

BETTY AGAINST SHOOTING SHEIK

Tells How Durkin Supplied 'Loves' With Fur Coats.

By United Press
CHICAGO, Feb. 24. — Martin Durkin, Chicago's "shooting sheik" has lost the affection of Betty Werner, the city sweetheart whom he jilted to marry Irma Sullivan. Betty, who at first said she would forgive Marty for his unfaithfulness and would testify in his defense, changed her mind and has lined up with the State in the prosecution. This was first definitely revealed when she testified against Durkin's mother, Mrs. Hattie Durkin, who with another woman is accused of receiving fur coats stolen by Marty in Hollywood.

OPINION ON PARKING

Attorney Says Obscuring View by Freight Cars Is Law Violation.

Parking of freight cars by railroad companies to obscure the view for motorists is a violation of existing ordinances and arrests should be made by policemen.

That is the view of Donald Roberts, assistant city attorney, who investigated following a report from Traffic Inspector Walter White. Many accidents have resulted from cars obscuring the view, police say.

GAINED 60 POUNDS IN A FEW WEEKS

Cough was getting the best of him until he tried Milks Emulsion.

"I had a chronic cough for a long time, in fact, it was getting the best of me. I could not find anything that would do me any good. A friend recommended Milks Emulsion. The third bottle cured the cough completely, made me healthy and well and I feel like a new man. Before taking your Emulsion I was down to 125 pounds and now I weigh 185 pounds. It doesn't seem possible that 3 bottles of medicine would cause a man to gain 60 pounds but it is a fact."—Wm. Gilton, R. F. D. No. 4, Chuckey, Tenn.

Milks Emulsion restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food, thus building flesh and strength, which are Nature's only aids in conquering germs and repairing the effects of wasting diseases.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Wonderful for weak, sickly children.

No matter how severe your case, you are urged to try Milks Emulsion. If not satisfied with results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. Sold by druggists everywhere.

"Jackson is too smart to become a candidate," said Coffin today. Anti-Wilson forces, meanwhile, are desperate for a senatorial candidate of the Watson caliber and there is an opinion current that they may await the election contest in their effort to crucify Indiana's senior Senator.

The Business of Eating and the Fine Art of Dining

Henry VIII, lusty old monarch, believed in efficiency when it came to eating. He devoured his red beef with vigor—and with his hands.

Since Henry's heroic era the business of eating has become the art of dining, and most of us realize the importance of environment.

Entering into our fifth year of business, The Russet Cafeteria has made many improvements in equipment and appointments. The dining room is unique in its decorations. It is cheery and comfortable, yet dignified. It creates an impression visitors never forget.
