ALCOHOL TAX CUT OPPOSED

Nicholas Noyes Calls on Congressmen.

By Times Special
WASHINGTON, Dec. 17.—Opposition to the 50 per cent cut in the Federal tax on alcohol contemplated in the new tax bill was registered here today by Nicholas H. Noyes, treasurer of the Eli Lilly Company of Indianapolis and newly elected president of the Indianapolis Chamber of Commerce.

Noyes declared the \$10,000,000 cut in taxes would mostly be increased profit for the makers of patent medicines, who would not pass it on to the public. He called on all members of the Indiana delegation and asked them to support an amendment to the tax bill by Representative Hudson of Illinois, which would restore the alcohol tax to its present size. The \$10,000,000 could be much better taken off automobiles, Noyes said.

Meat Tastes Change

By NEA Service
WASHINGTON, Dec. 16.—The beef cattle industry is going through a marked change at the present time, largely because of the changing taste of the consuming public.

Lighter cuts of meat are demanded, and already this demand has resulted in many retail markets handling only light carcasses of beef, such as those of yearling cattle.

Packers say that 15 to 20 per cent of the total receipts of beef cattle is ample to take care of the call for heavy carcasses.
