Physical Training Work Is to Be Demonstrated

Normal college students practicing

Demonstrations of physical training activities will be given by Indianapolis Turner Association members and students of the normal college of the American Gymnastic Union Saturday evening, April 24, at the Atheneum gymnasium.

This week a picked team of men and women from the normal college has been on a trip, giving two performances daily. St. Louis, Detroit, Cleveland, Akron, Buffalo, Pittsburgh and Cincinnati have been visited.

The Indianapolis Turners are preparing for the national physical training tournament which will be held June 15 to 20 at Louisville. The exercises they will show here are to be the same ones which will be presented at Louisville.

The national tournament of the A. G. U., the Louisville meet, is similar to the Olympic games, the program consisting of marching drills, free exercises, exhibition drills, track and field events, apparatus work, fencing, boxing, wrestling, games, swimming, diving and mass drills.

The program to be given here is as follows:

Mass exercises for Louisville National tournament (men).

Running drill (men students).

Mass exercises for Louisville National tournament (women).

Forma of high jumping (men students).

Model drill for Louisville National tournament (men and women).

Club dancing (students).

Mass exercises for Louisville National tournament (business men).

Exercises on line and side horse, and tumbling (women students).

Artistic cantable movements (men students).

Club drill (women students).

Apparatus work (men).

'Two Quart' Hats to Be Popular for Spring Wear

Merchants Say Felts Will Be Worn Late in Summer—Tan and Gray Are Popular Colors.

By Rader Winget

"Two-quart capacity" hats will be in vogue for men in the spring and early summer, Indianapolis style dictators said. This bare statement should be qualified because the fashioners only mean that men's hats will be larger than heretofore.

Felt hats will be worn later in the summer than they were last year. The most popular shades will be gray and tan. The tan will drift off into mode and brown and the gray will slide into steel, slate and smoke.

Of course, the only kinds of brims are the snap and set. The snap brims can be turned and twisted to convey the mood of the wearer. The younger set will find solace in this method of expression.

The set brim, as always, will be practically confined to the older men and those who wish to be conservative.

For sports wear the cap will hold sway. An eight-piece cap with a button on the top is popular, or an English one-piece top of heavy, rich tweed or plaid. The more expensive offerings have a sweat band inside around the entire brim and a full lining. Many caps have crush bills as an added attraction. Bills protrude slightly more than last year.

Black derbies never were popular when removed from their natural surroundings on Fifth Ave., merchants said, and a survey of Indianapolis probably would show only a small percentage of the older men wearing them.

A substitute for the derby, to be used by the younger men, is the black silk crush hat. It has a glossy appearance and the wearer may affect a "devil may care" attitude while under its protecting influence. This type hat may be worn the year round.

BANDIT WORLD KEEPING BUSY

Hold-up, Pickpocket Robbery, Burglary Reported.

One hold-up, an attempted hold-up, a pickpocket robbery and a burglary were the reported activities of the bandit world Thursday night. Walton Ross, 5231 Park Ave., attendant at the National Refining Company filling station, Fifty-Fourth St. and College Ave., told police he was held up by two white men who took \$46, checks for \$46.75 and his watch.

Edward McKnight, 1622 N. Rural St., reported that as he was delivering milk at 4400 Massachusetts Ave., a Negro struck him over the head with a blackjack. McKnight said he retaliated with a blow with a milk bottle and the Negro ran.

As P. J. Spears, 2349 Talbot Ave., was boarding a street car at Market and Pennsylvania Sts., two men jostled him and took his purse, \$50 and valuable papers, according to his story. Henry Seifred and family returning from downtown found their home at 3699 N. Delaware St., ransacked and a necklace, watch and gold eye glass chain valued at \$170, gone.

One Arrested—Negro Who Alleged Dice Were Loaded Is Wounded.

John Montgomery, 32, Negro, 1028 Lafayette St., was arrested by police today and charged with assault and battery with intent to kill Thomas Lewis, Negro, 1450 Martindale Ave.

Lewis and Henry McDonald, Negro, are said to have gone to Montgomery's home and engaged in a craps game. Police say that Lewis seized the dice he declared were crooked and started out the door and that Montgomery fired at him, the bullet striking Lewis in the thigh above the knee. Lewis was taken to the city hospital.

Jones said his auto had been stolen from in front of his home, and he had reported it to the marshal

at Beech Grove, Forrest Thomas, 2027 College Ave., a son-in-law of Pickerill, in the accident, said he did not believe Jones was the driver.
