## SELLING MORE DEVELOPS IN GENERAL LIST

Rail Shares Are Bought and Group Goes Some Higher.

### Average Stock Prices

Average price of twenty industrial stocks for Tuesday was 123.35, or 1.25 points higher than the average for Monday. The average price of twenty rail stocks for Tuesday was 140.77, or 0.77 points higher than the average for Monday.

By United Press. NEW YORK, Dec. 22.—Another lull in negotiations toward settlement of the anthracite strike caused further selling in the early dealings on the stock exchange today and a continuation of yesterday's decline took place in the main body of stocks.

However, the rails were well bought and initial price levels in this group were generally higher, with Southern Railway up 7/8 at 118 1/2. Postum cereal maintained the leadership of the specialties, moving up 3/4 to 112 1/2.

In view of the general disposition to regard the existing high money rate as a temporary factor, experienced observers were watching for signs of a turn in special stocks and significant indications were furnished in the action of various issues in the late morning. It was obvious that buying was more influential than selling in stocks like American Can, Hudson, General Motors and Woolworth.

These issues were able to make upward progress in face of the determined professional efforts to bring about renewal of declines in the general list.

Pressed Steel Car common continued to climb, reaching 69 1/4 up nearly 5 points from Monday's low.

**GRAIN PRICES ARE UNCHANGED**

Slight Advance Made in Old December.

By United Press. CHICAGO, Dec. 22.—There was little change in opening grain prices in the Chicago Board of Trade today due to pre-holiday dullness. There was scattered buying and a fractional advance in December old variety and May new by commission houses. Slight recessions were made in other options.

The corn trade was evenly divided. Commission houses accepted offers from heavily supplied traders creating a firm undertone. Oats were inclined to ease without features. Provisions trade was on a steady basis.
