

WATCH DRIVING IN WINTER TIME, SAYS OFFICIAL

Motor Club Secretary Warns
That Allowance Must
Be Made.

The many automobile accidents produced every year by the winter months and the disparity between this number of accidents and the number of vehicles on the streets, was the subject of a warning issued to local motorists today by Todd Stoops, secretary of the Hoosier Motor Club.

Stoops called attention to the result of an investigation by the accident prevention departments of several large A. A. A. clubs. This investigation, he declared, proves that motorists do not make allowances for winter conditions on the highways.

"The fact that in many cases the curve of accidents sharply rises in the winter months when there are fewer vehicles on the streets," he said, "shows conclusively that congestion alone is not the cause of accidents. The findings of the accident prevention departments of scores of A. A. A. clubs are unanimous on the point that motorists fail to make the right adjustment in their driving habits when wintry weather arrives.

"It has been proven, for instance, that in some cities the accidents on a wet day increase by about 100 per cent. The traffic officers making the counts noted that on the whole the motorists involved in these accidents were going at the speed which they had come to regard as safe in dry weather, and had they made the necessary adjustment and reduced speed 25 per cent it is safe to assume that there would be an increase in accidents."

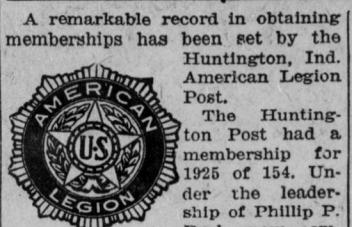

"Another thing that causes many motorists to come to grief is the degree of confidence that they place in chains. Chains, it has been shown, may be a good aid in keeping the safety margin, but are by no means a preventive against accidents."

RECORD IS SET BY LEGION POST

A remarkable record in obtaining memberships has been set by the Huntington, Ind., American Legion Post.

The Huntington Post had a membership for 1925 of 154. Under the leadership of Phillip F. Bush, new commander of the post, the Huntington Legion auxiliary won distinction by going over the top in 1926 membership before Dec. 1. They are: Bruce P. Robinson unit of Indianapolis, Huntington unit and Carmel unit. Robinson and Huntington units went over the top on the same day, Nov. 10. Carmel exceeded the 1925 mark Nov. 24.

Prizes were awarded these three units by State headquarters of the auxiliary.

Following is the standing of leading posts for 1926: Huntington, 1,740; Tipton, 1,733; Akron, 1,309; Rockville, 1,210; Warsaw, 1,043 and Jasonville, 1,000.

Grover W. Workman, head of the purchasing department of national headquarters and an active worker in the Legion, is included in this week's Port of Missing Men, issued by the American Legion News Service. He is described as follows: Gregory, Fred A. W. O. L., from U. S. V. Hospital No. 97, since Jan. 7, 1925. Last seen in civilian clothes about July 1, 1925. He is 30 years old, 5 feet 4 inches.

The post and its auxiliary will meet tonight at the Naval Reserve Hall, on North St. between Meridian and Pennsylvania Sts.

Workman will assign membership duties and will announce plans to conduct a whirlwind automobile membership canvass. The Brown post is giving a \$1,000 insurance policy to

LEGION record of any State," was the shot from State Commander Jackson that stirred John H. Holiday Post members at a recent meeting.

"There have been altogether too many petty, cowardly excuses and alibis" by men who are not in the Legion—the gang at my post are choir singers or craps shooters.

"Make a man tell you he doesn't favor rehabilitation, compensation service, orphans' relief and Americanism, but don't let him get by with alibis."

The December meeting of the Bruce P. Robinson post will be held Monday evening at the Central Christian Church. Dinner will be

served by the auxiliary at \$3.50 m., after which a business meeting and election of officers will be held, according to G. L. Seybert, commander.
