

## PROSPERITY OF HOOISERS SHOWN IN BANK REPORT

Increased Saving Deposits in State Institutions, Says T. D. Barr.

The people of Indiana today are laying the "solid foundation upon which future prosperity will be built," according to T. D. Barr, head of the State banking commission.

Barr made this statement after a careful analysis of the reports submitted by various Indiana banking institutions.

The analysis was made by comparing the deposits, deposits shown

by ten of the leading banks of the State, in the called statements of Sept. 30 and June 30.

### Savings Increase

In practically all instances these reports showed that savings deposits were increasing throughout the State.

Such a condition, Barr said, means that the people of the State are attempting to regain their financial balance.

Another feature shown by a comparison of the reports was that in practically all instances a big decrease has been shown in the amount of loans made by the banks.

Barr pointed out that such a condition can be taken to mean only one thing—that the people of the State are saving their money and thus paying off such loans as they have outstanding.

### Solid Foundation

"I would not say that these figures mean prosperity is here," the

bank commissioner said, "because prosperity is a condition that is above the average. The figures do mean, however, that the people of the State are building a solid foundation upon which prosperity will be built."

While a decrease in the amount shown as "demand deposits" or checking accounts was noted Barr explained that such money as is held as demand deposits is usually the money used for liquidating loans.

### Figures Significant

He pointed out that where ever a decrease in the amount of demand deposits was shown there was a corresponding decrease in the amount of loans.

During the three months covered by the figures none of the gains in deposits were sensational large, and the amount of retired loans also were not exceedingly great.

This condition it was said means that the people are working along

conservative lines, seeking to better their credit but not at the expense of their general business.

### DEVELOP DEPARMENT

State Savings and Trust Gives Attention to Real Estate.

Considerable attention is being given to development of the real estate department of the State Savings and Trust Company, 9 E. Market St., Scott R. Brewer, president, said.

E. K. McKinney, department manager, formerly was associated with Brewer at the Washington Bank and Trust Company, and for several

years was in the real estate business. He took over the department Nov. 1.

### Your stomach if not in good condition causes constipation

If your Stomach and Liver are weak, your food is not digested. This causes the body to be held up in your body. The usual result is constipation, which causes headache and severe gas pains. For 53 years, people have successfully corrected this condition by using Chamberlain's Tablets for the Stomach and Liver. They help the digestive organs stop chronic constipation. Get Chamberlain's Tablets today at any Drug Store, only 25¢.
