

PERFECT NEW TYPE ENGINE

Former Local Inventor Has Novel Device.

A new type of engine, propelled by one of the world's greatest motor forces, has been invented by Gilson W. Roth, 57, of Brown County, according to H. L. Miller, business associate.

The new engine which operates without fuel, can be made any size desired.

Miller says Roth is successfully operating two engines in his shop. They work on the same principle as perpetual motion.

Roth hopes to sell the model. He

BLACK-DRAUGHT FOR 25 YEARS

Texas Hotel Proprietor Tells How This Medicine Relieved His Dyspepsia and How He Has Continued to Use It.

"I have used Black-Draught for 25 years and keep taking it once in a while when I need medicine," says Mr. A. C. Whittle, proprietor of the Whittle Hotel, DeKalb, Texas. Mr. Whittle has been a well-known citizen of Bowie County for a great many years, although coming originally from Dalton, Ga.

"I began taking Black-Draught for indigestion," says Mr. Whittle, "and a tight, close feeling in my chest. I had this trouble about two years. I finally read of Black Draught and began taking it and soon I was rid of the trouble."

"No one knows what I suffered. Even water would come back. I could eat such a little. Black-Draught helped me, so I could eat most anything."

"I took it a year or so and then left it off and after a while I had a return of this dyspepsia and sour stomach. I went back to Black-Draught and was relieved again and have never entirely left it off since. I think it is a splendid liver medicine."

Mr. Whittle would not have continued to take Theodor's Black-Draught consistently for 25 years if it had not benefited him. Other persons in great numbers have told how Black-Draught has been used in their families over long periods of years—in many cases for several generations.

Theodor's BLACK-DRAUGHT LIVER MEDICINE

does not plan having it patented because "it is no protection," said Miller.

Roth, who invented the first multiple cylinder gas engine in 1895 in a machine shop on Kentucky Ave., has invented numerous devices, according to Miller.

Roth, a former railroad fireman, conceived the idea of a multiple cylinder engine, while shoveling coal on a locomotive. He said a belief power could be obtained with less work, led to the invention.

For Head Colds

THERE are many ways to treat a cold in the head, but only one DIRECT way, and that is with vapors that can be inhaled.

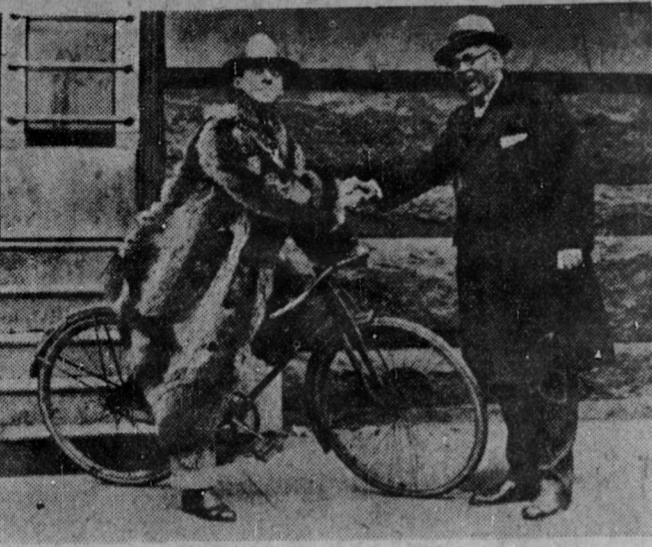

The easiest and most satisfying way to get these vapors is to snuff a little Vicks VapoRub well up the nose, or melt a little in a spoon or tin cup and inhale.

The medicated vapors reach immediately into every corner of the air passages, soothing and healing with every breath.

For other forms of cold troubles just rub Vicks over the throat and chest at bedtime. It is then the body heat which releases these vapors.

Eddie, Well Again, Is in Town

Eddie Cantor and A. F. Miller

Here is proof, visible proof, that Eddie Cantor is in Indianapolis. He closed his big Chicago run in the show "Kid Boots," because of competition—illness. He is now full of pep and everything, as he says.

He was only in this city four hours until he "squandered" money—he bought a new tie and a bag of peanuts. A. F. Miller, manager of English's greeted Cantor on his arrival at Union Station.

Cross Husbands Often Victims of Chronic Fatigue

Many a wife thinks that because her husband is always cross and irritable, criticizing and complaining, that he does not love her any longer or is working too hard—when in most cases he is really suffering from chronic fatigue.

Chronic fatigue is an unnatural tired feeling—usually due to lack of sufficient organic iron in the blood. Nuxated Iron, which contains true organic iron like that in the blood and in spinach and lentils, quickly restores this iron and banishes chronic fatigue. It gives new strength and energy in 2 weeks or money back. Will not injure teeth or disturb the stomach like mineral iron. At all good druggists.
