

## MORE JUDGES NEEDED SORELY, REPORT SHOWS

Prohibition Cases Clogging  
Federal Dockets, It Is  
Averred.

By United Press  
WASHINGTON, Dec. 9.—Federal  
judicial machinery has reached its  
peak in the disposition of prohibition  
cases.

Additional judges and prosecutors  
are needed sorely to keep abreast  
of the flood of cases.

This was the annual report today  
Mrs. Mabel Walker Willebrandt,  
assistant Department of Justice gen-  
eral.

**Cases Increase**  
"Despite utmost endeavor, the  
number of pending prohibition cases  
increased from 22,330 at the end of  
the previous fiscal year to 25,334 at  
the close of business June 30, 1925,"  
said Mrs. Willebrandt. "The num-  
ber of cases terminated was 48,734,  
showing a considerable increase over  
the previous year, but the number of  
cases filed increased from 46,431 to  
51,683."

"If the dockets are to be cleared  
and the number of pending cases  
kept at a reasonable figure it is nec-  
essary that additional assistance,  
both judicial and prosecuting, be  
given at the points where clogged  
dockets and a continuous influx of  
cases make the speedy administra-  
tion of justice practically impos-  
sible."

**More Pay Asked**

In this opinion Attorney General  
Sargent concurred, indorsing in his  
annual report the recommendation  
of the senior circuit judges that nine  
additional Federal judges be provid-  
ed along the Atlantic seaboard, and  
recommending again that Congress  
appropriate funds to raise the sal-  
aries of United States attorneys and  
their assistants, "in the interest of  
efficiency and greater economy."  
"My predecessor invited atten-  
tion," said Sargent, "to the fact that  
the criminal business of the Federal  
Government had increased 32.13 per  
cent since 1920 and over 500 per cent  
since 1912, and that the civil busi-  
ness had doubled since 1920. This  
great increase in Federal litigation  
necessitates United States attorneys  
and their assistants giving their full  
time to the Government and does  
not permit of their devoting a part  
of their time to private practice as  
they formerly could."

## RIVER - RAIL TERMINAL

Evansville Sees Project Assured in  
Purchase.

By United Press  
EVANSVILLE, Ind., Dec. 9.—A  
river-rail terminal to serve Evans-  
ville and southern Indiana seems as-  
sured today with announcement that  
the Kelly Ax and Tool Company, Char-  
leston, West Virginia, has pur-  
chased Ohio River frontage for con-  
struction of a first unit.

The terminal will serve as a load-  
ing medium between railroad cars  
and river barges. City engineers  
have given their approval of the  
plans, which call for a 200 foot  
frontage for the first unit.

A Simple, Safe, Inex-

will lead to as much serious trouble as  
catarrh. You can now get rid of it by a  
simple, safe, pleasant home remedy dis-  
covered by Dr. Blosser, a catarrh spe-  
cialist.

Dr. Blosser's Remedy  
is composed  
of medicinal  
herbs, flow-

beries, which  
you smoke in  
a dainty pipe  
or cigarette.  
The smoke-  
vapor is in-  
haled into the  
air passages  
of the head,  
nose, throat

## 6822 Deaths From Whooping Cough

Whooping cough is the most neg-  
lected of children's diseases, and one of  
the most dangerous. There are 6822  
deaths reported in a single year in the  
United States from this disease. There  
is no cure for whooping cough, it usually  
running its course, but relief can be  
given and its duration shortened. A  
few drops of Dr. Drake's Glisco will  
relieve the most violent paroxysms of  
coughing, and given regularly it will  
lessen the severity of the attacks and  
bring quicker recovery. Endorsed by  
physicians and sold by druggists on  
guarantee of complete satisfaction. 50c

"There is an extract I am working  
on that makes hen's cackle. If  
one hen cackles the others get  
jealous and lay eggs," he said.

Louis Pochlein, Boonville dairy-  
man, never tasted cow's milk until  
he was 21, he said the other day.  
He lived in a neighborhood where

goats were raised exclusively. "Cow's  
milk tasted so good I went into the  
business of distributing it," he said.

American and British products.
