Lowden - Dawes - Watson  
Wing in G. O. P. Boomed,  
Leaders See.

By United Press  
WASHINGTON, June 8.—The victory of Smith W. Brookhart, insurgent, in the Iowa Republican senatorial primary over Senator Cummins, incumbent, was met here today with varying interpretations. Among insurgents and farm relief bloc members, it was hailed with satisfaction.

In Administration quarters, it was taken as indication that the West is in revolt. Rightly or wrongly, the fall of Cummins was viewed as a severe slap at the Coolidge regime.

### Hope for Bill Now

To the farm relief group, it spelled possibly slightly better prospects for their efforts to get farm relief through this Congress. To the Republican machine it sounded a rebuke to Senator Butler, Massachusetts, head of the organization, for engineering Brookhart's ousting from the Senate in favor of Daniel F. Steck, Democrat.

Opponents of the Administration chorused that it was a new handwriting on the political wall, rounding out the recent defeats to Administration men in Illinois and Pennsylvania.

Growth of an unprecedented Lowden-Dawes wing in the Republican party was also foreseen. Three big leaders in the West—

It was understood that the letter mentioned the duchess' impending visit to Sandwich as a guest of Lady Astor as the time determined upon for the kidnaping. A lunatic with a hatred for the entire royal family is believed to have written the letter.

## FIRE QUIZ BARES TRIPLE MURDER

Police Believe Woman and Grand Children Slain.

By United Press  
NEW YORK, June 8.—The murder of an aged woman and her two small grandchildren was suspected by police today investigating a fire in a small cottage on Long Island.

The bodies of Mrs. Ponzelli, 65; Mary Mazza, 4, and John Mazza, 2, were found burned in the cottage at the edge of the Jamaica marshes Monday. At first it was thought they had died in the flames, but an autopsy disclosed that the woman had been beaten to death with a club and the girl stabbed repeatedly in the abdomen. The boy's body was too badly burned to permit definite conclusions.

The old "underground railway" of pre-Civil War days listed 3,111 agents, station keepers and conductors who helped escaping slaves.

## DRY LEAGUE HEAD MAKES DENIAL OF CONTEMPT INTENT

Shumaker Files Answer to  
Gilliom's Charges—Dis-  
charge Asked.

Complete denial that either contempt or intimidation was meant in the last annual report of the Rev. Edward S. Shumaker, Indiana Anti-Saloon League superintendent, was made today by Shumaker in an answer before the State Supreme Court to the charges brought against him and his associates by Attorney General Arthur L. Gilliom.

The answer was accompanied by a motion to discharge the defendants. Each of the allegations carried in Gilliom's original and amended informations "was denied, and the charges branded false. It was set out that Shumaker "had no intent to intimidate or put fear into the minds of the court or to directly or indirectly control the action of the court," and that there was "no intent or purpose to create disrespect or prejudice the minds of the people of Indiana against the court."

Gilliom's charge that the report was published against the will of the league's trustees is denied, as well as the charge that Ethel A. Miles and Jess E. Martin, league attorneys and co-defendants in the case, had "collaborated" in the report.

Lack of jurisdiction is cited as ground for discharge of the three, together with a reference to the constitutional privilege of free speech.

## OFFICER'S BUY OF LIQUOR FOR TRAP ASSAILED

Judge Asserts Agent Who  
Purchases Is as Guilty  
as Seller.

An officer who buys liquor from a man to trap him is as guilty of violating the prohibition law as the seller, declared Special Judge John P. Robbins in Criminal Court Monday afternoon during the trial of Lucius Wilson, Negro, 527 N. Talbot St., charged with specific sale.

"I don't put much faith in an officer who will make a buy to trap an offender," said Judge Robbins when Seth Ward, former Federal prohibition agent, testified he bought liquor from Wilson several times in order to prefer charges.

"We use every means to head off violations of this law," explained Prosecutor William H. Remy. Remy declared the prohibition law is one of the hardest to enforce.

The case was continued until Saturday upon the failure of Charles McMurray, former Shortridge High School student, the chief prosecuting witness, to appear. The trial had been postponed several times because of McMurray's absence. Prosecutor Remy ordered that McMurray be arrested and held in jail until final hearing.

Wilson, who has been convicted on blind tiger charges three times since 1919, is alleged to have supplied students with liquor.
