

MINERS TO SUE UNION; ALLEGE MARCH UNFAIR

Cooperative Workers to Ask \$100,000 Damages for Shaft Attack.

By United Press
EVANSVILLE, Ind., March 2.—Twenty-four miners, employed in a cooperative venture at the John Bull shaft, near Booneville, today prepared to sue Tyler G. Lawton, president of District 11, United Mine Workers and other union officials, for \$100,000 damages.

They allege union miners marched on their mine in their campaign to unionize southern Indiana fields and caused injuries, loss of business and time, estimated at \$100,000. Suit will be filed Thursday or Friday, either in Warlick County Circuit Court or in Federal Court, according to Lon Shaw, mine manager. The miners are awaiting outcome of the grand jury investigation of the union invasion, which opened today.

Shaw said he did not understand why his mine was attacked as the men held union cards and were working cooperatively under union contract.

INSPECTOR WILL SPEAK
"In Hell He Lifted His Eyes," is the subject Harry Davis, fire prevention inspector and former minister will talk on at the Heath Memorial M. E. Church, Sunday night. Police and firemen have been invited.

GOOD HEALTH NECESSARY

Many Busy Women Owe Their Health to Lydia E. Pinkham's Vegetable Compound

Fifty years ago there were few occupations for women. Some taught school, some did housework, some found work to do at home and a few took up nursing.

Today there are very few occupations not open to women. Today they work in great factories with hundreds of other women and girls. There are also women architects, lawyers, dentists, executives and legislators. But all too often a woman wins her economic independence at the cost of her health.

Mrs. Elizabeth Chamberlain who works in the Unionall factory making overalls writes that she got "wonderful results" from taking Lydia E. Pinkham's Vegetable Compound. Mrs. Chamberlain lives at 500 Monmouth St., Trenton, N. J. She recommends the Vegetable Compound to her friends in the factory and will gladly answer any letters she gets from women asking about it.

'Gang' Blamed By Boys for Downfall

Three Charged With Auto Thefts Say They Can Go 'Straight' Alone.

THE neighborhood gang, an institution that has existed almost as long as there have been boys, is blamed by three youths held in city prison on vehicle taking charges, for their downfall. They are members of a gang of five arrested recently by Detectives Lansing and Maas.

Maurice Doody, 17, of 1533 Sualcy St.; Lloyd Wisniewski, 17, of 1929 W. New York St.; Delwin Warren, 18, of 1927 W. Vermont St.; John Studdenbenz, 17, of 1640 W. Market St., and Joe Walsh, 17, of 323 N. Elder Ave., are alleged to have stolen thirteen parked autos and to have used them for joy riding. Warren is out on bond. Two fifteen-year-old girls are said to have shared the thrills with the young swains.

Boys With Nerve
"Whenever you place together a group of boys who have nerve they likely will get into trouble," Walsh explained, rousing himself after spending a night in the jail.

"All the boys in our neighborhood would be here with us if they had the nerve," he continued. "A harmless gang that plays marbles, baseball and other sports, grows up in a neighborhood. Then comes night-fall, with many opportunities for other pleasures, not so harmless. One of our boys had an auto key, so we took a joy ride in an auto parked near by. It was easy, and we continued, night after night."

One Car Wrecked
Walsh, a high school lad who works after school, is bright and clever speaking.

One of the stolen cars was wrecked and the others deserted, the youths said. They expressed sorrow that the girls had been implicated. Walsh, Doody and Studdenbenz said that they had decided to disband the gang, after talking it over in jail.

"All the judge has to do is give us a chance," Doody said. Walsh and Studdenbenz said they had "the future well planned."

If they are released in court, they plan to "go it straight" alone.

For, as Walsh said, "Take it from me, brother, I am as honest as can be when I am alone, and from here on I am playing a lone hand."

NO CLEW TO THEFTS

Diamonds Valued at \$1,900 Reported Stolen by Local Persons.

Detectives today had no clews to the thieves who stole five diamond rings and a wrist watch valued at \$1,900 from two local persons.

Last of Gold Rush Veterans Dead

By United Press
EVANSTON, Ill., March 2.—Several years ago George W. Hotchkiss called a meeting of all the original "Forty-Niners" men who took part in the California gold rush in 1849.

Sixteen veterans gathered. It was Hotchkiss' idea that one of the number would deliver a brief eulogy at each successive grave.

There will be no eulogy over Hotchkiss' grave. The sixteen are dead. Hotchkiss died last night—the last of the "Forty-Niners."

Figures in Indiana 'Worldly' Trial

Clyde Martin, former high school principal at Palmyra, Ind., may concede one point to the Church of Christ deacons who unsuccessfully tried to evict him Saturday for "recreational heresy." He may dispose of a slot machine that sells chewing gum. But his team will continue to play basketball in the community house which he built. These pictures were taken at his trial. At the left, above, is Charles Ellis, elder who brought the charges against Martin; below is William Boston, who presided at the trial. At the right, B. B. Boston, his brother and editor of the town's only paper, is carrying a huge Bible to the church, which was used in the testimony against Martin.

RACE WITH ROPE LOST BY FATHER

Famous Spy Fails to Reach Prison to See Doomed Son.

By United Press
LONDON, March 2.—Bombardier John Lincoln died on the scaffold today as a murderer, while his father, Trebitsch Lincoln, war-time spy, still hurried to the prison for a last word with his condemned son.

When the soldier son was placed in the death cell, the father, once a member of parliament, later a German spy and barred from England as a traitor, was restored to Britain to the honorable status of the father of a British soldier. The father left a monastery in Colombo, where he had sought retirement, and started his desperate race to England.

Despite the fact that John Lincoln was a bandit-murderer, the war office here and other Government departments cooperated to assist the father in reaching the prison. Even a plane or an auto would have been given him if he had landed in England last night.

But now that the son is dead, the father has reverted to his status of traitor and enemy to the State. If he arrives at any English port now he will probably not be permitted to land.

Far and Near

CHICAGO—Giovanna Pappini, the converted cynic who wrote "The Life of Christ," is expected to be one of the outstanding delegates to the International Eucharistic Congress here in June.

SUSANVILLE, Cal. — Chewing boiled shoe leather and sparrows which they caught with their hands, Mr. and Mrs. J. E. Reeder kept themselves alive for ten days after a terrific snow storm imprisoned them far up the Sierra Nevada Mountains.

WASHINGTON—Thirty-five miles an hour is speedy enough for any auto driver in the opinion of the committee appointed by Secretary of Commerce Hoover to draft model traffic laws for adoption throughout the United States.

SAN FRANCISCO—George Campbell, picturesque prospector and chemist, will gain \$20,000,000 as a result of his nine-year legal battle over blast furnace patent rights and royalties. The Federal Appellate Court here has denied the petition of the American Smelting and Refining Company for a new trial. The Company is one of a half dozen copper concerns affected.

NEW YORK—Threatening to begin a national boycott next fall against toy guns, swords, soldiers and war games, a delegation of the Women's International League for Peace and Freedom protested against

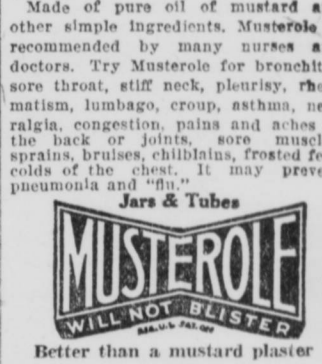

the manufacture of war toys at the convention here for toy manufacturers.

ALBANY, N. Y.—Governor Smith, in a message to the Legislature Monday, asked for the formation of a commission to reduce "distressing" crime conditions in New York, that this State might lead others in cutting down crime conditions which he described as "appalling."

Winter Find You Tired and Achy?

Do You Suffer Constant Backache—Feel Old and Worn Out? Then Follow the Advice of These Indianapolis Folks!

Do you get up these winter mornings feeling tired, weak—achy all over? Are you so lame, stiff and miserable it seems you can never get back in trim? Does your back ache with a dull, constant throb? Sharp, rheumatic pains torture you at every step?

Then you should be giving some attention to your kidneys!

Winter, you know, is danger time for the kidneys. That's because exposure to colds and chills wears down body resistance and throws an unusually heavy strain on the hard-working kidneys. The kidneys are apt to fall behind in keeping the bloodstream pure, and poisons accumulate that well kidneys would have filtered off.

Racking backaches come with stabbing pains; muscles and joints ache constantly; there are headaches, too, with dizziness and distressing kidney irregularities. Nerves are "jumpy"; one feels old—all worn out.

Give your weakened kidneys the help they need. Use Doan's Pills—a stimulant diuretic to the kidneys. Doan's have helped thousands. They are recommended by many Indianapolis people. Ask your neighbor!

"Use Doan's," Say These Indianapolis People!

CHAS. H. GILLEY, Painter, 1410 W. Ray St., says:
"My back pained and I couldn't rest well at night. Mornings my back was stiff and lame and I could hardly move about. My kidneys were disordered. I used Doan's Pills from Withers' Drug Store, and they rid me of the trouble."

MRS. ETHEL PETTYJOHN, 830 College Ave., says:
"My back ached so I couldn't rest and every time I stooped, sharp pains caught me. I had headaches and dizzy spells frequently, too. My kidneys were disordered. I used Doan's Pills and they strengthened my back and kidneys. I haven't been troubled since."
