Accused of Burning Two to Death

Thomas Hill, 50, is held at West Union, Ohio, charged with first degree murder and arson. His crippled wife and her blind mother died in the farmhouse burning. He is accused of killing them in the fire because he was tired of caring for them. Photo shows the ruins of the farmhouse, with an inset of Hill.

SEVENTEEN BILLION IS FARMERS' LOSS

Decline, However, in Land Values From Wartime Peak Is Ended, Commerce Department Believes.

WASHINGTON, March 30.—The farmers have lost more than seventeen billion dollars in the last five years through declining land values.

In 1929 the farm lands of the Nation were valued at \$54,229,563,959. In 1925, according to figures just announced by the Department of Commerce, the value of farm lands is estimated at \$37,774,959,467.

This shows the drop in farm values since the boom days following the war. Prices then were inflated, due partially to speculation, as result of the optimistic belief that agricultural prices would remain high.

It is believed that the pendulum of values has swung to the other extreme. Although latest figures show the price still is dropping, the rate of decrease has slowed to such an extent it is believed the bottom soon will be reached.

Apart from the speculation angle, these values reflect, fairly accurately, the decline in the market value of agricultural products.

Farm lands tend to be valued by their productive worth. The post-war land boom, caused chiefly by easy credit and poorly-grounded optimism, caused inflation. Nevertheless, to a considerable extent, the high values of 1920 were based upon economic laws, as has been the decline.

While delegates from agricultural States storm Congress for relief legislation, asking farmers be protected from foreign competition, as is industry, a contrast between the wealth of the two classes can be seen in the farm census.

While land values have dropped to such an extent, the buildings on the land have gone up in worth. This is partially due to additional building. But buildings tend to be valued according to the cost of replacement less depreciation.

COIN FLIP TO ELECT

Warsaw, Ind., March 30.—The flip of a coin is to decide the nomination and subsequent election of certain candidates whose names will appear on the ballot at the primary election in Kosciusko County in May. A bipartisan arrangement has been entered into in some townships for the election of township trustees, assessors and members of the advisory boards.

Under the arrangement Republicans will nominate the trustee and one member of the advisory board and the Democrats will nominate the assessor and one member of the advisory board. For the third member of the advisory board a coin will decide the selection.

ASSAILANT IS SOUGHT

Man in Hospital After Receiving Blow on Head.

MAID, 15, FOUND SLAIN IN HOME

Evidences of Struggle With Murderer Located.

Let Mr. Fixit present your case to city officials. He is the Times representative at the city hall. Write him at The Times.

Northeast Indianapolis people need bus transportation, but the public service commission has refused to permit operation of a bus line, a correspondent informed Mr. Fixit today.

DEAR MR. FIXIT: After several weeks of waiting several hundred families in this section are wondering why they cannot get bus service. We petitioned for service by the Peoples Motor Coach Company, which readily agreed to give the same if authorized to do so.

This section of the city is growing rapidly and numerous houses are being built. But lack of transportation is preventing us from being 100 per cent built up.

Why we should be denied this service while this company is willing to give the same is more than we can understand. The route would be Keystone Ave. and Thirty-Eighth St. We hope to be well represented when Indianapolis becomes a million strong but we must have transportation first.

A. L. W., 2417 E. Thirty-Fourth St.

The ways of the public service commission are difficult to comprehend, but Mr. Fixit will present the matter to that body.

If Freeman enters the race, it will affect the fortunes of Clyde E. Robinson, backed by Mayor Duval and his associates for the treasurer ship.

MAN WATCHES BURGLAR WORK

Gunman Suspect Escapes From Official.

Choosing to lay quiet rather than leap out of bed and grapple with a burglar, proved to be the proper course for Lester Eales and wife, Apt. 3, the Blackstone, 4001 E. Washington St., Monday night. The thief left the apartment without loot. Eales told detectives he was awakened and saw the man ransacking drawers.

A suspected gunman, escaped from C. W. Mitchell, C. I. & W. railroad detective Monday night. Mitchell said he found the man in the railroad yards near Summit St. The man refused to tell his name and address. Mitchell found a gun on him.

Police failed to find any trace of a negro bandit who attacked Adolph Nazareth, 3019 Kenwood Ave., in a vacant house at 508 Fulton St. Nazareth said the man knocked him down, choked him and took a watch valued at \$150.

Leo Dorn, druggist, North St. and Massachusetts Ave., tried to capture a negro who presented a check for \$22.50 to be cashed, but failed.

FULLEN RULING APRIL 5

Charges Officer Struck Him With Mace Without Cause.

Ruling in the case of J. Stephen Fullen, 1031 Blaine Ave., charged with resisting an officer and failure to stop at a preferential street, will be given by Judge Dan V. White in municipal court April 5, following the hearing of evidence Monday.

Arrest of Fullen led to the suspension of Motorcycle Officer Miller, who Fullen alleged struck him with his mace after arresting him. Miller testified that he struck Fullen after Fullen had struck at him. Fullen said he was struck while standing with his hands in his pockets. Fullen admitted that he said "he was going to get Miller's buttons."

Salesgirls Dread Bargain Days

Louisa was tired. From morning until night she had been on her feet in the busy department store. No matter how she felt she must serve her customers with a smile. Her head throbbed and her feet ached. Week after week, she felt her strength ebbing until she was in a run-down condition, not fit to work.

"My mother suggested that I try Lydia E. Pinkham's Vegetable Compound," she writes. "I took only three bottles and it brought me about all right." Through the Vegetable Compound, she found better health to do her work and she told the other girls about it.

That was several years ago. Louisa is now Mrs. L. J. Van Dyke of 1246 Spring St., Morrell Park, Baltimore, Md. She is the mother of three healthy, active children. She says that she found the tonic effect of the Vegetable Compound helpful to her during this entire period.

Every working girl knows that to do her work properly and easily she must have good health. She can not afford to lose time from her work. Girls who suffer from a run-down condition should try Lydia E. Pinkham's Vegetable Compound.
