

## REDUCED RATES ON COAL ASKED

Miners Seek to Revive Industry in State.

Further reduction in freight rates on coal, with the hope of reviving the coal mining industry, which has been on a slump for several months, was sought by Indiana mining officials in a conference today with the public service commission.

A reduction sufficient to enable the Indiana industry to compete successfully with other fields was desired. It was said.

State Mine Inspector Albert C. Dally, State mining board members, Phil Penna, Terre Haute, representing operators, and officials of District No. 11, United Mine Workers of America, were to attend the meeting. John W. McCardle, commission chairman declared.

**NEURITIS PAINS  
VANISHED SINCE  
SHE GOT KONJOLA**

Indianapolis Lady Relieved at Once; Kidneys and Stomach Improved Also, She Says.

"I enjoy such fine health since Konjola has ended my awful neuritis suffering that I can hardly realize I am the same person, and this wonderful new medicine has also cleared up a case of stomach and kidney troubles for me, so I am glad to

endorse Konjola and praise it to others who suffer," said Mrs. Marshall Reid, popular Indianapolis lady, living at 2345 Spann Avenue, this city, while talking a few days ago with The Konjola Man, who is at Hook's drug store, corner Pennsylvania and Market Streets, Indianapolis, where crowds are calling daily to hear him explain this surprising new medical compound.

"I had suffered from neuritis for nine years," continued Mrs. Reid. "For three months before I found the Konjola, I had almost lost the use of my right arm, because I couldn't raise it high enough to even comb my hair, and I felt like it was paralyzed all the time, except for the terrible pains. The back of my neck and shoulders was affected, and the most terrific, sharp pains would attack me, so that I was certainly one miserable person. My head would ache from this suffering and my nerves seemed to jerk and twist all over."

"My whole condition was made worse because of a disordered stomach and weakened kidneys. I never enjoyed by meals, because everything I ate caused indigestion and burning in my stomach. I had pains in the small of my back, due to weak kidneys, and my rest was broken up every night, but, as I said, now I can hardly realize I am the same person, since I have taken the Konjola. In fact, I was relieved at once and the very first week I was free of the stomach misery I had suffered, and since I have continued with Konjola, the neuritis pains have vanished entirely. I can use my right arm freely, and the headaches have gone, as well as the pains thru my shoulders and neck. My nerves are strengthened and I sleep fine every night. It all seems wonderful to me the way Konjola has restored my health. I shall always praise this wonderful medicine for the good it has done me, and I urge everyone who suffers to try Konjola for real relief."

The Konjola Man is at Hook's drug store, Pennsylvania and Market Streets, Indianapolis, where he is daily meeting the public and introducing and explaining the merits of this remedy. Free samples given.

Konjola is also for sale at every Hook drug store in this city.—Advertisement.

## CORONER OPENS BLAST INQUIRY

Looks Into Explosion Which  
Cost Woman's Life.

Coroner Paul F. Robinson today started an investigation of the explosion Thursday at the South Side Seventh Day Adventist Church, Orange and Laurel Sts., which cost the life of Mrs. Minnie Hagerty, 52, of 107 Concordia St., a caretaker.

Mrs. Hagerty died at city hospital several hours after she received injuries when a coal water heater exploded in the furnace room of the church. William Hagerty, her husband, said that she went to the basement, thinking she smelled wood burning. Hagerty said the tank exploded as his wife entered the furnace room. It was necessary to amputate her left leg, struck by a piece of the heavy tank.
