

## PLAN FOR WORK ON CATHEDRAL

Scottish Rite Construction to Start by June.

Work on the new \$2,000,000 Scottish Rite Cathedral is expected to get under way by June, John E. Milnor, building committee secretary, said today.

The new structure will have a frontage of about 300 feet on the west side of Meridian St., between North and Walnut Sts. The Rite owns a 390-foot frontage.

Milnor said as the building will be specially arranged it is taking considerable time to work out details. George F. Schreiber, 914 Merchants Bank Bldg., expects to complete specifications soon.
