Miller's Antiseptic Oil, Known as

Snake Oil

From coast to coast men and women are singing the praises of "Snake Oil," a most powerful, penetrating pain relieving liniment. It will penetrate the thickest sole leather in 3 minutes. Mrs. B. Werner, New Orleans, La., writes: "Thanks to your wonderful penetrating oil, it relieved me of Rheumatism and deep seated chest cold after other remedies failed."

"I had rheumatism so bad I had to walk on crutches for nine years," says H. C. Hendrix, old soldier of Minneapolis, Minn. "After three months' treatment with 'Snake Oil' I laid off my crutches and now can walk like a boy."

J. B. Moore, Pittsburgh, Pa., railroad man, says: "Snake Oil" is the only liniment that ever gave me relief from rheumatism. I use it regularly after being exposed to bad weather."

For rheumatism, neuralgia, lumbago, stiff joints, pain in back and limbs, corns, bunions, chest colds, sore throat, "Snake Oil" is said to be without an equal. Refuse imitations. This great oil a golden rule—Advertisement.

Had Asthma All Her Life

Hasn't Any Sign of It Now. Tells How She Got Rid of It Quickly.

There is good news for chronic asthma and bronchitis sufferers in a letter written by Mrs. W. S. Ogwin, Beacon, Tenn. She says:

"I was a sufferer from asthma attacks all my life. In 1914, it developed into constant, chronic asthma. I was unable to get anything more than temporary relief from all the remedies I tried. I was gradually growing weaker all the time, with severe pains. In July, 1924, I started taking Nacor, and soon noticed a decided change in my condition. In all, I took 4 bottles, the last one in February, 1925. My asthma is entirely gone. I have taken no medicine for 2 months now, and know I am completely well. It is my duty to tell asthma sufferers what this wonderful medicine has done for me, and I will gladly answer any inquiries on receipt of return postage."

If you suffer from asthma, bronchitis or severe chronic cough, you should read the vital information about these diseases, in a booklet which will be sent free by Nacor Medicine Co., 412 State Life Bldg., Indianapolis, Ind. They will also send you the letters of people whose trouble disappeared forever and never returned. No matter how serious your case seems, call or write for this free information. It has led thousands back to health and strength.—Advertisement.

GET RID OF YOUR FAT

Thousands of others have gotten rid of theirs by my simple and efficient method of fat reduction without starvation diet or burdensome exercise, often at a very rapid rate and WITHOUT PAYMENT until reduction has taken place.

I am a licensed practicing physician and have made a careful study of the physiological requirements of the human body. This has enabled me to select such ingredients and in such proportion as in my opinion will produce not only a loss of weight without harm and an improvement in health, but with it an alleviation of all of the troublesome symptoms which frequently accompany and often are a direct result of overeating, such as shortness of breath on slight exertion, palpitation of the heart, etc., not to speak of the relief from the embarrassment of being too stout. Stout persons suffering from such diseases as Chronic Rheumatism, Gout, Eczema, Asthma and high blood pressure are greatly relieved by a reduction of their superfluous fat.

My treatment will relieve that depressed, tired, sleepy feeling, giving you the renewed energy and vigor which come as a result of the loss of superfluous fat. If you are over stout do not postpone but sit down right now and send for my FREE TRIAL TREATMENT and my plan whereby I am to be PAID ONLY AFTER REDUCTION HAS TAKEN PLACE if you so desire.

MARIE LEE SAYS SPEECH IS SILVER, YES, BUT SILENCE GOLDEN

If you must say it—say it with silence. For while speech may be silver silence is truly golden, and nothing whatever is to be gained by tarnished silver.

I know it's a great temptation to hit back sometimes at someone. Someone who has been annoying you with small but trivial irritations. Someone who has been "getting your goat" with innumerable little selfish actions. Someone who has been hurting you, maliciously or unconsciously. But don't do it. For every stone you throw in this manner is a blemish and it comes back with more force than it left you. The advantages of silence in such cases is not fully realized. And it is so hard for red-blooded youngsters not to fight back when they are attacked. But discretion is better than valor nine times out of ten for these reasons: First, the moral reaction on you, yourself is depressing and irritating. You are subconsciously unhappy. Second, you cannot hurt someone without hurting yourself twice as much. Third, that person whom you hit at knows you for an uncontrolled bully, a nasty back-biter. Fourth, you can win friendship, retain interest and often love by proving yourself magnanimous to hit back. For silence is golden.

Black-Hand

Dear Miss Lee: I am 17 years old and in love with a fellow of 20. I have went with him for over two months. Lately another girl has been trying to win him away from me, and he's going with her more than with me. It isn't that she really wants him, she doesn't want me to get him, that's all. Would you write her an anonymous letter telling her to lay off him or something will happen to her? I've tried everything. MAISE.

Anonymous letters are cowardly, sneaking things. If it is something that you are ashamed to sign your name to, then don't write it, for it isn't worth writing. Moreover, the black-hand method has the most demoralizing effects upon the human brain. It begets furtiveness, worried conscience, cowardice and disloyalty, four attributes that will lose you all your friends in short order. No.

Her Own Way A STORY OF A GIRL OF TODAY

A MAN'S PROTECTION

"Voice cultivated," I said stupidly to Jerry Hathaway. "I didn't know that Mamie Riley could sing!"

"Yes. She has an exquisite voice and her own ambition used to be to sing in opera. I met her some years ago when that ambition seemed in a fair way to be realized. But all at once something seemed to go wrong and the next time I saw her she was at the Beaux Arts checking hats. I tried to get some explanation out of her, but she will say nothing about it."

"I didn't know that Mamie could sing," I repeated. "I never heard her sing a note."

Even as I made that remark I remembered that one morning I had heard Mamie begin to sing. Then all at once Mrs. Riley had said in her querulous, rasping way:

"For heaven's sake, Mamie, don't begin that caterwauling again. Remember what it almost got you into, and you a decent, respectable girl!"

Mamie shut up immediately, but she did not give any explanation of "what might have happened to her," and in my own somewhat hectic career I'd really forgotten it until now.

After Jerry Hathaway had gone I looked across the table at Jimmy. "What do you mean," I asked, "by saying that you wouldn't like me in your office?"

Jimmy became perfectly miserable immediately.

"You must know, dear girl," he said, "I couldn't work with you there. In less than a week everyone would know that I loved you and then the office would become a hot bed of gossip. I would always be trying to make your way easier, Judy."

"Oh, I thought of giving you a job immediately on leaving the restaurant, but when sober second thought came I knew it would be impossible. I know it would be only a question of a few days until your place there would be made as uncomfortable as at the restaurant. You understand, don't you, Judy? Why, dear, if I were just you and I in the office I would be only too happy to have you there."

"Yes," I answered, relieved at his explanation. But, all the same, I wish he had given me the chance to refuse. I wish he'd given me the chance to say that we were too good friends to work together. As it was he left me no alternative except to say that I thoroughly understood, that his decision not to give me a place in his office came from his desire to protect me.

There it was! I had again run up against that age-old desire of man to protect some woman. And I knew that until I could stand upon my own feet and not welcome the protection of anyone, I would never be the independent woman I wanted to be.
