

POLICE SEEKING GIRL MOLESTER

Student Faints When Followed by Man.

Police today sought a clew to the man who attempted to seize Miss Lena Ackerman, 15, of 1905 S. Talbot Ave., at Union and Wilkins Sts. Tuesday night, after following her several miles.

Miss Ackerman was found in the rear yard of her home, where she is said to have fainted while fleeing. She told police at the city hospital the man had frequently spoken to her as she left Manual Training High School.

Detectives questioned Mrs. George Stein, 1350 S. Meridian St., today concerning an alleged attack on her at her home Tuesday night by a Negro. She told Lieut. Walter Claffey and squad the Negro took \$50.

INFLAMED BREATHING TUBES

Try Dr. Blosser's Medical Cigarettes in the Next Attack

If you have catarrh you are in danger of losing your hearing; the first symptoms of catarrhal deafness are roaring or buzzing sensations and a stopped up feeling in the ears. A neglected cold, or an uncurled cold, leads to catarrh, and as everybody knows catarrh affects the eyes, ears, nose, throat, lungs and frequently undermines the general health.

The secret of the successful medication of these hidden parts was discovered by Dr. Blosser in his medical practice. This remedy is applied by smoking a certain combination of medical herbs containing no tobacco in a pipe or cigarette. Dr. Blosser's Remedy produces a dense smoke vapour which is inhaled or forced into the Eustachian tubes leading to the middle ear. It penetrates to parts impossible to reach with balsams, salves, sprays, douches, pills, tablets, liquids and so-called "constitutional treatments." This Remedy is absolutely harmless and is being used successfully by every member of the family.

You can get from any drug store a convenient pocket size package of Dr. Blosser's Cigarettes and prove for yourself their pleasant beneficial effects.

Husband Says Wife Eats Too Much

At first she ate hardly anything because her husband, F. M. Noble, bought the mixture of mustard, horseradish, etc., that Adlerika's appetite became so good that Mr. Noble, in a joking way, says it keeps him hopping to buy food.

Many people keep the OUTSIDE body clean but let their INSIDE body stay full of dirt. This is the reason of the STOMACH cleaning with the mixture of buckthorn bark, glycerine, etc., as sold under the name of "Nobles." This removes the upper and lower bowel, eliminates metabolic poisons and removes old matter which you never knew you were harboring, which caused your stomach, nervousness, sleeplessness, etc.

Whenever you feel like having heavy food, let ADERIKA REMOVE the undigested substances from your body. It gives you a full, bloated feeling. Even if your bowel's move every day, Adlerika brings out much

Youth of Today Is Good, Say Teachers

Washington Convention Tells World That Outcry Against Boys and Girls Is Only Bogey—and They Ought to Know.

By Ruth Finney

WASHINGTON, March 2.—Seri-ously, what is this world coming to?

These young people, with their gin and jazz, their petting, smoking, spending—

What will their generation make of the world? What will their children be like?

Considering these questions, it is customary to shudder.

Scarcely a book or magazine is published today without some reference, grave or flippant, to the dreadfulness of modern youth.

Yet all this outcry, this consternation and furor, is nothing but a popular bogey. Youth is not bad. It is better today than ever before. The school teachers of the country say so.

Are Specialists

Five thousand school superintendents from all parts of the country assembled in Washington recently. All of them spend their lives with children. Most of them have been watching children grow up for twenty years or more. They are specialists in boys and girls, their minds, their morals, and their bodies.

These teachers, without a dissenting voice, proclaimed to the world that modern youth is good.

Not every boy and girl is perfect. Neither is every adult. Yet the whole picture, as seen by these men and women who know from experience what they are talking about, is a bright one.

This is the collective verdict upon youth, expressed in a resolution adopted by the National Education Association department of superintendence:

"In an age more complex than any other the world has ever known, in a country of unparalleled prosperity, the problem of personal adjustment to social, civic, and economic environment is not easy. To a generation of youth facing such complexity, the problem is great indeed."

"It is a tribute to young America that in making this adjustment so many succeed and so few fail.

Frank Courage

"We bear tribute to the essential cleanliness, the intellectual straightforwardness, the frank courage, and the decent idealism of American young manhood and young womanhood."

The same note was sounded over and over during the convention.

"Our faculty wants to go on record as having boundless faith in the youth of today as promoters of civic righteousness, current criticism to the contrary notwithstanding," said Jessie D. Myers, of the Holmes Junior High School, Philadelphia.

"We believe in our boys and girls," E. C. Hartwell, Buffalo school superintendent, said. "We know their accomplishment grows better all the while."

Eagle Ave.; Jack Richardson, 26, of 663 Udel St.; L. Ray Jackson, 22, of 2920 E. Michigan St.; Theodore W. Hind, 22, of 83 Whittier Pl.; Albert J. Jones,

deals, the building of character, the constantly improving skill of our people, the stimulation of ambition, you are succeeding better than was ever done before in human history," Herbert Hoover, Secretary of Commerce told the teachers.

What will their generation make of the world? What will their children be like?
