

WEST REVOLTS AGAINST 'CHI,' SENATORS TOLD

At Least Ten States Are Up in Arms at City's Trade Domination.

Times Washington Bureau. 1322 New York Avenue. WASHINGTON, Jan. 22.—Chicago has an insurrection on her hands. At least ten Western States are up in arms, and James A. Ford, Spokane, Intermediate Rate Association secretary, appears leading the army. The West is tired of Chicago's trade domination, says Ford. He asserts the Windy City is behind the new move of western railroads, to obtain discriminatory freight rates which would allow them to haul goods more cheaply from Chicago to the Pacific Coast than from Chicago to inland cities along the same route. Chicago business men want these discriminatory rates. Ford contends, in order to prevent the Atlantic and Pacific coasts from benefiting by cheap Panama Canal transportation.

Panama Canal
"The Chicago market," he asserts, "is trying to drive the Panama Canal out of business with us in the intermountain country paying the bill. Chicago is asking that the New England people be driven out of the market and that the Panama Canal be driven out of the market, because the combination is offering her competition."
"Chicago has dominated the western coast market. With the return of transportation through the canal after the war, Chicago has discovered that an Atlantic coast competitor is able to get to the Pacific coast on a water rate that makes it difficult for Chicago shippers to compete. It has become not a question of taking certain goods that are now going by water and sending them by rail, but a question of driving goods that are now going by water out of the market and supplanting

them with goods from Chicago. That is the issue."

Before Senate
Ford, before the United States Senate Committee on Interstate Commerce, testified in behalf of the Gooding short haul bill which would prevent any railroad from charging less for a long haul than for a short haul of the same commodity.

He explained that rates now being sought by the western railroads would force Scranton, Iowa, 216 miles from Chicago, to pay the same freight rate as San Francisco, 1,885 miles farther away.

MILLICENT TALKS STAGE

Ned Wayburn Admits Parley With Wealthy Heiress.

By United Press. MIAMI, Jan. 22.—Millicent Rogers, estranged wife of Count Salm Von Hoogstraeten, is contemplating a stage career, on the word of local gossip. Rumors started when Ned Wayburn, nationally known dancing master, admitted that at a party at a Palm Beach night club, Millicent had discussed the possibility of a career on the stage. Wayburn refused to comment further. Refusal of Miss Rogers to affirm or deny the rumors strengthened the belief that she might seek footlight fame.

ARGENTINE GETS TASTE

Eight Bandits Rob Buenos Aires Bank; Kill One.

BUENOS AIRES, Jan. 22.—The Argentine capital had its first taste of North American banditry when

Tire Punctured 857 Times Leaks No Air

A new and amazing scientific puncture proof discovery has been perfected by Mr. O. S. Nelson, A-950 Logan Building, Mitchell, South Dakota, with which an automobile tire was punctured 857 times without loss of air. Makes all old as well as new tires puncture proof. It increases the mileage of tires enormously. Makes ordinary tire troubles go forever. Prevents tire changing. It is inexpensive. Mr. Nelson wants agents and is willing to send samples for demonstration at his own risk. Write him today.

eight masked robbers, armed with Winchester rifles, held up a suburban bank, killed one employee, wounded another and escaped with 40,000 pesos (about \$14,000). Police believe the bandits were inspired by a recent "Western" film.

NEW LAMP BURNS 94% AIR

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil). The inventor, J. N. Johnson, 609 W. Lake St., Chicago, Ill., is offering to send a lamp up on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month. Advertisement.
