

COTTLE TO GET PRATER TERM

Boy-Bandit to Plead Guilty to Accessory Saturday.

A plea of guilty to accessory to manslaughter will be made by Lawrence Cottle, 16, in Criminal Court Saturday morning before Judge James A. Collins, H. B. Pike, the boy's attorney, said today. Cottle will then be given a two to twenty-one year sentence at Indiana State Reformatory, the same given Edward Prater, 16, Cottle's companion, who fatally shot Forest Van Devere, a street car conductor. Prater was sentenced in the Hamilton County Circuit Court, after he was permitted

to plead guilty to manslaughter. He was indicted on a murder charge. J. C. Cottle, the defendant's father, was to arrive here today with his wife from their home at Danville, Ill. At the time of the shooting Cottle had only been in Indianapolis a month. He was living with his brother while looking for work here.

Prosecutor William H. Remy, who has received written statements from Prater and Cottle as to the conditions in local poolrooms, is expected to disclose some of the facts at the trial Saturday.

High School Girls Involved in Scandal.

By United Press. MICHIGAN CITY, Ind., Dec. 4.—Police officials and county authorities today were continuing their drive on vice in this city and county.

An investigation which is said to have already involved a number of high school girls and prominent married men of the city has been in progress since the arrest some time ago of three men, now serving prison sentences, for contributing to the delinquency of young girls. Two men and a woman are in jail here today on similar charges. The men are charged with contributing to delinquency of two girls, one 12 and the other 14, who are now under care of physicians. The woman is alleged to have allowed the men to hold "wild parties" at her home.

MITCHELL IS DEFENDED

Auto Company Advertising Manager Heard by Club.

The Shenandoah disaster was due to "criminal neglect" and was brought on by a "political maneuver," said E. LeRoy Pelletier of Detroit, advertising manager of the Rickenbacker Motor Company, at the luncheon of the Advertising Club of Indianapolis at the Claypool hotel Thursday. He said Col. William Mitchell eventually would be vindicated in the "court of public opinion."

He said private industry will develop the airplane industry more effectively than the Government. He urged the building of a commercial airplane station near Indianapolis.
