SNOW BLOCKS RAILWAY

World's Wonder Line Has Spiral Tunnel.

By NEA Service
MERSHAM, England, Dec. 18.—Radio enthusiasts whose sets carry celluloid-cased accumulators should take care to avoid a short circuit which might set the receiver afire.

At a recent inquest on a woman radio fan, who was burned to death, the theory was brought forward that the fire was caused by the accumulator was short circuited receiving set catching fire.

It was believed that the accumulator was short circuited by the ends of the wires attached to the terminals coming in contact, and that the wires, becoming red hot, set fire to the celluloid container.

Program: Selection by Indianapolis division band, address of welcome by J. S. Mowry, president; tenor solo, Raymond Ball, Miss June McKee, accompanist; Irish clog dance, T. J. McCarthy; overture by Indianapolis Division band; solo, Mrs. M. L. Fox, accompanied by Miss Fox and Charles Fox; recitation by Miss Weppler; address by
