

## EXPECT MILLION CATHOLICS WILL GO TO CHICAGO

First Eucharistic Congress in U. S. History to Be Held in June.

By United Press. CHICAGO, Feb. 3.—No less than 1,000,000 pilgrims from the four corners of the earth are expected to attend the twenty-eighth international eucharistic congress of the Roman Catholic Church here, June 20-24.

All the physical resources of Chicago's 240 Catholic parishes will be taxed to the utmost in handling the mammoth convention, in providing food and lodging, transportation to and from the centers of activity and chapel accommodations for the administration of the "blessed sacrament."

It is the first time in history that the eucharistic congress has been held in the United States and only the second time it has been held on this continent—Montreal being host in 1910.

The eucharistic celebration will end in a magnificent, ecstatic pageant at Mundelein, Ill., a village near Chicago, where the church maintains a seminary and extensive country retreat.

One of the high spots of congress will be a huge demonstration on Soldiers Field on Chicago's lake front, featured by a chorus of 50,000 children's voices singing sacred hymns and a mass. These children, all of them students in Chicago parish schools are rehearsing almost daily in group of from 500 to 5,000. They will not be assembled together however, until the day of the demonstration.

MRS. CARNEGIE SUES PARIS, Feb. 3.—Mrs. Thomas M. Carnegie Jr., nee Dorothy Duncan, has filed suit here for divorce from her wealthy husband.

## COUGH SCARED HIM INTO GOING WEST

On the way, he found Milks Emulsion. Health soon restored.

"A couple of years ago, I came under the Government's care, being a disabled soldier, and I reckon I have taken pretty near all the medicine that there is on the market. Finally I got scared and started west to find a dry climate, but as far west as I got was Indianapolis and Milks Emulsion.

"I gained 14 pounds on the first four bottles of your Emulsion. I do not give Indiana any credit for this because it is as damp there as it is in Maine, but I do give Milks Emulsion the credit for saving my life, strength and health. The cough and strength it soon relieved the serious cough that I had, and I improved so fast that it was not long until I was able to return home.

"Now I am feeling fine. I feed Milks Emulsion to both my babies and they are as fat as little pigs. T. Edgar Dighton, 20 Pine St., Portland, Me.

Milks Emulsion restores health, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food, thus building flesh and strength, which are Nature's only aids in conquering germs and repairing the effects of wasting diseases. This is the only solid emulsion made, and so potent that it is eaten with a spoon like ice cream. Wonderful for weak, sickly children. No matter how severe your case, you are urged to try Milks Emulsion. If not satisfied with results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. Sold by druggists everywhere.

Ocean-O Brought Color  
To Sick Boy's Cheeks

A man from Rochester, N. Y., walked into the Ocean-O office in December and said:

"I want to thank you personally for what Ocean-O has done for my boy in two weeks' time.

"He has always been pale and lacked sturdiness and strength, but after taking Ocean-O for two weeks the color has come to his cheeks, he is lively, has a good appetite and is better in every way than he has been for years."

Ocean-O is deep sea water, concentrated and distilled and contains the vitalizing mineral elements of pure, healthy blood. A teaspoonful in half a glass of water is usually enough; that's why a 10-ounce bottle lasts a long time. For weak, run down, anemic men, women and children, it is a blood, nerve and gland tonic and Hatz Drug Co. and all druggists are having a big demand for it. Get a bottle today with the understanding that if it doesn't help you to gain strength, vigor and vitality, you can have your money back.—Advertisement.

## Nervous Women Should Try This

Mrs. Lela Cook was nervous and short of breath for 13 years due to gas on the stomach. She tried the mixture of buckthorn bark, glycerine, etc. (known as Adierka) and it helped her at once.

Many people keep the OUTSIDE body clean but let their INSIDE body stay full of gas and poisons. Give the inside a REAL cleansing with the mixture of buckthorn bark, glycerine, etc. (known as Adierka). This acts on BOTH the bowels and the liver, and it is a powerful purgative and removes old matter which you never knew was in your system, and which caused sour stomach, nervousness, sleeplessness, headache, etc. Whenever you get too much heavy food, Adierka REMOVES the undigested stuff and leaves you feeling fine. OAS (Oxalic Acid Syndrome) is a disease which relieves GAS and takes away the pain. Adierka is the only medicine that moves every day. Adierka brings

## GRAND JURY TO BE GIVEN CASE

Detectives Say They Have Found Missing Typewriter.

Detectives today prepared for presentation to the Marion County grand jury evidence in the alleged love-murder plot between G. A. Clary, 70, of 20 N. Drexel Ave., and Mrs. Ruth Gippich, 26, of 3134 N. Illinois St., said to have schemed to kill Mrs. Gippich's husband, Lea, 25.

Clary is said to have attacked Gippich in the basement of the latter's home with a gas pipe, but Gippich wrested the pipe from Clary and struck him. The older man is at city hospital recovering from a fractured skull. Detectives Eugene Stein and J. White say they found, Tuesday night, the typewriter on which was written a note found in Clary's pocket. This note gave directions for the attack.

The typewriter was found at 517 N. Delaware St., the home of Mrs. Gippich's mother. Clary made a sworn statement admitting his part in the affair and implicating Mrs. Gippich. He said she wished to get insurance money to repay a debt she owed him. She refuted Clary's statement, though admitting she had borrowed money from him.

LONG MINE FIGHT SEEN

Negotiations to End Strike Broken Off Again.

By United Press. PHILADELPHIA, Feb. 3.—A grueling endurance test in the anthracite industry was forecast today as representatives of miners and operators returned to their homes following the breaking off of strike settlement negotiations.

Bitterness marked the attitude of both sides with their leaders planning to take to the hard coal fields educational campaigns in an effort to win support of public opinion.

## TAX BOOST FOR SHELBY HALTED

State Board Enjoined by Circuit Court.

By United Press. SHELBYVILLE, Ind., Feb. 3.—There will be no increased taxes for the farmers of Shelby County this year following the issuance of an injunction in Circuit Court here preventing the State tax board from putting a horizontal increase in property assessments.

In making his decision Judge Morrison ruled that "the only way money can be raised for support of government in Indiana after property has been assessed at its full value is to raise the rates."

The injunction issued by the court prevented local taxing officials from making the rates ordered by the board effective and prevents the tax board from boosting the assessment.

It is not known whether the tax board will appeal the case.

## EXPECT DIXON TO COME OUT

Think Cravens Will Not Seek Senatorial Nomination.

Announcement of the candidacy of Lincoln Dixon, North Vernon, for the Democratic long-term senatorial nomination was expected in political circles today, with reports that Joseph Cravens, Madison, had decided definitely not to heed friends' pleas that he run for the nomination.

Dixon and Cravens are close friends. Their friends seriously doubt that they would oppose each other in a nomination race. Though Dixon's announcement was expected any time, announcements of other probable Democratic candidates were not expected before the Democratic Editorial Association pow-wow Feb. 11 and 12.

A meeting of the Democratic State Committee will be held Feb. 11 to name a committee to draft committee's rules and discuss routine primary campaign affairs.

## BONDSWOMAN HAS OWN WAY

Collins Declares Appeal Bond Forfeited.

Even a woman can have her way in Criminal Court if she wants to pay the price, declared Judge James A. Collins Tuesday when he forfeited the \$200 bond for Willie Ford held in Danville, Ill., jail with Willie Carey, on vehicle taking charges. They are awaiting action of the grand jury which doesn't meet until March.

Mrs. Ella Sherrer, bondswoman for Ford, refused to pay a fine of \$89.50 for Ford, who appealed a drunk conviction. "You have your choice, pay the fine or forfeit the bond," said Collins.

"Well, I don't see why I should pay the fine," said Mrs. Sherrer. Collins declared her bond forfeited. James P. English, bondsmen for Ford, also on a drunk appeal paid the fine.

## BANDIT LOSES NERVE

Does Not Follow When Man and Wife Refuse to Stop.

A hold-up man evidently lost his nerve Tuesday night when Mr. and Mrs. Ruford Wade, 1139 Kentucky Ave., refused to obey his command. Wade said the bandit, who carried a gun, approached them at the Morris St. bridge over White River and demanded their money. Wade and his wife ignored the man and the bandit did not follow them.

## TABLET IS WATCHED

Police today kept careful watch on the bronze Memorial tablet, at Indiana Ave. and Sixteenth St., erected by the American Legion several years ago in honor of Col. Fredrick M. Galbraith, killed at that spot in an auto accident. Galbraith was National commander of the Legion organization at that time.

Police were told by the Marquette police that a railroad spike had been driven between the plate and stone in an effort to pry it loose. The tablet was stolen once, and wrecked once when struck by an auto.

## AUTO INJURES GIRL

Miss Helen Carrell, 16, of 2025 Laurel St., was injured about the legs and body today when she was struck by an automobile at Maryland and Pennsylvania Sts. Witnesses exonerated the driver, Robert Grizzell, 1436 Raymond St. Miss Carrell was taken home.

## Covered Bridges Still Remain in State

Indiana Historical Bulletin Discusses Old Wooden Structures.

"In spite of the fact that many of the old covered bridges in Indiana are being replaced by modern steel concrete structures, more than 100 of them remain in use," it is pointed out in the January bulletin of the Indiana historical bureau.

Although the covered bridge was not peculiar to Indiana, it is believed that more of them were erected in Indiana than in any other States of the union, because of the plentiful supply of timber here in the preceding century.

First in 1834

It is believed that the State's first covered bridge was one built at Dublin in 1834, which was razed several years ago and replaced by a modern steel structure. The abutment stone in the old Dublin bridge was of Bedford limestone, the supposition being that it was hauled overland 150 miles by oxen, since there were no railroads at that time.

Two of the best preserved wooden covered bridges in the State happen to be located in two of the most thriving smaller cities, Connersville and Rushville.

Paths for Pedestrians

The Rushville bridge is of a peculiar type, having fenced-in pathways on each side for pedestrians. One of the longest covered bridges in the State is at Metamora, a small town in the same section of the State.

Two years ago a modern structure was erected at Patoka, on the Evansville-Vincennes road, to replace a wooden bridge that had stood for more than seventy years. From time to time other structures that have stood as landmarks will give way to the lighter and stronger steel bridges, until the covered bridge will be a thing of the past.

## NINE SPEED ARRESTS

Other Charges Preferred Against Three of Those Taken.

Nine alleged speeders have been arrested during the past twenty-four hours, police said today.

Charles Bauman, 29, of 228 W. Twelfth St., is charged with operating a blind-tiger and speeding. Jesse McClure, 35, of 723 E. Tenth St., and Albert E. Rice, 22, of 2021 Prospect St., with speeding and assault and battery.

Phil Lewis, 28, of 2156 N. Pennsylvania St.; Thompson Abbott, 17, of 4338 College Ave.; Arthur E. Wilson, 41, of 282 S. Ritter Ave.; Fred Knoll, 19, Connersville, Ind.; O. J. Bokerman, 28, of 36 S. Chester Ave., and Paul Blake, 19, of 6512 Ferguson Ave., were charged with speeding.

## To End Severe Cough Quickly, Try This

For real results, this old home-made remedy beats them all. Easily prepared.

You'll never know how quickly a bad cough can be conquered, until you try this famous old home-made remedy. Anyone who has coughed all day and all night, will say that the immediate relief given is almost like magic. It is very easily prepared, and there is nothing better for coughs.

Into a pint bottle, put 2½ ounces of Pinex; then add plain granulated sugar syrup to make a pint. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, the full pint saves about two-thirds of the money usually spent for cough preparations, and gives you a more positive, effective remedy. It keeps perfectly, and tastes pleasant—children like it.

You can feel this take hold instantly, soothing and healing the membranes in all the air passages. It promptly loosens a dry, tight cough, and soon you will notice the phlegm thin out and disappear. A day's use will usually break up an ordinary throat or chest cold, and it is also splendid for bronchitis, croup, hoarseness, and bronchial asthma.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, the most reliable remedy for throat and chest ailments.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

## Rupture Kills 17,000 Annually

Seventeen thousand persons over forty years of age each year are laid away—not to speak of countless others below that age—the burial certificate will be marked "Rupture." Why? Because the rupture (hernia) once laid, it is almost impossible to cure. It is a deadly disease, and has been merely taking care of the sign (swelling) of the affliction and paying no attention to the cause. What are you doing? Are you neglecting yourself by wearing a truss, appliance or whatever name you choose to call it? At best, the truss is only a makeshift—a false prop against the rupture—and cannot be expected to act as more than a mere mechanical support. The binding pressure retards blood circulation, thus robbing the weakened muscles of that which they need most—oxygen.

But science has found a way, and all truss sufferers in the land are invited to make a trial of the PLAPAO method. The PLAPAO method is unquestionably the most scientific, logical and successful self-treatment for rupture the world has ever known.

The PLAPAO PAD, when adhering closely to the body cannot possibly slip or shift out of place, therefore cannot chafe or pinch. Soft as velvet—easy to apply—completely invisible. It is a new method for rupture the world has ever known.

Learn how to close the hernial opening as nature intended so the rupture CAN'T come down. Send your name today to PLAPAO CO., 24 Stuart Ridge, St. Louis, Mo., for FREE trial PLAPAO and instructive information.—(c)P.L.A.—Advertisement.
