AN INDIANAPOLIS MAN WAS IN AWFUL STATE OF HEALTH

Stomach and Kidney Troubles Terrible; Given Blessed Relief by the New Konjola.

This Konjola has given me relief from stomach and kidney troubles, that I had been enduring for the past nine years and had also improved my bladder and bowel disorders, and I am sure that nobody could take more pleasure in publicly

claiming this remarkable compound than I do," said Mr. Joseph Sanders, well-known Indianapolis citizen, living at 314 North East St., this city, while talking a few days ago with The Konjola Man, who is at Hook's drug store, corner Pennsylvania and Market Sts., Indianapolis, where crowds are calling throughout each day to find out for themselves about this celebrated medical compound.

"I was in an awful state of health," said Mr. Sanders, "for I couldn't eat a bite of food, but what it would sour, and I was unable to keep a thing I ate on my stomach. My digestion had completely failed, I would bloat up after a meal, and have a choked feeling in my throat and chest, from the fermented food which caused the gas and bloating spells. I had to rise from bed eight and ten times a night, due to weakened kidneys, and the pains across the small of my back would almost stagger me at times—they were so severe. I was nervous and cold sweat would stand out on my body, and I would shake like a leaf. Besides these troubles, I had a bad case of constipation, and was weak and rundown in general.

"Well, I got this Konjola and began taking it, and let me say that it has positively brought me around in wonderful shape. The condition of my stomach is so improved that I can eat anything and retain it on my stomach. The food which I eat now digests fine, and I am not troubled with gas and bloating or the sour, fermenting condition which existed in my stomach before. I can sleep right on through each night, without getting up once, and my back pains are also relieved since my kidneys are acting properly again. I am not nervous any more, and do not have the sweating and shaking spells like I did. Konjola has given me blessed relief in more than one way, and I surely am glad to help others by telling about the work of Konjola in my case, as I think the whole world should know about this wonderful medicine."

This Konjola is an excellent combination of medical ingredients blended together into a liquid mixture, which seems to have a surprising effect upon the stomach, liver, kidneys and bowels and in instances of neuritis and rheumatic troubles. Many people who take Konjola say afterward that it seems to act like magic and sufferers throughout this entire section are turning to this remarkable preparation for relief.

The Konjola Man is at Hook's drug store, corner Pennsylvania and Market Sts., Indianapolis, where he is daily meeting the public and introducing and explaining the merits of this remedy. Free samples given.

Konjola also is for sale at every Hook drug store in Indianapolis and by all druggists in the nearby towns.
