COAL DUST LODGED IN MINER'S LUNGS

Cough Was Conquered and Health Restored by Milks Emulsion.

"In November, 1916, I was working in a coal mine and the coal dust had settled in my lungs. I couldn't lie down on my right side, coughed so I couldn't sleep and had constant pain under my shoulder blades. I coughed so hard the blood would spurt out of my nose. Finally I changed climate and lived outdoors, but I didn't improve.

"Then I came home and started on Milks Emulsion. Thank God I did, as it did me a lot of good right from the start, loosening up the coal dust in my right lung. In a few weeks my chest was free. I could sleep like a baby, had an excellent appetite and my cough left me entirely. I gained back 30 pounds in weight and went back to work in the mines completely restored to health."

—G. H. Eune, 6th Ave. and No. 13th St., Terre Haute, Ind.

Milks Emulsion restores healthy, natural blood action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food, thus building flesh and strength, which are Nature's only aids in conquering germs and repairing the effects of wasting diseases.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Wonderful for weak, sickly children. No matter how severe your case, you are urged to try Milks Emulsion. If not satisfied with results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. Sold by druggists everywhere—Advertisement.

Slender Figures

Are seen everywhere today
People get them in this easy, pleasant way

Look about you in any circle. Note how slenderness prevails. Excess fat is not one-tenth so common as it was. Look at any fashion picture. Note how every style is now adapted to slim figures. The very vogue of short skirts shows that overweight is regarded the exception.

A new era has come in this respect. Fat is now unpopular. It is regarded as abnormal, affecting beauty, health and fitness. Modern research has proved it unnecessary. There is now an easy, pleasant way to control one's weight.

Countless people have learned that way and proved it. They have told others about it. In every company you can now see the evidence of its efficiency.

The Modern Method
The modern method is internal. It combats the cause of excess fat, which usually lies in a certain gland. That method is embodied in Marmola Prescription Tablets. Simply take four a day. Continue until you reach the weight you wish.

Reduction is not too rapid. It rarely exceeds a pound a day. The body adjusts itself to the new conditions. Wrinkles do not develop. Our books publish every ingredient, and explain exactly how Marmola acts. You will know the scientific reasons for results. The results are so dependable that to everyone who mails the coupon we now send a guarantee. If you accept it, and then are not satisfied, every penny you pay is returned.

VICTIMS ARE USUALLY SELF-IMPOSED ONES

Every domestic triangle is a little short on one side. There's always a reason—like Postum. I don't believe in triangle "victims." The victimizing is most always self-imposed.

The WOMAN'S DAY

SAYING AND DOING

THE sweet young thing with the baby stare, which indicates her belief that all the world was good and fair, is rejected by men. And the sophisticated intelligent female with a positive look in her eye has taken her place in the affections of the male heart. So says Lew Cody, actor. And does anyone believe him? Nary an one!

Beware the henna when it is red! So warns a State health commissioner. He explains that hair dyes contain lead and mercury, and in time seep within the system, as the tresses must be redyed every six weeks once the vice is upon the lady. And of course you all know of the lady who came home from the dyer's with emerald green hair!

"Gone is the day," writes Eileen Bourne in "Liberty," "when a girl who looked like a comic valentine but who could spell 'judgment' with an 'e' got a job. A new era has dawned in the business world. The business world is turning to art. The architecture of today's big business buildings proves a belief that beauty is good business. And what would it profit a house to design a perfect reception hall and permit a girl clerk to be a blot on the picture?"

OUR GARB

HATS are no longer the belle of the wardrobe. So waited the millinery industry of the nation in recent solemn session. Today, they moaned, fair woman spends more for her hosiery and shoes than her hat, which is rightly the queen of her dress. That's right! Time was when "hats was hats." With feathers and ticklers and roses and pommops and rosettes all growing in riotous array on one poor hat. Now we just jam a plain old felt down over our ears. And look much better than when we wore cabbage roses and plumed hats. Small, "squashy" combine hats of felt and straw are the big catch right now!

SORTA GOOD?

"The greatest woman in history is the wife of a man of moderate means who does her own cooking, washing and ironing, brings up a family of girls and boys to be useful members of society, and finds time for her own intellectual and moral improvement."

OTHER LANDS

The first needle, they say, was made by foremother Eve from a fishbone threaded with one of her hairs. Redditch, England, has been the needle city for centuries. Five hundred million needles are made there a year. Eyes are punched at the rate of 7,000 an hour.

GASTRONOMIC

Salad with hot rolls, pickles and olives and coffee has solved the refreshment problem of many a soiree. But hostesses oft run out of salad ideas. Have you tried these?

Remove the skins from baked apples. Bake not too long, as they must be firm. Insert almonds in a circle around the middle of the apple. Serve with mayonnaise on lettuce. Other possibilities: Pineapple slices with cream cheese, strip of pimento and mayonnaise, the cheese inserted in the pineapple apple. Banana halves with ground nuts and maraschino cherries, mayonnaise. Egg and beet. Prune, date, nut and whipped cream.

BOOKS

"Mated," by Wallace Irwin. A new study of marriage and divorce. Entertaining and thought-provoking. Lucinda is about to be married. She has a wonderful hope chest. Stopping over it one night she hears the usual parental broil below. Lucinda grows her complex against marriage as lived by her wrangling parents.

MERCATOR CLUB ELECTS

The following were elected officers of the Mercator Club at the annual meeting Tuesday noon at the Spink Arms: Herbert L. Saffins, president; Earl E. Smith, vice president; Ralph H. Daugherty, secretary; Jacob E. Shevman, treasurer; William E. Duthe and Homer T. Perry, directors and Richard D. Wanglin, sergeant-at-arms.

ON THEIR SLEEVES

Smart women are wearing their corsages this season on their cuffs instead of the collar. The effect has the charm of novelty.

Puffy Eyelids

Your swollen eyelids pretty surely indicate kidney trouble. A urine analysis will perhaps show casts and albumen—your inflamed kidneys are not doing their work properly. There is no time to trifle—begin immediately to restore normal conditions—put your faith in Mountain Valley Water.

QUINCE-FLAVORED APPLE PIE
One quince, three-fourths cup sugar, a dash of nutmeg, a dash of cinnamon. Chop quince and cook until tender in just enough water to cover. Mix with enough thinly-sliced apples to fill one pie. Add the sugar, nutmeg and cinnamon and bake in one crust.

SPAGHETTI SALAD
One box spaghetti, one green pimento, one small can red pimentos, one large cup shredded cabbage, two onions shredded, salt and pepper to taste. Cook spaghetti until tender, blanch, then add other ingredients. Mix with mayonnaise and serve cold.

Gertrude Duval, 1640 Lexington Ave., Indianapolis.

A FRENCH DISH
One medium sized onion cut fine, two tablespoons butter, two tablespoons of flour, two hard boiled eggs, sufficient thin sliced potatoes to fill a baking dish three-quarters full. Place the butter, onion and flour in a skillet on the fire and stir until nicely browned. Then add the potatoes and water to cover. Season with pepper and salt and let boil until partly done. Replenish the water as it boils away so there will be plenty to fill the baking dish. When potatoes are soft pour in a baking dish and slice the eggs over the top. Cook in oven for ten minutes.

Mrs. W. H. Francis, 3148 Grace-land Ave., city.

BANANA TAPIoca SPONGE
Stir half a cup of minute tapioca into two cups of boiling water. Cook half an hour in a double boiler. Add one-half teaspoon of salt, the juice of one lemon, and one-half cup of sugar. Then fold in the whites of two eggs beaten light and let cook until the egg is set. Slice four to six bananas. Fold evenly through the tapioca. Serve with whipped cream.

Mrs. Zella Hunter, 3929 English Ave., city.

HADDOCK A LA CREME
Remove bones and skin from a fresh haddock. Cut fleshy parts into strips about three inches long and two wide. Grease a fireproof dish and sprinkle into it two tablespoons of chopped parsley. Blend four tablespoons of flour with two of butter over fire; add one cup of milk. Bring slowly to a boil, and pour over fish. Place dish in a pan of boiling water, season with salt and pepper, sprinkle with chopped parsley and bake in a hot oven for ten minutes.

Mrs. Lorena Stumpf, 709 Sanders St., Indianapolis.

GRAY DAYS AHEAD
Undoubtedly gray will be a style leader for spring, and will probably surpass beige in popularity. It is particularly liked in suits.
