The Greater Guilt!

The plea of ignorance is no excuse in law. Nor does ignorance save the wrong-doer who is striving in the battle of life. The sorrow, the shame, the untold misery that human beings suffer as a penalty for ignorance is appalling—especially when clean, wholesome knowledge about life is now so easy to obtain.

In publishing True Story Magazine, Bernarr Macfadden has found a way to drive home the TRUTH about life as no other method could do.

The reader of True Story has only to read the stories of the men and women who bare their own lives in this amazing publication, to learn how frightful is the price paid by the weak, the erring, the foolish, the unforgotten. Whether you are young or old, you cannot afford to miss the 18 soul-stirring features in January True Story.
