By United Press

NEW YORK, Dec. 23.—Bullish enthusiasm was stimulated by the convincing character of yesterday's recovery in the general list and further urgent buying took place in the early dealings imparting a buoyant tone to the whole market.

American can continued to head the forward movement among the industrials forging into record territory at 282.81, up 2.2% net. Motor shares also pushed ahead rapidly. Chrysler gained 3 points to 197.12, General Motors 2% to 115.6 and Mack Truck 1% to 219.25.

Call money again renewed at 6 per cent.

Speculative sentiment received additional encouragement in the late morning from optimistic conditions in the steel authority expressed by the Iron Trade Review. The Review declared the demand for steel was remarkably heavy, despite seasonal influences, and that production was continuing at a record pace to meet orders on hand.

This prosperous situation sought further buying into the industrial list, which particularly favored issues likely to benefit from large earnings of the steel workers. Sears-Roebuck, in this category, spurred 4% points to 232.25, while Webber & Hellbroner reflected the unparalleled volume of its December business in a spurt to new high ground on the movements at 100, where it was only half a point from the year's high.
