

# 'OPEN SHOP' IN INDIANAPOLIS IS DISCUSSED

Annual Report Will Be Presented to Associated Employers.

"Strikes," in Indianapolis, "are infrequent and threatened strikes generally are suppressed before they occur," according to the annual report of Secretary A. J. Allen of the Association of Employers of Indianapolis which will be presented Wednesday night at the association's annual meeting, at the Athenaeum.

"Indianapolis is more than 90 per cent open shop in all departments of business, industry and employment today, except the building and printing trades," the report says.

Less Than 7,000 Unionists  
"Less than 7,000 unionists are said to be represented in the local Central Labor Union, out of a total city population of about 365,000," the report states.

Allen's report says the "cleaning up of conditions," of the past is necessary "if we are to sell Indianapolis to new industries," because "we must first dispel erroneous impression abroad that Indianapolis is the home of unionism simply because it happens to be headquarters of eight international labor unions."

Directors Chosen  
Allen has announced results of a mail vote on directors. New directors elected were: G. M. Williams, Marmon Motor Car Company; A. M. Glossbrenner, Levey Printing Company; Howard T. Griffith, The Udeli Works; W. S. Harding, G. and J. Tire Company; Fred Hoke, Holcomb and Hoke Mfg. Company; Oscar E. Lewis, Indianapolis Casket Company; W. D. Hamerstadt, Rockwood Mfg. Company; E. C. Weir, Brown Bros.

George E. MacLain, Boston, widely known economist will address the association on "England's Industrial Downfall and Its Lessons to the United States."

## CITY OFFICIALS INDICTED

Four G. O. P. Leaders Face Primary Election Charges.

By United Press  
CONNEVILLE, Ind., Feb. 9.—Four Republican leaders of Connersville today faced grand jury indictments for alleged irregularities in the primary election a year ago.

The four: Mayor A. C. Carter, J. A. Coe, Republican city chairman; J. E. McFall, member of the council; and William Frank, a party worker, are charged with removing absent voters' ballots from the office of the city clerk.

The grand jury investigation which resulted in the indictment was started last month.

## RHEUMATISM PAINS ARE NOW IN SEASON

Says glass of Salts helps to overcome Rheumatism acid

Rheumatism is easier to avoid than to cure, states a well-known authority. We are advised to dress warmly, keep the feet dry, avoid exposure, and above all, drink plenty of good water and avoid eating sweets of all kind.

Rheumatism is caused by body waste and acids resulting from food fermentation. It is the function of the kidneys to filter this poison from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of impurity. In damp and chilly cold weather the skin pores are closed, thus forcing the kidneys to do double work; they become weak and sluggish and fail to eliminate this waste and acids, which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain, called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is helpful to neutralize acidity, remove waste matter, also to stimulate the kidneys, thus often ridding the blood of rheumatic poison.

Jad Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with lithia, and is used with excellent results by thousands of folks who are subject to rheumatism.—Advertisement.

## RADIO SURVEY STARTS TONIGHT

Scientists Turn to Squeaks and Squawks.

By United Press  
EVANSVILLE, Ill., Feb. 9.—Scientists of Northwestern University have turned their attention to the squeaks and squawks in radio.

Through a series of tests extending to observers at 3,356 points throughout the United States they hope to determine how radio reception—fading and static—is affected by atmospheric conditions.

Once this scientific data is compiled the experts believe they will be able to forecast good and bad radio nights the same as the meteorologists forecast storms.

What are the effects of storms upon the radio? What are the problems presented by transmission parallel with or at right angles to the major rivers and mountain ranges of the continent? These are two of the qualitative problems the research will attempt to answer.

Tabulation of the results is in charge of Dr. Lester Bockstahler. The survey begins tonight between the hours of 8 and 11 p. m.

All colleges, high schools and amateur radio fans participating have been supplied with cards on which they are to record at five-minute intervals the nature, occurrence and duration of static, fading, atmospheric conditions and the presence or absence of moonlight.

## SHOT IS ACCIDENTAL

Florist in Serious Condition at Hospital From Wound in Leg.

George Pandell, 22, of 906 S. Noble St., florist, is in a serious condition at St. Vincent's hospital suffering from a bullet wound in his right leg.

According to Detectives Allen and Young, Pandell received the wound when a revolver fell from his pocket and accidentally discharged in Pandell's summer cottage at Ravenswood. # DUNGAN SEEKS STATE COURT POSITION AGAIN

Clerk, Democrat, Announces Candidacy for Re-election.

Zachariah T. Dungan

Announcement of his candidacy for re-election next November was made today by Zachariah T. Dungan of Huntington, clerk of the Indiana Supreme and Appellate Courts.

During the four years Dungan has been clerk of the Indiana courts he has won wide praise for the efficiency with which he has handled the important work. It is anticipated by Dungan's friends that his nomination at the Democratic State convention this June will be obtained without opposition.

## Born in Log Cabin

Dungan was born in a log cabin in Huntington County Dec. 7, 1859. Following graduation from the Danville Normal School he taught in the rural schools nine years. On becoming of age he was admitted to the bar and practiced law several years. He served two terms as mayor of Huntington and for two years he was United States commissioner under Federal Judge John D. Baker.

In 1901 Dungan was chosen attorney and claim agent for the Washburn Railroad, in which position he has served continuously, with the exception of the three years he has been clerk of the State Supreme and Appellate Courts.

## Has One Son

He is a member of the Methodist Church, the Elks and the I. O. O. F. He is married and has one son, Harry O. Dungan, cashier of the Armstrong Steel Castings Company.

In his race for the office three years ago, Dungan defeated Patrick J. Lynch of Newcastle, who was up for reelection, by a plurality of 45,989 votes.

## NEW SOCIAL CODE

Liquor or Petting Parties No Longer Naughty?

By United Press  
NEW YORK, Feb. 9.—A new social code for women has gone before the appellate division of the Supreme Court. It was filed in opposition to the appeal of Thomas H. Simington, wealthy manufacturer and sportsman, from the verdict of a jury which found Mrs. Simington innocent of misconduct as charged in her husband's suit for divorce.

Modern standards condone conduct in a woman which would have been in violation of marital obligations years ago, according to Max Steur, counsel for Mrs. Simington. Cocktail parties, petting, short skirts, smoking, dancing, paint and powder are no longer cause for social ostracism, he said.
