By Times Special
RIO DE JANEIRO, Dec. 4.—Nu-
merous mysterious disappearances of
children between the ages of six and
eight years have terrorized Brazil.
No case has yet come to light where
kidnapers have asked ransoms for
their victims. Wild stories of the
use the kidnapers are putting their
victims to have created terror in
nearly every family here and in Sao
Paulo.

How Old Is a Senator

By Times Special
WASHINGTON, Dec. 4.—
How old is a United
States Senator?
Senator Robert M. La Fol-
lette, Jr., from Wisconsin, is
just 30, barely meeting the
sunny side of the Senate age
limit. Gerald P. Nye, North
Dakota, appointed by Governor
Sorlie to serve the remainder
of the late Senator Ladd's
term, is only 33.
These youngsters are excep-
tional. A survey of ages of
Senators who will take their
seats next month reveals an
average of 59 years. If Nye
is not seated the average will
go a little higher.

To Millions who need help
A new discovery brings it

About 95 in 100 people can be
helped by a new discovery. Some
can be greatly helped. Physicians
are now prescribing it by the tens of
millions of tablets.

A way has been found to stimulate
the liver, to increase the flow of
bile. We used to think cathartics
did that, but they don't.

The new way is a liver secretion
taken from the ox. By stirring the
liver it floods the bowels with bile.
That clears the bowels in a natural
way.

Then bile is a digestant, so this
new supply stops bowel indigestion.
And bile is an antiseptic. This new
method supplies about a quart a day
to combat germs in the bowels. The
germs which feed poisons to the
blood to cause countless ill condi-
tions.

This liver gland secretion is now
embodied in tablets called Dioxol.
Each tablet represents ten drops,
purified and concentrated, with
other important helps. Taken at
night, results appear in the morning.

Dioxol is more than a laxative. It
is a bile supplier. And a flood of
bile relieves countless ills. Send the
coupon for some tablets to try. Also
for our book on Dioxol. Learn how
a gland secretion does what nothing
else can do. Clip coupon now.
