Dandruff Goes! Hair Gets Thick, Wavy, Beautiful

Save your hair! Dandruff disappears and hair stops coming out.

Within ten minutes after an application of Danderine you can not find a single trace of dandruff. One application dissolves every particle of dandruff; invigorates the scalp, stops itching and falling hair. Furthermore Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow strong and beautiful.

Bobbed hair has made the girls aware of the dangerous effects of unsightly dandruff which is now more apparent than ever since the hair is short. Danderine is a sure way to get rid of dandruff and immediately doubles the beauty of your hair. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a small bottle of Danderine from any drug store or toilet counter for a few cents and keep that dandruff out of your hair and off your shoulders.—Advertisement.

CONFESSIONS OF A FAT WOMAN

NO. 20

By Idah McGlone Gibson

Now in passing let me give you a concrete illustration of what I have done with myself. I have followed the regime laid down very carefully and am still following it.

I think it is worth any sacrifice I have made, and again I say to every woman that reads these words that every woman can look well unless she is deformed. It is up to the woman. If she cares more for her ease and her stomach than she does for her appearance and her health, she will eat more than she ought and take less exercise than is necessary.

I am going to close these very personal confessions by adding that my friends have always marveled that I was able to do so much work with the same enthusiasm I had when I commenced twenty-five years ago—an enthusiasm that I had be-

gun to lose as I allowed myself to grow fat and lazy. I said to myself I was growing old. I know now that I was only growing lazy. I have gone back to taking care of myself. I had thought I did not have time to do it. I know now that if I had not taken time I would have been a victim of overeating, overstrained nerves and under exercise.

I have lost all the fat across my shoulders. My arms have become something less than columns of fat and my ankles are becoming such a size that I am having all my skirts—which have steadily grown longer since my hips peeled down—made shorter this week.

I am feeling better, doing more work and looking better than I have in two years.

Go thou and do likewise.
(The End.)

ORANGE-JELLY

Place oranges in hot water for a few minutes. Pour off hot water and cool oranges in cold water. They can be peeled easily, this way. Break into pieces. Put in kettle and add water to come about half way up to the top of fruit. Cook until juice is extracted, then pour pulp

and juice in a colander to drain. Measure equal parts of juice and sugar into kettle and boil until a little cooled on a plate begins to jell. Place in jelly glasses and when cool cover with paraffin.

Her Own Way A STORY OF A GIRL OF TODAY

A CALLER

"I told Mamie about Buddy ordering \$200 worth of handkerchiefs from me that morning and I confess I was a little envious as I saw the tender smile that wreathed her lips. I wondered why I had never loved anyone like that, when I wanted to so much."

"Buddy is going to send for Toronto to come to Chicago and teach me. I am going to be his only pupil."

"Is Buddy also coming to Chicago to live?" I asked bluntly.

"No. He is going to stay in New York with his wife."

"Then he did tell me the truth," I said quite involuntarily. "He does intend to do that one decent thing."

Mamie didn't ask me what that decent thing was and I asked: "What are you going to do with your mother? What will you tell her?"

"I am going to tell her that I have found a music teacher who will pay me a living wage to be his secretary, and will teach me to sing for nothing, or rather will wait for his money until I am an opera singer."

"I am going to borrow twenty-five thousand dollars from Buddy, and I am going to bring home my little thirty dollars a week to mother. Then I am going to pay Toronto his regular price. Buddy and I have figured it out that this money will keep me with strict economy for three years. By that time I will know if I can really amount to anything as a singer."

"Oh, Judy, I am very, very happy," Mamie exclaimed as she burst into a torrent of tears.

"Tut, tut. What is your friend weeping about? If her eyes are as pretty as yours, my dear, it is very bad business to cloud them over with tears."

We—Mamie and I—had been so taken up with ourselves that we never noticed there was anyone else in the room. When we heard this speech, however, Mamie began hur-

WOMAN COULD NOT SLEEP

Her Mother-in-Law Knew A Remedy

Mrs. Belle Thompson, of Georgia, was in a very weak and run-down condition for four years. She had great difficulty in getting to sleep at night and even when she did sleep she did not sleep soundly. She would wake up again and again. Besides this her appetite was poor. "My mother-in-law told me of Lydia E. Pinkham's Vegetable Compound and Lydia E. Pinkham's Sanative Wash," she writes. "I took six bottles of the Vegetable Compound and I was not the same woman at all. I could sleep and would get up in the morning singing and feeling fine. I am the mother of three children and always after the babies came I had to take medicines, but I can truly say that this last time I have only used the Sanative Wash. It does me more good than the medicines. It keeps me on my feet to care for my children and I do most of my work. I feel it my duty to let you know how both of the medicines have helped me."—MRS. BELLE THOMPSON, R. 2, Rossville, Georgia.
