# Your Child's Cold needs this Double-Treatment

DON'T dose a child for a cold. You may upset the little one's digestion. Better use what thousands of mothers have learned to depend upon. Simply rub Vicks VapoRub over the child's throat and chest at bedtime and get the benefit of its two-fold action:

- (1) Direct to the inflamed air passages by its medicated vapors, released by the body heat, and
- (2) Directed through the skin like an old-fashioned poultice, "drawing out" the soreness and pain.

Good for the colds of all the family.

acts 2 ways at once.

# Why have BOILS?

Boils and pure, rich, red blood never go together. They simply won't mix, any more than oil and water. Healthy blood dries these pests right up! That's the reason S. S. S. drives agonizing boils completely out of the system. There's not a chance for a boil, or any other breaking out on the skin, when pure blood, full of red cells is rushing through your system. And that's what S. S. S. does. Builds up the red blood. Puts red-blood cells by the millions back in the system. S. S. S. makes the blood so strong in healthy, red-blood cells that painful, torturous boils—disfiguring pimples, blackheads and blotches—itching, burning eczema and rashes and other embarrassing skin eruptions simply get out.

It's a fact. S. S. S. has been doing this very thing for 100 years. You can get S. S. S. from any druggist. So, why have boils? Get the larger bottle. It's more economical.

Big Surprise to Friends

## HOW IT HAPPENED

"I am eighty-three years old and I have had rheumatism ever since I came out of the army over fifty years ago," writes J. B. Ashelman, "Like many others, I spent money freely for so-called 'cures' and I have read about 'Ure Acid' until I really believed it. I could not sleep nights or walk without pain; my hands were so sore and stiff I could not hold a pen. But now, as if by magic, I am again in active business and can walk with ease or write all day with comfort. Friends are surprised at the change. All this talk about Ure Acid causing Rheumatism, Neuritis, Lumbago, etc. This widely circulated book is called 'The Inner Mysteries of Rheumatism,' and you can get a copy free of charge by sending your name and address to H. # TRAINS FIRED ON; TWO WOUNDED

Farmer Admits Shooting—Grilled on Murder.

By United Press  
RACINE, Wis., Jan. 19.—Passengers on two crowded North Shore electric trains were thrown into panic Monday night when James Rogan, a disgruntled farmer, fired at the trains from the darkness, wounded two and showered more than 100 others with broken glass from the car windows.  
Rogan admitted the attacks early today, declaring that he "wanted to keep the trains from running because the road refused me a job."  
Under further questioning Rogan admitted a series of burglaries, hold-ups and one statutory offense.  
Authorities decided to question him closely in connection with the Latimer-Sears double murder, which occurred on a lonely road between here and Kenosha several months ago. James Sears and his sweetheart, Madeline Latimer, were shot, to death by an unknown assailant while their automobile was parked in Racine's "Lovers' Lane."

# Seven Kinds of Love, Expert Thinks

Professor Also Denies Marriages Are Made in Heaven.

By United Press  
CHICAGO, Jan. 19.—The ancient superstition that "marriages are made in Heaven" has much to do with the increasing number of divorces, according to Prof. David Seabury of New York.

"There is nothing more insane than the present marriage ceremony in which the contracting parties promise to 'love forever,'" the professor said. "It is biologically and psychologically impossible for two persons to make such a promise, because love is not of the will."  
He classified seven kinds of love:  
1. Mute Love—This is the highest form and in this classification the two people are psychic partners.  
2. Partnership Love—Here it is the desire to build a home and have children that predominates.  
3. Romantic Love—This follows the Romeo and Juliet idea and lasts only as long as the romance endures. It looks for angels and gods and needs a mixture of common sense.  
4. Emotional Love—Magnetic unity, like the devotion of a dog for its master, dominates this kind of union.  
5. Sex Love—Inadequate in itself, but very necessary to supplement in other forms.  
6. Propinquity—Mutual surroundings and experiences controls this form of love.  
7. Frigid Love—This form is nothing more than marrying for a lunch basket, the search for security and protection. Too many modern marriages are based on this.

# All-in Every Evening? Beware of Chronic Fatigue

Thousands of men and women who come home exhausted, nervous and irritable every evening are really victims of chronic fatigue.

Chronic fatigue is an unnatural tiredness—usually due to lack of sufficient organic iron in the blood. To conquer it you must restore this iron to your blood. For this purpose nothing equals organic iron—Nuxated Iron—which is like the iron in your blood and like that in spinach and lentils. It will not injure the teeth or disturb the stomach like old-fashioned mineral iron medicines.

Take Nuxated Iron for just 2 weeks and notice how much stronger and better you feel. Money back if not improved. At all good druggists.

Radicalism existing during the World War, which failed to vanish with the advent of peace, was described as assuming dangerous proportions at this time by Criminal Judge James A. Collins in a talk Monday night at the annual dinner of the Old Time Printers' Association at the Severin.
