

BISHOP LEETE IS MEMBER OF CHURCH BODY

Methodist Church Leaders Aid Ministers' Sons and Daughters.

Bishop Edwin H. Hughes, Chicago, is the president of the Methodist Ministers' Sons and Daughters Society, which announced its organization today with headquarters at 740 Rush St., Chicago.

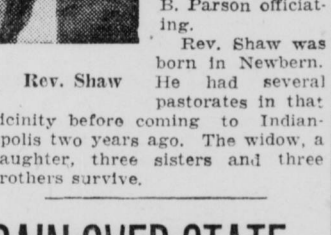

Its executive secretary is Dr. J. W. Irish, and other officers include: Vice-president, Dr. Mele N. English, Oak Park, Ill.; secretary, L. O. Jones, Lincoln, Neb.; treasurer, C. S. Woods, Cleveland, Ohio.

This new organization is an extension of a similar association which was organized at Madison, Wis., June 9, 1924.

The new association, however, is national in its operations. According to Bishop Hughes, the society is made up of sons and daughters of Methodist ministers and, according to its articles of association, it shall be the effort of said society to create and perpetuate among the descendants of ministers of the Methodist Episcopal Church and all other Methodist churches a social and fraternal fellowship and to collect, preserve and publish interesting and helpful data concerning the achievements of ministers' sons and daughters, especially those of the Methodist church; its major purpose shall be to assist in the establishment of a Methodist ministers' sanitarium at Colorado Springs, Colo., in memory of the fathers and mothers of the paragon, and dedicated to the care of people suffering from tuberculosis.

The first unit of the National Episcopal Sanitarium for Tuberculosis is in course of erection at Colorado Springs, Colo. The National Sanitarium when completed will have 200 beds. It is being built on the most modern lines with the best possible equipment. The site is at the foot of the Rocky Mountains, and is considered to be from the health standpoint one of the most satisfactory sites for a tuberculosis sanitarium in the United States.

Services Held for U. B. Pastor

Rev. Shaw was born in Newbern, Ind. He had several pastorates in that vicinity before coming to Indianapolis two years ago. The widow, a daughter, three sisters and three brothers survive.

RAIN OVER STATE CHEERS FARMERS

Showers Bring Drop in Temperature—Still Cloudy.

Hoosier farmers today went about their work heartened by rain, which fell in most localities of the State Sunday, breaking a dry spell which started April 28. The rain was needed badly. Some places in northern Indiana had no rain, however.

Partly cloudy and somewhat cooler weather was the prediction for tonight and Tuesday. Showers are probable, bureau officials said.

The hot weather of last week, and Sunday's rain have gone toward bringing to normal growth crops hindered by inclement April weather. Meteorologist J. H. Armstrong said.

POLICE ARREST 95 MOTORISTS OVER WEEK-END

Campaign Follows Demand of Mayor and Board of Safety Head.

Ninety-five motorists, a record number, were arrested over week-end by police in their campaign to stop speeding, reckless driving and other traffic law violations in Indianapolis.

The week-end police activities followed a demand by Mayor John L. Duval and O. D. Haskett, board of safety president, that a steady campaign on speeders and reckless drivers be maintained and a conference between Police Chief Claude F. Johnson and Traffic Inspector Lester Jones.

Twenty-four alleged speeders, fifty-five motorists without proper lights, three alleged intoxicated drivers, five reckless drivers, five who violated stop ordinances and two charged with being under age were arrested.

The three charged with driving autos while intoxicated were: Harry E. Cole, 42, of R. R. O. Box 1411; Charles R. Bright, 35, of 213 N. Noble St.; and Dora Gardner, 41, of 217 N. Jefferson Ave.

Fred Douglass, 17, of 2027 N. Jefferson Ave., was charged with being under age, failure to have chauffeur's license and reckless driving.

Kenneth Jones, 16, of 2051 Kenwood Ave., was charged with driving under age, failure to have certificate of title and failure to have lights.

Five drivers charged with reckless driving were: Gilbert Phillips, 41, of 1101 S. Pershing Ave.; Walter Cooley, 1133 W. Eleventh St.; Earl Dill, 32, of 1523 N. Illinois St.; Wilbur Connell, 19, of 1940 Lexington Ave.; and John Hall, 22, Negro, of 615 S. Noble St. Cooley is also charged with passing a street car which was unloading passengers.

FRAUD QUIZ CONTINUES

Several Witnesses Called Before Jury in Election Affair.

The Marion County grand jury today continued its investigation of alleged frauds and contempt acts committed at the polls last Tuesday, according to Deputy Prosecutor William H. Sheaffer. Several witnesses were called before the jurors. Sheaffer said he could not tell whether their would be any indictments returned.

Prosecutor William H. Remy last week said evidence which he had to present to the grand jury probably would result in the indictment of at least three persons under the corrupt practice act.

BUILDINGS BILL MAY NOT AFFECT CITY FOR MONTHS

New Federal Construction Here May Be Delayed Years.

Times Washington Bureau, 1322 New York Avenue, WASHINGTON, May 10.—New Federal building construction in Indianapolis, under terms of the public building bill just passed by the Senate may not be authorized for months, and probably not for several years.

Congressmen and Senators are being swamped with new pleas from their important cities for construction of new postoffices and courthouses. But they will be unable to promise definite results for months.

Before the bill becomes a law, differences between the House and Senate must be adjusted by conferences, and then the President must affix his signature.

Although \$100,000,000 is provided for a five-year program for cities outside of Washington, no specific appropriation is made for this fund. An additional \$10,000,000 may be used for cities where work was authorized in 1919 but not completed.

Business & Industrial NEWS

DAVIS BUS LINES ARE USED DAILY BY 1,100 PERSONS

Company Operates Five Lines With Eleven Coaches.

An average of 1,100 persons a day now are being transported over the E. F. Davis Motor Lines, operating from the bus terminal, 54 Kentucky Ave., according to A. G. Harman, general manager of the company. Business conditions are decidedly improved now over a few weeks ago, he said.

An increase of approximately 100 passengers a day has been made recently, Harman said, and with better weather of spring at hand he anticipates a still greater transportation increase.

Five lines are operated by the company from its depot. Eleven bus coaches, twenty-one passenger chair-cars, are being used by the company, which has been operating for four years.

Cars leave the depot 7:30 a. m., 9 a. m., 11 a. m., 1:30 p. m., 3 p. m., 5 p. m. and 8:15 p. m. daily with a car on Saturdays and Sundays added at 10:45 p. m.

New equipment and special rates are two attractive features of the service of the company now, Harman said. He writes, effective April 18, will remain in effect until May 23.

"We are seeking to do our part in helping to make this a city of a million population, providing for it the best we can give in transportation service," said Harman.

BODIES ARE MADE FOR TRUCKS BY BERND BROTHERS

Local Company Celebrates Its Fifty-First Anniversary.

The fifty-first anniversary of the Bernd Bros. Company, 109-115 W. Morris St., was celebrated May 1 and the company slogan, "We served your Dad, why can't we serve you?" was given considerable stress.

The Bernd Bros. Company manufactures bodies for various types of trucks, ranging from small delivery trucks to the huge overland trucks. Theodore J. Bernd, secretary-treasurer of the company, pointed out.

It has enjoyed an unusually large repair business, being called upon to overhaul a large number of trucks of commercial users. Many new improvements have been made in body designing and many firms are taking advantage of these changes, Bernd said.

The Bernd Company recently completed trucks for the Connersville Packing Company, D. Sommers & Co., Schlosser Bros., Power-Potter Furniture Company, Bessie & Co., Bartlett Tea and Coffee Company, Hoosier Products Company, six delivery bodies for the Standard Nut Margarine Company and five special designed bodies for the Northwest Sales Company.

The company makes light delivery trucks for a number of local concerns, which add to their fleet each year. It also manufactures special refrigeration bodies which are used in the transportation of meats, butter and perishable foodstuffs. Modern demands for specialized types of bodies have increased its business.

BRIDGE OPENING HELPS BUSINESS OF GLASS FIRM

Indianapolis Company Gives Factory Prices to All Customers.

The opening of the Kentucky Ave. bridge over White River meant a marked improvement in the business of the Indianapolis Glass Company, 1010 Kentucky Ave., according to Parker H. James, president of the company.

For more than a year, the closing of Kentucky Ave. during reconstruction of the bridge has affected the company's business, but several lines of automobile glass, which had been discontinued, have now been replaced, James said.

"Demands for various types of automobile glass are strong now that we are back in that business again," he said.

"We are giving factory prices to all customers, being able to supply a steady demand for replacements of glass. We supply glass for Marmon and Stutz cars and carry a large stock of such glass." James pointed out that his com-

pany was equipped to replace automobile glass "while you wait." Plenty of parking space about the firm's location enables customers to remain in their cars while workmen are cutting the proper glass and making installations.

Prices for automobile glass are lower now than they have been for six years, James said.

Other varieties of glass, including plate and window glass, are handled by the company, which has been established for seven years. A corps of fifty men is employed and an excellent delivery system is maintained throughout the city and State.

SHOOTSELF IN RAID

Little Hope Held for Recovery of Vincennes Man.

By United Press
VINCENNES, Ind., May 10.—Hospital attendants here today were doubtful of the recovery of Deak Willis, 35, wounded with a raiding party searching the home of James Armstrong, south of Vincennes.

Willis was shot through the abdomen with a bullet from his own revolver, which was accidentally discharged.

Feeling Fine since I took FOLEY PILLS

It is a glorious thing to awake with a lively, healthy, energetic body. It is miserable to drag an aching, tired, weary body from a restless, sleepless bed.

The chances are that impaired kidney and bladder action has failed to clear the blood stream of lurking poisons which cause the distressing aches.

So there is backache, rheumatic pains, weary tired feeling, dull headaches, a general discomfort, and disturbed bladder action.

Foley Pills, a diuretic stimulant for the kidneys, are a reliable valuable medicine that promotes healthy normal activity of kidneys and bladder. In constant use for over 25 years. Contains no harmful ingredient. Satisfaction guaranteed. Ask your druggist for Foley Pills.

MRS. WOLFARD INJURED

Wife of Governor's Secretary Hurt in Auto Crash.

Suffering with concussion of the brain received in an auto accident near Millville, Mrs. Maude Wolfard, wife of Pliny Wolfard, secretary to Governor Jackson, was in a serious condition in a hospital at Newcastle, Ind., today.

Wolfard's auto collided with another machine at a crossroads. Mrs. Wolfard was jammed between the front and rear seats of the auto and was unconscious for hours. Wolfard escaped with minor injuries and their young son was unhurt. Occupants of the other car were not injured.

REPORT HOUSE ON FIRE

Chester A. Baker, salesman for Joe Taylor, live stock commission firm at the stock yards was called to his home north of Bridgeport today when his house was reported on fire.

Home of W. O. Mattern, a fellow salesman, south of Bridgeport was burned last week.

The Successful Working Woman

She prides herself upon her efficiency. She is as alert in regard to her health as her work, and has learned that time lost through preventable illness is not good business. She has also learned that Lydia E. Pinkham's Vegetable Compound is a reliable medicine and does not hesitate to recommend it to her fellow workers to protect their health, which is their greatest asset.

Mrs. Elizabeth Chamberlain, who works in the Unional Factory, Trenton, N. J., says she got "wonderful results" from taking Lydia E. Pinkham's Vegetable Compound.

YEGGS GET \$117 LOOT FROM SAFE

Police Believe Band Has Been at Work Again.

Yeggs obtained \$117 from the safe of the Highway Service Corporation, 329 N. Capitol Ave., over the week-end, company officials discovered today.

A back door had been forced and the safe battered open.

Police believe a band of safe robbers, who secured nearly \$10,000 from downtown stores and offices several weeks ago, was responsible.

Chester Fryberger, 218 N. State Ave., told officers that a lone bandit held him up Sunday night near Beville Ave. and Washington St., securing \$45 and some railroad passes and receipts.

Police arrested Frank Sherlock, 1435 Fletcher Ave., on an infraction charge after he reported he had been held up and robbed of \$25. He admitted the hold-up report was false.

Roy Taylor, Negro, 1333 Fayette St., was held on a burglary charge. He was arrested late Saturday in connection with the burglarizing of Patrick Barton's grocery, 2134 Northwestern Ave. A pay phone and \$60 worth of meats and groceries were taken. Number of other small burglaries were reported.

'SERVICE' MOTTO OF UNDERTAKER HERE TEN YEARS

Trend Away From Holding Funerals in Homes, Says Director.

"To serve humanity better" is the professional slogan of Roscoe Conkle, funeral director, 1934 W. Michigan St. For ten years he has been engaged in business for himself, after having formerly been associated with one of the most progressive funeral directors in Indianapolis. Conkle is a native of Kokomo, Ind., but has been in Indianapolis most of his life. He is one of the best known men of his profession in the city.

Conkle has been established in his present location since last July 1. He has an eight-room funeral home, well appointed to care for funerals. A beautiful chapel, accommodating 120 persons, provides space for funerals. The Conkle funeral home has a brick veneer finish and is an attractive place.

Modern preparation rooms and a casket display room occupy part of the lower floor. Rooms for attendants are upstairs.
