

SEEK JUDGESHIP BEBINGER WILL

First Candidate Out for Superior Bench.

Representative Charles E. Bebinger, attorney, is the first candidate to announce officially for Superior Court judge. Bebinger will run in the Republican primary to succeed Sidney Miller of Superior Court Three.

Credit for obtaining passage of the bill establishing four county municipal courts in the recent Legislature is given largely to Bebinger by party leaders.

Bebinger During the 1925 session of the General Assembly, Bebinger was chairman of the criminal code committee and was a member of Judiciary A, mileage and accounts, printing, reformatory institutions and city of Indianapolis committees. He was deputy prosecuting attorney in 1925 under William H. Remy.

Bebinger served nine months in France, is a member of I. O. O. F. No. 465, is married and has two sons.

**TWO DRIVERS
ARE INDICTED**

Grand Jury Takes Action Against Dozen Persons.

Two motorists were indicted today by the Marion County grand jury. Eddie Thomas, 1030 Fayette St., was charged with failure to stop after an accident, and Claude Porter, held in jail, was charged with involuntary manslaughter.

Thomas is alleged to have failed to stop after his automobile struck and injured Martha Carter, 2001 Sheldon St. The machine Porter was driving is alleged to have killed Warren Murray on Oct. 4 at N. Senate Ave. and W. Eighteenth St.

Ten other indictments were returned.

HI-JACKERS ARE BOLD

Police say bootleggers and hijackers are still warring and were bold early today that a shooting at Murray was averted narrowly at Ohio and Illinois Sts.

According to the officers two men with police records of illicit bootlegging were eating in a restaurant and started to leave at 1 a. m. When they were met at the door by the two men armed with rifles. The men, walking out, saw them and retreated behind a wall and the men with the gun ran to a waiting auto and fled.

K. OF P. HOME AT LAFAYETTE

Lafayette today was selected as the site of the proposed K. of P. home for the aged and orphans by a grand lodge committee which met here. A 147 acre tract in the eastern part of the city was selected.

LIFE TERMS FAVERED

ST. LOUIS PRESS

ST. LOUIS, Mo., Dec. 11.—Sentences of from fifty to life imprisonment for robberies where lives are endangered were recommended here by the administrative committee of the American Bankers Association, in mid-winter session.

"Disrespect for the law has given way to open defiance of the law and disregard of life and property," a committee report said.

CHILDREN SUFFER IN FLORIDA BOOM

Mother's, Finding They Must Work to Help Meet High Costs, Leave Babes in Barren Nursery.

By Allen Summer
NEA Service Writer

MIAMI, Fla., Dec. 11.—Hundreds of mothers with little children in their arms and others clinging to their hands surge into the Miami station every day.

Many of them, bewildered and afraid, have come to meet husbands who have sent for them. They have no addresses. They expected "him" to be at the train. They have visioned Miami as a Podunk Center where the stationmaster would be sure to know who Tom Jones is—especially if told that Tom is a cement mixer or a brick layer. Many women have not even told their husbands on what train they are arriving.

Station Filled

At the height of the boom season the station was filled all night with these women. Fifty cots were crammed into a little cubby hole which normally was used as an office for one worker.

An ancient, ramshackle hotel rents some of its rooms to the Travelers' Aid Society for \$2 a night. This helps. But the community chest allows the society only \$4,000 a year.

Now, if we can only get back home!"

A middle-aged woman from Ohio, presented to the club.

waiting in the station for a northbound train, said to me:

"We were getting on in years. My husband cannot work much longer. We needed money for our old age. He had saved \$500. I thought we could buy a lot and maybe make \$3,000. But now I can see that our \$500 can buy nothing worth much more."

Not Funny Now

"I may think it funny some day," a college graduate and professional woman of standing in her own city told me. "But it doesn't seem funny now. I can't even spend a quarter for a magazine once a month."

This woman thought she had a good job in Miami. She had obtained it by mail. She was to be head dietician of a huge hospital.

Arriving, she was shown her quarters. They were over the chugging, steaming hospital laundry, and her bath was to be shared with nine negroes employed as laundry.

When she rebelled, the superintendent told her she was "damn lucky to have a room anywhere with things what they are in Miami."

She left and is working in an office at \$30 a week, paying \$20 for her room, until she can save enough money to buy a ticket home.

Place Isn't Clean

Mothers pay 25 cents a day for their children's bread and milk here. But the place is not even clean, and only one old woman watches the babies in each of the two houses.

"I heard that every man and woman could make \$100 a week down here," a little woman from Kansas told me. "My husband made but \$30 back home. We wanted to send the children to college. The book, containing names of all National Vaudeville Association members, was pre-

pared to the club.

CLUB PRESENTED BOOK

Staggering under the weight of a five-pound book, members of the Singer's Midget Company, playing at Keith's Theater this week, paraded to the Indianapolis Athletic Club at noon today. The book, containing names of all National Vaudeville Association members, was pre-

pared to the club.

BANKS DESERT NATIONAL FOLD

Congress Told Federal Reserve Stability Affected.

By United Press

WASHINGTON, Dec. 11.—Desertion of National banks from the national system, to engage in business under State charters, is affecting the stability of the Federal reserve system, J. W. McIntosh, comptroller of the currency, reported to Congress today.

Legislation which would prohibit further spread of State-wide branch banking within the Federal reserve system would have a strong tendency toward restoring equilibrium between National and State banks, he said. Such legislation has been approved generally by the banking association.

McIntosh said 166 banks had left the national system in the last two years, carrying with them total resources of \$566,600,000.

AUTO VICTIM BETTER

Lad Receives Broken Leg When Struck by Machine.

A slight improvement was shown in the condition today of William R. Stoddard, 7, of 241 Eastern Ave., who was struck by an automobile Thursday night at New York St. and Eastern Ave. The boy was taken to the city hospital with a fractured leg and possible internal injuries. Polled stated William E. Johnson, 47 N. Oxford St. Witnesses said that the boy walked into the path of the auto.
