

## DUVALL DEFIED BY PARK BOARD HEAD IN LETTER

Emsley Johnson Gives  
Reasons for Refusing to  
Resign Post.

Emsley W. Johnson, deposed as park board president by Mayor Du Vall, today defied Du Vall and announced he would retain his position.

Johnson, in a letter to Du Vall, denied a statement by the mayor that he and Johnson had talked over Johnson's resignation.

Belief that employees of the parks and recreation departments should "give their time to their work rather than to the promoting of a political machine," was cited by Johnson as one of his reasons for retaining his position.

### Pressure From Coffin

Insiders said Du Vall removed Johnson, because of pressure from George V. Coffin, Republican County chairman, who seeks to bolster his political control by turning over additional city jobs to the faithful.

"You know as well as I that neither of us ever at any time had a conversation about my resigning as a member of the park board," Johnson's letter declared. "I never had any intention of resigning; I did not resign, and I will not resign."

### Cites Compromise

"In our last conversation, which was the only one we have held for over a month, you stated to me that you were well pleased with the work of the park board and that you wanted us to keep up the good work."

Johnson said his interest in making Indianapolis beautiful, his desire to retain trained employees, wish to give the taxpayers their money's worth, and pleasure of association with other board members, were other reasons for his refusal to resign.

## JOCULAR WILL IS DISREGARDED

Jovial Pallbearer Request  
Denied.

By United Press  
KANSAS CITY, Mo., April 13.—The will of Frederick Leander VanGriff, 75, Kansas political writer, where in he set forth elaborate plans for his own funeral, will be disregarded by his family on the grounds that it was written in a facetious mood.

This decision was announced following VanGriff's death and the discovery of the jocular instrument by which he proposed to direct his own burial.

The document, written more than twenty-five years ago, set forth: That the undertaker be humble and modest, giving the corpse a chance for public attention—its last chance.

The pallbearers are not to be labeled. They will be distinguished from the corpse by the fact that they will be alive and their duties will be understood without wearing a printed sign.

The hearse horses must not wear any signs of mourning—for all loads look alike to horses; tomorrow they may be drawing a wild cart.

The undertaker is not to wear a plug hat or a diamond stud, or a dressy Prince Albert coat, or in any manner seem as if he had been snatched for a moment from a banquet to bury the dead.

The pallbearers must be good fellows—bright fellows, and are requested to beguile their way to the grave with cheerful anecdote of their dead friend.

**MILLIONAIRE ENDS LIFE**  
Steel Man, III, Shoots Self Through Head.

By United Press  
CLEVELAND, Ohio, April 14.—Dependent because of ill health, Price McKinney, 63, millionaire steel and mining operator, committed suicide here Tuesday night by shooting himself through the head.

### BRIDGE BILL SIGNED

WASHINGTON, April 14.—President Coolidge today signed the bill to extend the construction time of a bridge across the Wabash River at Vincennes, Ind.

## CINDERELLA'S PALACE CLOSED

The fairy palace of Prince Charming and Cinderella No. 2, at Clear Springs, N. Y., has been closed. Edward W. Browning, 51, New York real estate man, and his bride, Frances (Peaches) Heenan, 15, are honeymooning elsewhere. Crowds of curious folk, who flocked to Browning's home after his hasty marriage, forced the couple to leave. They may never return. Note the policeman on guard to keep away the curious.

## SUGAR AGAIN IN LIMELIGHT

Cuba Asks Lower Tariff to  
Relieve Depression.

By United Press  
WASHINGTON, April 14.—Sugar has been forced into the limelight here again by demands from Cuba that the tariff be lowered to relieve economic depression in the island. A reduction would throw the present surplus there on the market in this country and lower the price still further for the American housewife who will prepare soon for the coming season.

President Machado of Cuba has suggested that even a slight cut in the tariff would aid the economic situation in the island, which is laid in many quarters to the huge sugar surplus.

## BIDS ON ROAD WORK ARE LOW

More Than \$50,000 Under  
Engineers' Estimates.

Low bids received today by the State highway commission on approximately 245 miles of penetration roads and road-surface treatment fell more than \$50,000 under engineers' estimates, unofficial tabulations showed.

Low offers on the six projects totaled \$198,079, against an estimated cost of \$249,164. Assistant Maintenance Engineer Le Roy P. Wertz, said.

L. S. Tobitt of Tiffin, Ohio, was low bidder on several road surfacing jobs in central Indiana, including work on State Roads 1, 12 and 39, in Marion County. His offer was \$25,651 against an estimate of \$33,434. Other low bidders:

The Barrett Company, Chicago, \$37,501 on work on northwestern Indiana estimated at \$48,727, and on State Rd. 44, between Lebanon and Franklin, and State Rd. 32, north of Crawfordville, \$15,062 against \$19,470 estimate. Sheldon G. Hayes, Indianapolis, \$24,120 on work on northwestern section estimated at \$34,300. Hayes Construction Company, Indianapolis, \$20,822 on work on southeastern section, estimated at \$28,237, and \$34,806 on jobs near Paoli, estimated at \$44,898.

### PRODUCERS' NAME HEAD

Scott Meiks Will Manage Livestock Marketing Body.

William Stahl, Indiana Farm Bureau Federation magazine editor, today announced appointment of Scott Meiks of Shelbyville as manager of the Indianapolis Producers' Commission Association, cooperative livestock marketing organization. Meiks succeeds D. L. Evanson, who will take a similar position in Chicago. Meiks is livestock marketing director of the Farm Bureau Federation.

## PUNISHMENT IS DEALT

Two More Consolidated Officials  
Fined.

By United Press  
CHICAGO, April 14.—Federal Judge James Wilkerson today fined additional officers of the Consolidated Realty and Theater Corporation, found guilty of defrauding hundreds of Indiana investors out of \$4,000,000.

Roy L. Martin, secretary, was fined \$500 and John S. Lerch \$250. Martin turned State's evidence. A. D. Kester, John S. Fenn and F. S. Fenn were dismissed. Arthur H. Olson and C. H. Ortner were granted stays of sentence until May 14, pending appeal. E. B. Harong, sentenced to three months' imprisonment, was denied a stay.

## BRUTAL MURDER BAFFLES POLICE

Man's Body Found in Home  
—Head Almost Severed.

By United Press  
PONTIAC, Mich., April 14.—Police today were admittedly without clue to the brutal murder of Philip J. Foley, Michigan Refining Company official.

County authorities are inclined to believe revenge or jealousy and not robbery was the motive. Foley's mutilated body, nearly decapitated, was found wrapped in rags and towels just inside the front door of his home here.

The murder was reported by Foley's wife, who had recently quarreled with him. She denied the difference with her husband had been serious.

## \$120,000 MORE TO FOUNDATION

Smith Estate Income Available—Win Tax Fight.

Approximately \$120,000 of accumulated income from the estate of Delavan Smith, former Indianapolis News publisher, has become available for use of the Indianapolis Foundation, the Fletcher Savings and Trust Company, executor under Mr. Smith's will, announced today.

At the same time it was stated by trust company officials that they believe litigation over the Smith estate practically has come to an end. Miller, Bailey and Thompson, attorneys for the trust company, were notified this morning by the Supreme Court of Illinois that that body had overruled a petition for rehearing of the inheritance tax case against the Smith estate, brought by the Attorney General of Illinois.

Overruling of the petition brings to an end the attempt of the State of Illinois to assess a tax of approximately \$200,000 against the residue of Mr. Smith's estate, about \$800,000 held in trust perpetually by the Fletcher Savings and Trust Company as trustee for the Indianapolis Foundation.

## Builds up weak bodies

"I was worn out and dreaded a breakdown. Food lodged like lead in my stomach. I gave Tanlac a trial and there was a marvelous result. I now eat and sleep like a farm hand." Mrs. Josie May Powers, Maywood, Ind.

From Mother Nature's storehouse we have gathered the roots, barks and herbs which are compounded, under the famous Tanlac formula, to make Tanlac.

If your body is weak and undernourished, if you can't sleep or eat, have stomach trouble or burning rheumatism, just see how quickly Tanlac can help you back to health and strength.

Don't delay taking Tanlac another day. Stop at your drugstore, late now and get a bottle of this, the greatest of all tonics. Take Tanlac Vegetable Pills for constipation. Advertisement.

## GOOD DRIVER'S SIX ESSENTIALS ARE SET FORTH

Characteristics Announced  
by A. A. A.—Favored by  
'Jury' of Experts.

By Times Special  
WASHINGTON, April 14.—In line with its policy of developing a code of motoring ethics to offset and replace the plethora of over-regulation, the American Automobile Association today announced the verdict of a jury of nationally-known traffic and safety experts on "What are the characteristics of a good and safe driver?"

An analysis of the opinions on this problem disclosed that the seven men to whom this question was submitted by Thomas P. Henry, A. A. A. president, are in accord on six major essentials, as far as good driving is concerned. These are:

1. The good driver has a high degree of self control at all times, this control manifesting itself in various ways.
2. The good driver always maintains his car in such shape that it responds easily and quickly.

### Regulates Speed

3. The good driver regulates his speed in accord with the conditions of the road over which he is traveling, and never travels at such a rate that he cannot stop it within the "clear course" ahead.

4. The good driver invariably exercises due regard for the rights of others and always applies the simple axioms of courteous behavior.
5. The good driver accepts the safety of the pedestrian as a primary consideration.
6. The good driver keeps his mind on the road ahead.

### Names of Jury

The A. A. A. announced the names of the jury to which the matter was referred, as follows:

Ray McNamara, service engineer of the Chrysler Motor Sales Corporation, who has driven more than 1,000,000 miles without an arrest without an accident and without an insurance claim of any kind.

Bennet Hill, one of the greatest speedway drivers of the age.

George M. Graham, chairman of the traffic and safety committee of the National Automobile Chamber of Commerce.

A. E. Barber of the United States Chamber of Commerce, also director of the Hoover Conference on Street and Highway Safety.

Dr. H. C. Dickinson of the heat and power division of the Bureau of Standards, who has made a special study of safe driving.

Dr. F. A. Moss of George Washington University, a nationally known psychologist.

Officer E. W. Smith, who for ten years has regulated traffic at one of the most congested intersections of Washington, and who is now on duty at the White House.

## CONSIDER THIRD SITE FOR S. H. S.

(Continued From Page 1)

Topp, he condemned. His proposal includes condemning enough of the Topp property to run Fortieth St. through nearly Thirty-Ninth St.

He has offered the Newby site for \$165,000, including two houses, which, he declared, can be moved back and used for school cafeteria purposes.

Wilson said he did not have an option on the grounds, but that Newby had reduced his price from \$200,000 when he learned Wilson would submit it to the board as a location for Shortridge.

The property has a frontage of 521 feet on Meridian St. and 595 feet on Fortieth St. Wilson pointed out that the Meridian St. frontage is 121 feet more than the board now holds at the Thirty-Fourth St. site.

Wilson said he first submitted the proposal to the board of consideration when it was announced in February that a new site for the high school would be sought. He said it was about this time that he made the proposition, which included the losing of the street and condemnation of the Topp property for additional school space.

### Thinks It Has Merits

"I think this site has merits better than those of either of the other sites," Wilson said. "It beats the Forty-Sixth St. site and does not have the noisy traffic conditions complained of at the Thirty-Fourth St. location."

He explained that the site was only a block from the Illinois Mapleton car line, which ends at Thirty-Ninth and Illinois Sts., but one square from the Meridian Heights line, which runs on Pennsylvania St. and four blocks from the Illinois Fairview line on Boulevard Place.

It is understood the majority school board faction encouraged Wilson to present the proposal.

### May Fight Plan

It is believed the Topp family will fight the plan.

The previous school board looked at the Fortieth St. property of the Topp's and found the price too high. The Topp's formerly owned the Thirty-Fourth St. site which the board now wants to sell.

It has been announced the Topp's will endeavor to regain the difference between what the board paid for the Thirty-Fourth St. site and the amount the board obtains if it is sold. The board, through condemnation proceedings obtained the site for about \$82,000. When the move to relocate the school first began, the board said a new site would not be taken unless at least \$107,000 was obtained for the Thirty-Fourth St. property.

The move of the board in considering the Fortieth St. proposition is labeled as "a compromise."

However, it is believed the fight against the board's plan to sell the Thirty-Fourth St. site will be more intense when the welfare association in a driving campaign to stop the plan.

## Burial Rites to Be Held Today

Mrs. Daniel R. MacGregor

Funeral services for Mrs. Daniel R. MacGregor of 6 W. Twenty-Sixth St., who died Tuesday at Methodist Hospital after several months' illness, will be held at 10 a. m. Friday at the home. Burial will be made in Crown Hill cemetery.

Dr. Frederick E. Taylor, First Baptist Church pastor, will conduct the services.

Mrs. MacGregor was a member of the First Baptist Church. Former-

## POPULAR YOUNG LADY INDORSES NEW KONJOLA

Stomach Misery, Head-  
aches, Awful Dizzy  
Spells; All Quickly  
Relieved.

Indigestion—gas and bloating—feeling like a rock in the stomach which in reality is a mass of undigested food—dyspepsia—intense pain in stomach and chest—wild heart palpitation—feeling like fire from the throat to the pit of the

MRS. A. RISTOW

stomach—awful headaches—loss of weight, tissue and strength—sour stomach—nausea—these are some of the symptoms of a disordered stomach. People who take Konjola say there is nothing like this celebrated medicine to relieve a disordered stomach and put a stop to such distress and misery. For instance, just a short time ago Mrs. A. Ristow, a popular young lady of Hamilton, Ohio, living at 1204 Hanover Street, that city, made the following statement about Konjola while talking with The Konjola Man, who is now in Indianapolis at Hook's drug store, corner Pennsylvania and Market Sts., where he is daily meeting crowds of men and women from all over this section and explaining Konjola.

"Eight years ago the influenza left me a health wreck," said Mrs. Ristow. "I have suffered stomach troubles of the worst kind ever since then, and up until the time I began taking Konjola, I had terrible headaches every day, and those awful dizzy spells would come over me when I tried to do the least bit of housework. I was losing weight fast, simply because I couldn't eat. My stomach had become so bad that just a little food would cause cramps almost immediately after I had eaten. Nothing would agree with me. When I ate the lightest kind of food it would cause gas to form in my stomach and press up around my heart and chest."

"Well, the truth is that I have taken seventeen different kinds of medicine, and some very expensive, and many various treatments. My suffering continued and kept growing worse until I finally began to take the new Konjola. I declare that if I had found this medicine years ago, it would have saved me a lot of money and misery. Since I've taken the Konjola I have gained 18 pounds, and it seemed to give me relief at once from my stomach suffering. I'm able to sleep soundly every night and I feel in the same good condition of health that I enjoyed before having the influenza. I never suffer from dizzy spells or headaches and cramps. I am doing all my own housework, too. I have gained so much in weight and strength because I am able to eat what I want and digest my food. Konjola has helped me in other ways, because I was formerly subject to neuritis pains in my neck and shoulders, but these have disappeared. Yes, I am feeling fine in every way, and I owe my health to this new Konjola. It is a pleasure to pass the word along and endorse this fine preparation."

This Konjola is the new medical compound that has recently accomplished such surprising results in so many instances at larger cities and throughout the Ohio valley. It is believed to be just what thousands of sufferers in Indianapolis have needed for years to actually reach their cases.

The Konjola Man is at Hook's drug store, corner Pennsylvania and Market Streets the busy downtown section of Indianapolis and the easiest to get to, where he is daily meeting the public and introducing and explaining the merits of this remedy. Free samples given.

Konjola is also for sale at all of Hook's drug stores throughout the downtown section of Indianapolis.—Advertisement.

ly she was Women's Missionary Society president of the local church and took a prominent part in the activities of Baptist churches at Bluffton and Marion, Ind.; Decatur, Ill., and Warsaw, Wis.

Surviving are the Rev. Daniel R. MacGregor, the husband, Miss Elsie MacGregor, a daughter, of Indianapolis, and three sons, Dr. Donald MacGregor and Robert MacGregor of Indianapolis and Henry MacGregor of Chicago.

## ASSESSMENTS CHANGED

Valuation for taxation of Indiana property of the Illinois Bell Telephone Company has been increased from \$3,155,659 to \$3,583,169 by the State tax board. Assessment of the Postal Telegraph Company was reduced from \$940,845 to \$936,160. The Illinois Pipe Line Company was assessed at \$5,868,470.
