

BEVERIDGE WILL EXPLAIN DRIVE

To Tell of Historical Group's Aims Tonight.

Former United States Senator Albert J. Beveridge, chairman of the American Historical Association's endowment committee, will be principal speaker tonight at a meeting at the University Club, called to explain aims of the current drive for funds.

Seventy-five representative citizens from various parts of the State have been invited to attend. Other speakers will be Solon J. Buck of Rochester, N. Y., executive secretary of the endowment committee; Dan W. Simms of Lafayette; Arthur W. Brady of Anderson, R. I.; Morris M. Feuerlicht of Indianapolis; and J. W. Fessler of Indianapolis.

Puzzle a Day

Seven of the finest horses entered in the Kentucky Derby were lined up for examination in front of the judge's stand. They formed two

rows (as shown in the diagram above). Three horses stood in the front row, and four in the back. At the request of a judge, two horses were led out of place for further examination. By this movement, the entire formation was changed. The horses now formed five rows of three horses each.

Which two horses were led out of line?

Last puzzle answer: The porter carried 14 mattresses in the first trip from the linen couch to the baggage train, 12 the second, 9 the third, 8 the fourth and 4 the fifth, making 50 mattresses in five trips. This makes (14 plus 12) 26 mattresses the first and second trip, (12 plus 9) 21 the second and third, (9 plus 8) 17 the third and fourth and (8 plus 4) 12 the fourth and fifth.
