

DENTAL HEALTH WEEK ACCORDED OFFICIAL PRAISE

Talks to Be Given Before Lincheon Clubs of City and State.

Dr. John H. Green, president of the State board of health, and Sol Schloss, city board of health president, have highly commended the educational and oral hygiene committee of the Indiana State Dental Association for the effort it is making during Dental Health week to acquaint the public with simple facts that will lead to better dental health conditions.

In a letter to Dr. Mary H. Westfall, State chairman of the committee, Dr. Green said: "It is a well established fact that many of the most serious ills of adult life are

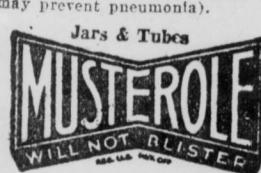

Grandmother Knew

There Was Nothing So Good for Congestion and Colds as Mustard

But the old-fashioned mustard plaster burned and blistered. Get the relief and help that mustard plasters gave, without the plaster and without the blister.

Musterole does it. It is a clean, white ointment, made with oil of mustard. Gently rub it in. See how quickly the pain disappears.

Try Musterole for sore throat, bronchitis, tonsilitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pain and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosty feet, colds of the chest (it may prevent pneumonia).

due to bad teeth and that most dental troubles start with the neglect of the teeth during childhood. Any movement such as Dental Health week that will aid in teaching parents the necessity of proper dental hygiene for their children should have the most hearty cooperation from all.

Necessity for Care

Schloss said: "Too much publicity cannot be given in regard to the early care of the teeth. My short experience with the city board of health has convinced me of the necessity for proper care of the teeth, especially among the younger generation."

The week's activities will include a number of talks before Lincheon clubs of the city and State. Today

at noon, Dr. Frederick R. Henshaw, dean of Indiana University School of Dentistry will address the Rotary Club, at the Claypool; Dr. Mary Westfall, the Gyro Club, at the Lincoln, and Dr. George King, the Mercator Club, Spink-Arms.

Lions Club

Dr. Kyle Mayhall will speak before the Lions Club, Lincoln, Wednesday noon, and Dr. Edward Mitchell before the Kiwanis Club, Claypool, Frank Chance will make a talk at the Indianapolis Advertising Club, Thursday. The Friday talks will be made by Dr. J. D. Jackson, at the Optimist Club, Claypool; Dr. Westfall. The Indianapolis Altrusa Club, Columbia Club, and Dr. Douglas White, the Exchange Club, Lincoln, Thursday evening. Dr. Westfall

will make a radio talk over WFBM, Merchants Heat and Light Company station at 7:30. Cooperation of retail druggists, more than 800 grocers, the Merchant's Association and other downtown merchants in arranging special window displays dealing with dental health has been obtained.

GARY SHOP IS BOMBED

Police Investigate Price War Between Cleaners.

By Times Special Indianapolis, Ind., April 27.—Another bombing in the price war between Gary dry cleaners was investigated by police today.

A bomb was hurled into the plant of the Reliable Cleaners from a near

by elevated track. The explosion did several thousand dollars' damage.

CITY TO HAVE VISITOR

Tulsa (Okla.) Business Men Will Be Entertained Monday.

Indianapolis is going to have its business men visitors. After a week of traveling through Indiana and Illinois on the annual spring courtesy

trip, Chamber of Commerce officials are preparing to entertain 125 business men from Tulsa, Okla., who are visiting the chief cities of the country by special train.

They will be guests of the Chamber at a dinner Monday evening at the Columbia Club.

The train carrying the group has a complete printing plant from which a daily newspaper is issued. From Indianapolis the Oklahomans will travel to Cincinnati.

TO TALK BOND ISSUE

Tax Commissioners Will Discuss Bridge Affair With Attorney.

State tax commissioners granted a conference today with the Carroll County attorney, holding in abeyance their previously announced disapproval of a bond issue for a new county bridge over the Wabash River.

Board members Monday said they

would deny the bond issue because Carroll County commissioners had signed a construction contract on the job before obtaining the State body's approval.

Unusually Good

Surface Coverage for Every Conceivable Purpose

DULL KOTE An interior finish of the flat washable kind, Johnston's Dull Kote, enjoys the enviable reputation of producing results satisfying in every respect as to beauty of finish and economy.

Dull Kote is truly a magical paint with which the interiors of home—whether mansion or cottage—can be made to radiate cheerfulness. It makes the home homelike—as you will like it—as others will like it.

The shades are those in vogue at present—twenty-two of them to select from.

SWANEE-LAC A Brush Lacquer for Home use. Entirely different from any article ever produced—durable, easy of application, clear in tone and will produce a finish on furniture, interior wood-work, floors, metal, etc., that is impossible to obtain with any other finish. Dries tack free in a few minutes and hard enough for use in thirty to forty-five minutes. Full directions on each container. Come in and let us tell you about it.

UNUSUALLY GOOD is one hundred per cent pure paint—contains only pure CARBONATE of lead, pure ZINC OXIDE, and Johnston's pure REFINED Linseed Oil. The superior quality of Unusually Good Paint is easily proven by test—it will last longer and go farther than any other paint. From an economy standpoint it is hard to beat. Whereas ordinary paint will cover 300 square feet to the gallon, Johnston's Unusually Good will cover 400 square feet to the gallon, two coats. And will leave the surface after many years of service in a suitable condition for repainting. If you are contemplating painting your home this spring, by all means investigate Johnston's Unusually Good Paint before you buy.

THRIFT PAINT A thoroughly practical material for the production, beautification and preservation of buildings. Made from Lead and Zinc and the necessary colors to produce the different shades, combined with pure linseed oil and dryers to insure long wearing, satisfying results. THRIFT Paint is in concentrated or unreduced form, and may be quickly converted into a liquid paint, ready for immediate use by simply adding an equal quantity of pure linseed oil. It is not an exaggeration in stating that THRIFT Paint comprehends all the necessary ingredients, and when combined with pure linseed oil, makes the most economical and longest wearing paint possible to secure.
