

C. OF C. GROUP TO REPORT ON BARRETT LAW

Expected to Give Opinion to
Civic Affairs Committee
Wednesday.

The Chamber of Commerce civic affairs committee will hear Wednesday noon from the legislative and legal affairs committee whether Marion County treasurers are entitled to receive more money from their office yearly than President Coolidge receives as a salary, it was learned today.

It was announced the civic body would take up the Barrett law system. The legal group may give its opinion on the legality of the treasurers' pocketing the huge Indianapolis Barrett law fund interest or it may only make recommendations on whether an investigation should be undertaken by the civic affairs body. It has been charged the treasurer makes \$105,000 a year out of the office by taking the interest. Edward Ramsey, present incumbent, said a Federal injunction, issued in 1908, prevents him from putting the funds in a public depository, as the law contemplates, for the city controller to invest, the profits of the investment to offset the fund deficit.

City Councilman Edward B. Raub says treasurers take the interest illegally; that there is no law, court ruling or injunction preventing them from leaving in the fund the interest earned, thus offsetting the deficit.

Raub two months ago called attention of the civic affairs committee to treasurers' practice and the matter was referred to the legislative and legal affairs group. Members of the civic body, it was learned, expect a report from the legal group Wednesday noon.

STATES HE WAS GROWING DEAF FROM CATARRH

Had Awful Mucous and
Terrible Headaches;
Says Konjola
Relieved.

"If it were known to what a big extent catarrh is undermining the health of our American people, even those who are supposed to be well acquainted with this subject would be astounded," said The Konjola Man yesterday at Hook's dependable

MR. C. QUIROGA

drug store, corner Pennsylvania and Market Streets, the busy downtown section of Indianapolis, where he is meeting large crowds of the sick and ailing people of this city each day, and introducing and explaining this new medical preparation, Konjola. "Catarrh is terrible," he continued. "The distressing mucous in head, nose and throat; the weakened eyes; the awful headaches; the deafness and the crying ringing and buzzing sound in the head—these conditions make this ailment, catarrh, one of the most dreaded of all afflictions."

This Konjola preparation, which The Konjola Man is introducing in Indianapolis, is a combination of twenty-two native products, which are blended with still other ingredients, and it has such a splendid effect upon the blood and inner system, as a purifier, cleanser, toning agent and eliminant, that it has given relief in catarrhal cases which almost borders upon the amazing.

For instance, just a short time ago, Mr. C. Quiroga, living at 131 West Eighth Street, Cincinnati, Ohio, made the following statement: "I've traveled quite a bit in my life and seen a lot of things, but I have never seen anything in the medicine line that can beat or even equal your Konjola," said Mr. Quiroga. "It has completely cleared up a bad case of catarrh of the head for me."

"I am from Cuba, and the climate there is warm and few people have catarrh, but when I came up here in your climate I found my eyes nearly every body has catarrh, for I soon developed an awful case of it. The membranes of my nose and ears swelled up and got sore and irritated; I had terrible headaches; my eyes were becoming weak and I was getting so I couldn't hear very well. Also, my stomach was affected and I couldn't digest my food and suffered from belching, bloating, awful pain and nausea."

"Konjola gave my system a thorough cleansing and strengthened me and built me up. In a short time I noticed the mucous was about gone and now, my nose and ears are not sore; hearing has improved; eyes are stronger and the awful headaches do not come. The stomach trouble has been relieved so I can eat anything and never have indigestion, gas, bloating or pain. I tell you, you have a wonderful medicine in that Konjola."

The Konjola Man is at Hook's drug store, corner Pennsylvania and Market Streets (the busy downtown section of Indianapolis) and the easiest to get to, where he is daily meeting the public and introducing and explaining the merits of this remedy. Free samples given.

Konjola is also for sale at all of Hook's drug stores throughout the downtown section of Indianapolis.—Advertisement.

SCHOOL, TOWN BACK DR. BUNDY

(Continued From Page 1)

are almost a scandal in Methodism." The original resolution presented by a minority, intimating a heresy case against the instructor, demanded he be ousted. It was not adopted.

Students' Faith Strengthened
It was said several ministers charged some students' faith had been shaken by attendance in his courses. But twenty-five members of the Oxford Club, student ministerial organization, Monday night declared their faith had been strengthened by association with Dr. Bundy. Loftin Wesley of Indianapolis, president, mailed a letter drafted by the club, to Bishop Frederick D. Lee, De Pauw trustees, the conference committee and Dr. Bundy.

The letter: "We, the members of the Oxford Club of De Pauw University, as young ministers, desire to express our confidence in Prof. Walter E. Bundy, both as a gentleman and as a professor of the New Testament. "Being associated with him, as

we are, we fail to find that his conduct either in the classroom or on the campus is unbecoming of a member of the Methodist Episcopal Church, or of any other Christian Church; but, on the other hand, we find his conduct sincerely gentlemanlike.

"We feel that our faith has not been destroyed by having been under the instructions of Professor Bundy, but that it has been strengthened.

"As a group of students who profess to be followers of Christ, and who are preparing to enter the Christian ministry, we feel that our appreciation for Christ has been greatly intensified; and that Christ is a much more dynamic personality to our having had the privilege of studying under Professor Bundy. "We further believe that any normal person who goes into Professor Bundy's courses with an honest desire to get at the truth of the life and message of Jesus, cannot but come forth with a greater appreciation for the human, historical and divine Jesus."

Waiting Book

While under attack Dr. Bundy is carrying on the routine of his work. He is writing the third chapter of a book on the personal religion of Jesus. Dr. Bundy is a devoted scholar and spends nearly his entire time with his students, seldom speaking off the campus. He frequently writes for religious journals.

Dr. Bundy's chief concern over the incident has been whether or not it will worry his mother. He was born of Quaker parents at Spiceland and received the A. B. degree from De Pauw in 1912. He received the degree of bachelor of systematic theology at Boston University in 1915 and the Ph. D. degree in 1921.

He was a close friend of Dean Albert C. Knudson, biblical authority, while at Boston. During the war he served as consul general to Switzerland.

Besides taking active interest in all athletics, Dr. Bundy's chief recreation is fishing and entertaining his family. He spends much time with his son, George, 5, and Virginia, 2.

Dr. Bundy became a Methodist because the Rev. Morris E. Barrett, Brookton, Mass., former Spiceland pastor, who was responsible for his interest in the church and religion, is a Methodist minister.

Classroom Teachings

Dr. Bundy is widely known for his book, "Psychic Life of Jesus," published by MacMillan & Co., and for a syllabus of the first three synoptic gospels. He reads German, French, Spanish, Hebrew, Greek. Every Monday for two years he has addressed the Putnam County School of Religious Education.

Here are some of his classroom teachings: "Intellectually you must work out your own salvation. Live and let live; think and let think. Seek the truth and never mind the persons with the 'crank-complex.' Never sidestep an issue.

Our religion today has become too much a matter of dogma and creed; we need a religious community with common hopes, fears, aims and ambitions. I try to make my work academically acceptable, intellectually respectable and religiously constructive. We must give up the religion about Jesus for the religion of Jesus. If any man ever really sought the truth and demanded it for everyone else it was Jesus Christ, declared Miss Dorothy Richards, De Pauw Y. W. C. A. president, a student of Dr. Bundy.

"If the persons hurling charges at Dr. Bundy ever had Christianity, they have lost it by clinging to dogma. He is offering students the opportunity to think, Christianity through. And unless Christianity is thought out by the individual it is lifeless and meaningless, something handed to them by others," she said.

"Dr. Bundy is the one man to offer this opportunity because he has such a firm faith in Christ, and the workableness of his teachings.

To many of his students, Dr. Bundy portrays many of the principles of Christ," she said.

Miss Richards, selected a delegate to the World's Student Christian Federation convention in Denmark this summer, is so conscientious in her conviction to practice Christianity, that she recently resigned from a national society, saying she believed fraternal organizations were not in accord with her Christian beliefs.

CENSOR IS AUTHORIZED

Ministers to Watch News From
Next Year's Conference.

By United Press
NEWCASTLE, Ind., April 13.—The next annual meeting of the North Indiana Conference of the Methodist Church will find a censor enthroned to cast a critical eye over news stories coming from the conference.

Ministers before final adjournment Monday voted unanimously to provide an official censor at the 1927 conference in Gotham.

The action was imposed by Rev. C. A. Hile of Middlebury, because of publicity given charges against Prof. Walter Bundy of De Pauw University.

The conference adopted a resolution calling on President Murlin of De Pauw to rescind the order permitting dancing at the university.

STRAW VOTE IS TAKEN

Bar Association to Send Out New
Ballot on Candidates.

The second ballot in the Indianapolis Bar Association's straw vote on judicial office candidates will be mailed members tonight by the judicial committee, headed by Attorney Earl R. Conder.

Names of two candidates for each judicial office appear on the ballots. The two candidates received the largest number of votes in a preliminary poll, results of which were compiled today.

Results of voting by the second ballot will be announced. Preliminary poll results were not revealed.

CHINESE FIRE ON AMERICANS

Motorists Run Into Battle—
Peace Near, Belief.

By United Press
PEKING, April 13.—Tuan Chi Jui, the deposed president of China, has secretly set up a miniature government in the legation quarter, the United Press learned today, to prevent former President Tsao Kun or any other from assuming the office.

A party of Americans and other foreigners endeavoring to reach Tien Tsin from Peking, by motor today were subjected to shell fire. Soldiers compelled the motorists to turn back.

Fighting, however, is easing on all fronts. An armistice and the forming of a coalition within three days is predicted.

ASSOCIATES AT TALL FUNERAL

Rites for City Horticulturist
Are Held.

Funeral services for H. Houston Tall, 51, of 43 W. Thirtieth St., were held today at the Flanner & Buchanan chapel, 23 W. Fall Creek Blvd. The body of Tall, assistant superintendent of parks and horticulture when he disappeared ten weeks ago, was found early Sunday, lodged in driftwood at the Oliver Ave. bridge by three children.

The parks department was closed this afternoon and members attended the rites.

Distribution of the \$500 reward offered by the family for information leading to the finding of the body will be taken up soon. The three children, Gladys Nielson, 13; her brother, James, 10, of 823 Chase St., and Arthur Wilson, 15, of 829 Chase St., are thought to have a claim to the money.

SEES G. O. P. DEFEAT

Rauch Says Democrats Will Send
Two Senators to Washington.

The split in ranks of the Republican party will enable the Democrats to send two United States Senators to Washington from Indiana, George V. Rauch, Marion, candidate for the Democratic long-term senatorial nomination, asserted in an address Monday night before the Progressive Democratic League at the Indiana Democratic Club.

"A scientific adjustment of the tariff must bring the maximum revenue at a minimum of importation; but being friendly reciprocal trade relations with other countries, and discourage the formation of monopolies at home," Rauch said.

ARTIST TAKES POISON; DIES

Walter Churchill Succeeds
in Fourth Attempt.

Walter Churchill, 30, of 529 S. Missouri St., commercial artist, died today at city hospital as a result of poison said to have been self-administered.

Motor Policeman Wachstetter and Robeson, said Mrs. Churchill found her husband unconscious in bed this morning with a poison container at his side. He lived only a short time at the hospital. Churchill had been despondent over ill health for some time and had made three other attempts to take his life, police said.

Besides the widow, four children survive.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr.
Edward's Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 15c and 30c.—Advertisement.
