

## 'ESPIONAGE' IS OPPOSED IN U. S.

Johnson Would Not Import  
Any From Europe.

By Times Special  
WASHINGTON, Dec. 16.—Hiram Johnson of California, chairman of the Senate Immigration Committee, will oppose any attempt in this Congress to pass legislation requiring registration of aliens.

"I have not seen any specific bills on this subject and don't know in what form it will come before us," says Johnson. "But as a general proposition I am against police registration. I do not want to import the police espionage of Europe into this country."

In this stand Senator Johnson will be opposed by Representative Johnson of Washington, chairman of the House Immigration Committee. Representative Johnson has repeatedly declared himself for registration and says he believes it will promote naturalization and Americanization.

## How She Gained 10 Pounds In 22 Days

That's going some—but skinny men, women and children just can't help putting on good, healthy flesh when they take McCoy's Cod Liver Oil Compound Tablets.

As chock-full of vitamins as the tasty, fishy-tasting cod liver oil itself, these sugar-coated, tasteless tablets are as easy to take as candy, and won't upset the stomach.

One woman gained ten pounds in twenty-two days, 60 tablets, 60 cents. Ask Hook, Haas, Goldsmith Bros. or any druggist for McCoy's Cod Liver Oil Compound Tablets and if you don't gain at least 5 pounds in 30 days your druggist is authorized to hand you back the money you paid them.

Get McCoy's, the original and genuine.—Advertisement.

## SANTA CLAUS' INTRODUCTION

(Continued From Page 1)

Christmas with some good things to eat?

This is only one of the many needy families who have no resources to make their Christmas a happy one and are depending on you through The Times and the Christmas clearing house to bring them happiness. The Times list of families grows like the magic carpet, unrolling a new list each day as the old list is taken care of and disappears.

Select the family you would like to take care of, by number, and call The Times Santa Claus, Main 5500. The name and address of the family you have chosen will be given to you and the rest of the Christmas help is yours to give. There are big families and little families to be taken care of so you will surely find one you'll want to provide for. Let The Times Santa help you. All names are secured through the Christy Clearing House, which seeks to prevent duplication of gifts to families so that every needy family has a chance of receiving Christmas cheer.

Will your choice be one of these families?

31. A 15-year-old boy, suffering from a chronic illness, has been going to school when he can, and learning typewriting at night from a kindhearted instructor so he can work at it when he has to stay home. There is a 14-year-old girl, the mother, a widow, works in a factory.

## COLDS THAT DEVELOP INTO PNEUMONIA

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action: it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. Creomulsion Company, Atlanta, Ga.—Advertisement.

The Family Welfare Society says the boy needs a wool shirt and other clothing, and that any other gifts to this plucky little family will be appreciated.

33. A suit of clothes with long trousers for a 14-year-old boy, and some clothing for his mother, will relieve a definite need in this family of two, whom the Family Welfare Society has been aiding. The mother, though deaf and partially blind, washes for a living, and the boy works after school, but there is no prospect of a merry Christmas without some new friends.

40. A 13-year-old boy and his 8-year-old sister help their mother to keep house and take care of their invalid father. The mother herself has a crippled arm. They have made a hard struggle but father is losing out. Family Welfare Society have been helping. They need more bedding, sheets and pillow cases. Gifts for the children and a basket with good food for the invalid as well as suggested.

45. An elderly woman unable to

support herself entirely crochets and sews when she is able. Her friends in the Family Welfare Society know she would like a basket of food and a pair of house slippers.

46. A young couple, who have not been able to make much of a start in life for themselves have a frail 8 months old baby girl, about whom the mother is very much worried. A basket and gift for the baby are recommended by the Family Welfare Society.

47. While her husband is fighting for his health in a sanatorium this woman is working to support herself and her husband's mother. They receive a little aid from relatives, and the Family Welfare Society helps when they need it. These women are of foreign birth, doing their best to fit themselves into the American community. A basket and gifts for the two women are recommended by the Family Welfare Society.

48. Because their father does not always bear the father's full share of

the responsibility for these five children, the Family Welfare Society has been asked to help in emergencies. The boys are 5 and 12, the girls 9, 15 and 17. A basket of food for the children is recommended.

49. Widowed for many years and living alone, except for occasional calls from relatives who are busy with their own affairs, this elderly woman would welcome a visit from a Christmas friend. A basket of food and some cheering gifts might be added.

50. With the help of her two oldest children this widow has been struggling along through much trouble and discouragement, knowing that the Family Welfare Society would befriend her when her own resources failed. The girls are 9 and 19 and the boys 13 and 17, and there is a year-old baby. A basket of food and clothing for the two older boys will encourage her.

51. Any one who knows how fast boys go through their shoes and

stockings will appreciate the plight of this woman with five boys to support, aged 3, 5, 7, 9 and 13. Their father will never come back to them. A basket of food and boys' clothing in almost any size can be used to good advantage.
