# ATTITUDE OF ALUMNI SCORED BY COACHES

Harsh Demand for Victory Menaces College Sports, Mentors Say—Phelan Praises His Purdue Warriors.

By Edward C. Derr  
United Press Staff Correspondent  
CHICAGO, Dec. 4.—Football may yet be saved as an amateur sport if "unthinking college alumni" will keep their hands off, according to a consensus of opinion expressed by some of the nation's leading football coaches and athletic directors attending the annual schedule meeting of the Big Ten conference of the Middle West.

Twenty or more coaches delivered short addresses at a banquet Thursday night and the so-called "menace" of professional football barely was mentioned. These leaders of the college sport directed most of their attacks against graduates who "glorify a star player and stress the importance of a winning team to the detriment of clean, hard-fighting amateur games."

mand for "less meddling by the alumni."

## Aim to Build Men

"Our business is to build men, gentlemen, sportsmen, to bring out the best there is in our boys," Stagg said. "If we do these things we are making a big contribution to the country."

"Certain unthinking followers of the game place too much importance on winning. It should be enough that our men fight with all the spirit and courage at their command."

"And the alumni should not take the position of the old Romans and turn thumbs down on a coach, because he loses a game or two."

Fielding Yost of Michigan and Knute Rockne of Notre Dame struck the same note in their addresses.

## Phelan's Splendid Speech

Jimmy Phelan, coach at Purdue, struck the keynote of the meeting when he said:

"I represent Purdue. Our team didn't win a single Conference game this year, but I wouldn't trade my team for Yost's or Zuppke's great Michigan and Illinois teams, because I know the stuff my men were made of. They fought every minute of every game and there wasn't a quitter among them."

"If the alumni will give due credit to a fighting team, irrespective of the number of games it wins, then amateur football is certain to continue."

Coach Amos Alonzo Stagg, "grand old man of the Midway," and coach of Chicago teams for thirty-five years, was equally firm in his defense.

## EGAN LEADS CATHEDRAL

Full Back Chosen Captain of Local High School Grid Team.

Maurice Egan was elected captain of the Cathedral High School football team for next season by his team mates at a meeting Thursday. Egan is a junior and played his second season this year. He is a full back and has proved a good line plunger and fine defensive man.
