

# CITY SMOKE BATTLE PUT UP TO ALL

Pollution of Air Can Be Done  
Away With, Say Crusade  
Leaders—Inspector Tem-  
pleton Aided by Club  
Women in Fight.

The smoke question is entire-  
ly up to the public. When In-  
dianapolis people really wish to  
stop pollution of the air, it will  
cease.

That was the opinion today of  
leaders in the anti-smoke  
crusade now in progress.

One misconception that must be  
removed is that smoke means in-  
dustrial prosperity, according to H.  
F. Templeton, city smoke inspector.  
Templeton prefers to educate  
owners of factories and furnaces,  
rather than to take full advantage  
of penalty clauses in the new smoke  
code.

**Teeth to Provisions**  
He said recent court cases, how-  
ever, have afforded local precedents  
demonstrating that there are teeth

## I SLEEP BETTER

Says Illinois Man, Disturbed Rest Is  
One of Nature's Danger Signals.

C. E. Hodges, Upland, Ill., says, "Lith-  
iated Buchu relieved me of a bad case  
of bladder irritation. I sleep nights  
and am better in day time. It has also  
helped my wife. I will tell or write  
my experience to any one. Lithiated  
Buchu acts on bladder as epson salts  
do on the bowels. Drives out abnor-  
mal deposits and neutralizes excessive  
acids, thereby relieving irritation. The  
tablets cost 2 cents at leading drug  
stores. Keller Laboratory, Mechanics-  
burg, Ohio. Locally at Hook Drug Co.

## Childbirth

THOUSANDS of mothers for  
over three generations have  
praised Mother's Friend for relieving them  
of unnecessary pains during expectancy.  
"Everyone was surprised how well I  
got along," writes Mrs. Alfred E. Am-  
mon, Muncie, Ind. "My pains disappeared  
after using Mother's Friend and I was  
sick only an hour and a half at baby's  
birth."  
Mother's Friend is the formula of an  
eminent physician. It is made from a  
combination of highly refined oils and  
other wonderful ingredients and is for  
outward application. Mother's Friend  
sides the skin and causes to expand more  
easily during the constant readjustment  
of expectancy, month after month, right  
up to childbirth.  
Mother! Insist on Mother's Friend—the  
same as used by our mothers and  
grandmothers—don't wait—start using to-  
night—and meanwhile write Bradford  
Regulator Co., Dept. 33, Atlanta, Ga., for  
free valuable booklet "Motherhood and the  
Coming Baby" (sent in plain envelope).  
It tells how Mother's Friend can help you  
during expectancy and at childbirth. This  
booklet also tells you many other things  
you want to know. "Mother's Friend"  
is sold by all druggists—everywhere.

## All-in Every Evening? Beware of Chronic Fatigue

Thousands of men and women who  
come home exhausted, nervous and  
irritable every evening are really vic-  
tims of chronic fatigue.

Chronic fatigue is an unnatural tired-  
ness—usually due to lack of sufficient or-  
ganic iron in the blood. To conquer it,  
you must restore this iron to your  
blood. For this purpose nothing equals  
organic iron—Nuxated Iron—which is  
like the iron in your blood and like  
that in spinach and lentils. It will not  
injure the teeth or disturb the stom-  
ach like old-fashioned mineral iron  
medicines.

Take Nuxated Iron for just 2 weeks  
and notice how much stronger and bet-  
ter you feel. Money back if not im-  
proved. At all good druggists.

to smoke law enforcement provi-  
sions available for use.  
One of the most effective organiza-  
tions to arouse public sentiment has  
been the club women of Indianapolis,  
who have formed a smoke abate-  
ment committee. Under Mrs. J. W.  
Moore, chairman, these women have  
taken steps to form the Indianapolis  
Smoke Abatement League, similar to  
the league in Cincinnati.  
"Through effective smoke abate-  
ment, factory owners may save  
thousands of dollars in fuel bills,"  
Templeton said. "The Indianapolis  
school board installed smoke-con-  
suming devices and in the first year  
of their use reduced their coal bill  
\$30,000."

**50 Per Cent Squandered**  
"Michael Silbernagel, Cincinnati  
League superintendent, a visitor  
here recently, estimated 50 per cent  
of fuel used now is squandered. He  
said 25 per cent of this could be  
saved through proper smoke con-  
trol."

Templeton said it will be impos-  
sible to eliminate entirely smoke  
from the atmosphere, but that its  
proportion may be curtailed con-  
siderably.

The campaign will not work hard-  
ship upon factory owners, for there  
will be no attempt to compel changes  
in equipment amounting to thou-  
sands of dollars, he said.

Experience has proved that a few  
simple changes in furnaces, with  
sensible firing, will bring about the  
result desired, Templeton asserted.

**Committees Named**  
Mrs. O. C. Lukenbill, chairman of  
the invitations for a special smoke  
abatement committee luncheon Feb.  
11 at the Columbia Club, at which  
Osborn Monnet of the United States  
Bureau of Mines will speak, has an-  
nounced as her committee: Mes-

reservations for the luncheon, an-  
nounced as her committee: Mes-

## STARTED BANDIT HOLD-UP CASE

(Continued From Page 1)

finish the payments on that car,"  
the youthful bandit said ruefully.

Carr insists that he never had  
been a bandit until he came here.  
He arrived in Indianapolis Dec. 23,  
to visit his brother, Ray Carr, 658  
Coffey St., coming from Detroit,  
where he had been a metal finisher.

Of the \$250 which he brought from  
Detroit, \$150 went for a first pay-  
ment on an automobile. He had  
brought a revolver, belonging to his  
uncle, from Michigan.

His first hold-up was at the drug  
store of Harry Danzinger, St. Clair  
St. and Senate Ave., on Jan. 22.  
Danzinger being relieved of \$70.  
Then Jan. 30 he held up the H. F.  
Pierle drug store, 408 Pine St., se-  
curing \$55.

Detectives think Carr is experi-  
encing in banditry. They point out  
that at each drug store he ordered  
a prescription and then pulled his  
revolver and ordered the druggist to  
act naturally.

Through the license number, pic-  
tures and papers left in the new  
auto in front of the Fritz drug store,  
Lieut. Ralph Dean, Sergts. McClure  
and Hudson and Detectives Young  
and Fossatti traced Carr to the home  
of a girl. When he came in with  
Emil Parisi, 20, of 129 Cook St., of-  
ficers took them into custody, charg-  
ing Parisi with vagrancy, under  
\$10,000 bond.

Carr, however, said no one as-  
sisted him.

"I was intending to make that one  
last night my last one," he said.  
"I'd decided to stay here, get a job  
and work."

Pictures and Bertillon measure-  
ments of the youth have been sent  
to Detroit, Toledo, Ohio and other  
large cities with the hope of obtain-  
ing information, according to Capt.  
Jerry Kinney.

pany.

## She Could Never Have Done It With

Piles! Bless the American girl who has  
glorified sports! She makes a pretty pic-  
ture in the water, and is a plucky swim-  
mer, too. Piles are unthinkable for active  
women. If you have them, you ought to  
know this simple thing to do!

At any hour or moment that you have  
the least distress or discomfort from piles,  
use a simple Pyramid pile suppository—  
and so happily on your way! The worst  
hemorrhoids respond at once to the soothing  
suppository applied in perfect privacy.  
But bear the name in mind: Pyramid is  
the only one he will sell his name. Pyramid  
is marvelous. Why suffer another single  
half-hour with painful piles?

Sixty cents the box, the world around. But  
for proof, a free box plainly wrapped will be sent  
those who write Pyramid Drug Co., 200 Pyra-

## MANY FRIENDS AID IN SEARCH FOR TALL BODY

Finish 'Wiring' of River—  
Official Missing for  
Nine Days.

Clinging tirelessly to the theory  
that the body of H. Houston Tall,  
50, of 48 W. Thirtieth St., assistant  
city park superintendent, is in  
White River, police, augmented by  
the entire parks force, today started  
their sixth day of dredging opera-  
tions below the College Ave. bridge  
in a systematic hunt for the man,  
missing nine days.

Many friends and dozens of volun-  
teers, spurred on by the \$500 reward  
posted by Tall's relatives, aided.

Workers completed "wiring" the  
river, on the trotline principle, with  
eight strands of barbed wire at the  
Sixty-Fourth St. bridge.  
A cable was stretched from bank  
to bank to keep dragging boats in  
place, that every square foot of the  
river bottom might be searched.  
Swift current made grappling opera-  
tions difficult.

Since the hunt started Friday  
after finding Tall's automobile on  
the river bank at Wardleigh beach,  
100 yards west of the north end of  
the College Ave. bridge, searchers  
found a woman's set of false teeth  
and hooked a matted clump of hu-  
man hair, which corresponds with  
the color of Tall's hair.

Superstitions that bread, loaded  
with quicksilver, and clothes of a  
drowned person will be attracted to  
their body if floated on the water,  
were blasted by trials.

Harrison was directed to report

specifications at this time; Dr.  
Schweitzer on the law as regards  
school ventilating systems, and the  
other two members on the differences  
and similarities of the direct-in-  
direct system as contrasted to the  
unit system.

## Investigate Shortridge

The subcommittee was instructed  
to ascertain whether the new school  
board was showing favoritism in the  
drafting of specifications for the  
ventilating systems at the new  
Shortridge High School and School  
78.

"This investigation in no way is  
meant as a reflection upon the  
school commissioners or on Mr.  
Shipp, but we're anxious to find out  
about affairs," Millet said.

## GOODRICH POOL FINAL EVIDENCE GIVEN IN COURT

Findings to Be Presented to  
Judge—Carter Makes  
Resume.

Final evidence in the James P.  
Goodrich \$350,000 pool hearing in  
Federal Court was given today and  
Solon J. Carter, special master in  
chancery, gave a lengthy resume of  
the evidence as presented to him.

The hearing was to determine  
whether the pool fund should be  
turned over to the creditors of  
former Governor Warren T. McCray,  
through his trustee in bankruptcy,  
R. Earl Peters, Ft. Wayne.

Findings in the case will be pre-  
sented to Judge Robert C. Baltzell  
by Carter within two weeks, he in-  
dicated. Attorneys can file briefs  
during that time and bills of excep-  
tions for twenty days after the find-  
ings are reported.

Carter attempted to point out that  
certain witnesses implied that if the  
money was not raised McCray, the  
State of Indiana and the Republican  
party would have been embarrassed.  
Attorneys for both parties objected  
and the section concerning the party  
was ruled from the records.

vance, or for one year in advance,  
why could it not contract with him  
for fifteen or twenty-five years?"

Rucker withheld direct accusation  
of fraud from the former board of  
works, but asserted:

"Without any reproach as to  
the good personnel of the late  
board, the facts would seem to  
justify the belief that through too  
great a solicitude for friends or  
by reason of pressure the board  
innocently entered into a contract  
harmful to the public weal and  
purse and thereby to that extent  
were neglectful of official duty.  
We trust that we have so guard-  
ed this statement that we not be  
misunderstood. This office has  
nothing but the highest respect  
for the integrity of the members  
of that board."

Succeeded by Maxwell Droke as  
President of Advertising Club.

Resignation of Blaine McGrath as  
president of the Indianapolis Adver-  
tising Club was announced today at  
luncheon at the Claypool. Maxwell  
Droke, advertising writer, Continen-  
tal Bank Bldg., succeeded McGrath.  
McGrath, an Indianapolis resident  
for twenty years, was president a  
year and a half. He formerly was  
managing editor of The Times.  
He will leave Feb. 15 for Orlando,  
Fla., to assume management of the  
Hanson Advertising Agency with a  
view of acquiring it, ultimately,  
closing his publicity offices, 804  
Kahn Bldg.

## LAWYER IN JAIL FOR CONTEMPT

Supreme Court Charges  
False Statements.

Supreme Court today ordered  
Benjamin Rose, an attorney, 1920 E.  
Washington St., be taken to county  
jail and held until Friday when  
charges of contempt will be heard  
against him.

Rose is charged with making  
fraudulent statements to gain ad-  
mission to practice before the higher  
court. He was ordered to surrender  
his certificate, but resigned instead  
and told friends he would retain the  
certificate for use in Europe.

## MRS. MARY FOSTER DIES

Mrs. Mary Irwin Foster, 52, an  
Indianapolis resident for sixty years,  
died at the home of her son-in-law,  
former Prosecutor Frank Baker, 1635  
Woodlawn Ave., early today. Mrs.  
Foster had been an invalid five  
years. She was born in West Vir-  
ginia.

She is survived by two daughters,  
Mrs. Baker and Miss Sarah Foster,  
and one son, John Baker, Beech  
Grove.

Funeral services will be held at  
the Baker home Friday at 2 p. m.  
Burial will be made in Crown Hill  
cemetery.

## GAS PRICE GOES UP

Gasoline and kerosene sold 1-cent  
a gallon higher off tank wagons and  
at filling stations in Indianapolis to-  
day, all oil companies following the  
lead of the Standard Oil Company,  
directors of which voted the boost  
Wednesday, because of higher crude  
oil prices. Low test gas was quoted  
at 22.2 cents a gallon, and high  
test at 25 and 26 cents.

More Lives Also Reported Lost in  
Storms at Sea.

By United Press

NEW YORK, Feb. 4.—The At-  
lantic seaboard today lay cloaked in  
a thick blanket of snow while gales  
of high velocity took new toll at sea.

During the night six men are be-  
lieved to have lost their lives off  
the New Jersey coast when two  
barges were torn from a tow line.  
Other coastal shipping was in dis-  
tress while far out in the Atlantic  
the Furness freighter Manchester-  
Producers reported trouble.

Snow has fallen continuously in  
New York since yesterday afternoon.

## When Winter Comes

The city has called out 10,000 extra  
men to clear the streets.  
The barge Phoenix and Vapor of  
the Howard Towing Company,  
slipped their tow line in a seventy-  
mile gale off Scott lightship. The  
seas writhed the seams of one  
barge, which sank immediately. The  
other was found grounded near  
Sandy Hook with no sign of her  
crew.  
A railroad barge, probably without  
a crew, was thrown on to the beach  
at Ashbury Park, N. J. An empty  
life boat, wave battered came ashore  
near Sandy Hook.

## FOLEY'S HONEY AND TAR FOR COUGHS AND COLDS

When it's your favorite table at  
the restaurant—and with merry friends  
you chatter and feast in festive revel  
—have a Camel!

WHEN you sumptuously dine at your favorite  
cafe. And with joyous talk and laughter you  
taste the tempting things of earth. When with  
lilting strains of music and the primest of fine  
foods you feast your friends joyfully—then  
how welcome is that friendly saying, "Have  
a Camel!"

For Camel goodness heaps added zest to  
every festive dinner, shares of its own joyous  
taste with every delicious flavor. Camels never  
tire the taste or leave a cigaretty after-taste,  
because they are the master blend of the choicest  
tobaccos grown. Regardless of price, no other  
cigarette made is so rich and fragrant, so smooth  
and mellowly mild as Camel.

So this night as the famed restaurant grows  
gay with the sounds of merry-making and rev-  
elry. As you claim your own rightful share of  
the bright joys of living, taste then the flavor,  
the mellow fragrance of the finest, cheeriest  
cigarette ever made.

Have a Camel!

Our highest wish, if you do not yet know  
Camel quality, is that you try them. We  
invite you to compare Camels with any  
cigarette made at any price.
