TAX BRINGS BIG SUM

Gasoline Revenue for Year Estimated at \$7,500,000.

Approximately \$7,500,000 will have been raised by Indiana's 3-cent gasoline tax during the year ending Feb. 28, 1926, it has been estimated by Archie N. Bobbitt, State gasoline tax collector. An exact computation of the year's proceeds, however, cannot be made until later.

Two of the 3 cents raised on each gallon of gasoline goes to the State highway commission for road building. This will total about \$5,000,000. The other cent's proceeds, about \$2,500,000, will be distributed among the various counties, cities and towns on the basis of their relative population.
