

# FRANCE WILL NOT TRADE COLONIES FOR WAR DEBTS

Remembers Louisiana Purchase—Premier Frowns on Suggestion.

By United Press  
PARIS, June 15.—France will not put her colonial possessions on the bargain counter.

That is the government's reply to a certain faction of French members of Parliament who, despite the Mellon-Berenger debt agreement, still urge an attempt to trade off to the United States certain French colonies in settlement of the war debt.

Cannot Forget  
France cannot forget how America, with the knock of a shrewd Yankee trader, struck a bargain with Napoleon and bought Louisiana and the States to the north for \$80,000,000 francs. France has sold only one colony, but the lesson cost her dear.

A certain group in Parliament would send an offer to Washington to trade Martinique, one of the windward islands in the West Indies; the barren and rocky islands of St. Pierre and Miquelon, inhabited by fishermen and run runners off the southwestern coast of Newfoundland, and Guadeloupe, another West Indian island possession which now does a three million dollar business annually with the American mainland. All they would ask in return is that the \$4,000,000,000 war debt be stricken off the books.

No, Says Premier  
The minister of colonies, to whom the proposition was submitted, was prompt in his protest to M. Briand. "We have nothing to sell," the premier replied, emphatically.

# FORM WOMEN'S SERVICE LEAGUE

Headquarters of Overseas Organization Here.

Incorporation papers for the Women's Overseas Service League, a national organization of women, who served abroad in the World War, were filed today with the Secretary of State, preparatory to establishment of national headquarters in Indianapolis.

Miss Adah E. Bush of Indianapolis, one of the charter members, has been named chairman of the committee in charge of establishing national headquarters. Her sister, the late Ruth Charlotte Bush, was a founder.

National officers are Helen Douglas, Atlanta, Ga., president; Sara Inman Bell, Atlanta, corresponding secretary; Aileen Hagerty, Havana, Cuba, recording secretary; and Estelle Martin, Atlanta, treasurer. Headquarters will be established in one of the buildings on the Indiana War Memorial Plaza. The organization represents more than 20,000 women, who served overseas.

# GARVIN TO TAKE UP COURT DUTIES

Governor Names Attorney as Municipal Judge.

Thomas E. Garvin, local Democratic attorney, will assume his duties as judge of municipal court on Wednesday morning, he announced today following his appointment by Governor Jackson to succeed the late Judge Edward W. Felt.

Garvin, who is 31, was the Democratic nominee for city judge in 1921. He has practiced law in Indianapolis for the last ten years. He was born in Evansville, attended the Chicago law school and was graduated from the Indiana law school in 1917. Shortly afterward he enlisted in the anti-aircraft artillery and served on the front several months. Following the war he was active in forming the American Legion in Indiana.

Garvin is married and has one daughter. They live at 3810 N. Pennsylvania St. He is a member of the Presbyterian Church and of various Masonic organizations. His appointment is for Judge Felt's unexpired term, about three and a half years.

# \$10,000 FOR HOSPITAL

Mrs. Howard H. Spaulding Jr., Chicago, Makes Riley Donation.

Hugh McK. Landon, president of the Riley Memorial Association, today announced the cash gift of \$10,000 for the building fund of the Riley Hospital from Mrs. Howard H. Spaulding Jr. of Chicago. The gift was unsolicited and comes nearly a month after the close of the State-wide campaign for \$150,000. The gift was made because of Mrs. Spaulding's deep interest in the work of the hospital. She was formerly Miss Catherine Barker, daughter of one of the founders of the Hackell-Barker Freight Car Company at Michigan City, Ind. She came into a fortune of \$300,000 left by her father and is sole owner of stock in the concern.

# COOLIDGE WILL EAT WITH NEGRO

Departs From Precedent to Honor Haiti President.

By United Press  
WASHINGTON, June 15.—The Nordic President of the United States and the brown-skinned president of the West Indian Negro republic of Haiti will break bread together today in the White House, twenty years after President Roosevelt stirred this country by inviting Booker T. Washington, Negro educator, to luncheon.

It will be the first time a President of the United States has eaten with a Negro. While Roosevelt invited Booker T. Washington to luncheon, the two sat at separate tables.

President Borono of Haiti is tall and imposing. He dresses fashionably and is well educated.

A huge delegation of Washington Negroes greeted him at the Union Station.

President and Mrs. Borono proceeded to the White House shortly after their arrival, where they were presented to President and Mrs. Coolidge. Ten minutes after they left, President and Mrs. Coolidge returned the call at the Haitian legation.

# FAMOUS SONS OF PURDUE HONORED

584 Degrees Awarded at Annual Commencement.

By United Press  
LAFAYETTE, Ind., June 15.—Five hundred and eighty-four degrees were awarded today at the annual commencement ceremony at Purdue University.

Honorary degrees were conferred on George Ade, John T. McCutcheon and C. H. Robertson, all Purdue graduates.

Chase S. Osborn, former Governor of Michigan, who was compelled to quit Purdue before completing his work with the class of 1889, was given the bachelor of science degree.

Dr. Frank Baldwin Jewett, vice president of the American Telephone and Telegraph Company, commencement speaker, urged the graduates to consider seriously the expanding field of scientific and industrial research.

Donald Cunningham, graduate of the school of mechanical engineering, was awarded the western conference medal as the outstanding student in athletics and scholarship.

Among the seniors receiving degrees was Lowell Martin, Lafayette, who did all his work at home and successfully passed the examinations.

# FOOD PRODUCTS PRICES ARE CUT

Only Few Advances Evidenced at City Market.

A lower price tendency was in evidence today at the city market, due to the over supply of fruits and vegetables. Only a few advances were made.

Watermelons were off 90 cents at \$1.60 each. White asparagus was slightly cheaper at 10 cents and three bunches for 25 cents. The green variety was unchanged at 20 to 60 cents. Gooseberries were down at 15 to 25 cents a quart.

Home-grown cherries were lower at 12 1/2 to 25 cents a quart. California cherries were steady at 40 to 50 cents a pound. Peaches were down to 10 cents a pound. # NEED OF BACKING INDUSTRIES TOLD

Pennsylvania Merchants Asked to Boost.

Merchants must boost the city's industries and aid in the creation of greater purchasing power, W. Gerold Holmes, director of the manufacturers' division of the Chamber of Commerce, told the Pennsylvania Street Business Men's Association at the Columbia Club Monday night.

He said the essential aid to retail business is the financial possibilities of the working class.

"The man who produces tangible goods is the basic factor in a more prosperous Indianapolis, for, after all, the production of goods that have an exchange value creates true community purchasing power," Holmes said.

# HEALTH

## How to Get It and How to Keep It

If the reading of this teaches you only this one lesson about your own body it may be worth more than millions of dollars to you; for of what use is money without health, or after you are dead?

The lesson is this:—"Keep your system pure and you will have health and strength to gain and enjoy happiness, success and length of years."

But you may ask:—

### How Can I Keep My System Pure?

That is not a hard question to answer, for physiology plainly teaches you that your liver, which is larger than all of your other vital organs combined, has the special work of purifying your blood and thereby your entire system and of keeping it pure and healthy.

### How Does the Liver Purify?

Physicians tell us that the liver purifies the system by manufacturing greenish-yellow, bitter fluid called bile, which, when mixed with stored up bile in the gall-bladder, and after each meal is poured out into the intestines. The bile is purgative and antiseptic or germicidal. In health, it is your bile that makes your bowels act regularly and freely every day—it is Nature's only purgative. It is your bile that keeps your bowels pure, sweet, clean and free from the germs of fermentation (gas) putrefaction, decay and disease. Remember that germs cannot live where there is bile and there can therefore be no fermentation to cause gas, no putrefaction or decay to produce poisons or toxins. Also as bile is Nature's purgative, there can be no constipation if the bile is flowing naturally and freely into the bowels after each meal.

But when the bile stops flowing freely into your bowels stop acting regularly and the system becomes a foul, stagnant, breeding bed for the germs of fermentation (gas), decay and disease. These poisons (called toxins) are gradually absorbed into your blood and circulate all over your body, poisoning your spleen and every vital organ of your body, including your liver, stomach and bowels.

### Nature's Danger Signals

When your car gets out of fix you can tell it. It is the same way with your liver. Nature gives you warning

—not by words, but by signals or symptoms. Your doctor recognizes these danger signals and you also should know them and instantly heed them. It will save you much pain, serious illness and perhaps big repair bills.

When the bile stops flowing freely into your bowels you, sooner or later, begin to feel some of the following signs: your breath may become heavy or foul, your tongue coated, a bad taste in your mouth, your food and tobacco lose their natural flavor, your food does not agree with you; you may have heartburn, gas, or fluttering around the heart, dizziness or blind spells; you may be troubled with belching or frequent passage of gas from the bowels; the gas "balloons" your bowels and presses so hard on the kidneys that it gives you pain, soreness, stiffness in the small of your back, over the kidneys, making you think you have kidney trouble; at night the gas in your bowels presses upon your bladder, thus bringing into your sleep. In the morning you are tired instead of refreshed. Gradually your health is injured. Your complexion becomes sallow, muddy or yellow—your skin may be disfigured with liver spots or pimples; you may become sleepless, restless and irritable or blue and melancholic. You may have frequent, dull headaches; your bowels stop their free, full and natural action; you have constipation, fermentation, gas, putrefaction and self-poisoning or "auto-intoxication" as the doctors call it.

### How to Make the Bile Flow

We have learned that bile is Nature's purgative and Nature's antiseptic (or germ killer) for the bowels; that, in health, bile keeps the bowels moving regularly and freely every day and prevents fermentation, gas, putrefaction, decay, disease and self-poisoning.

But when the bile stops flowing freely, how can we start it up again? The answer is, Take Calotabs at bedtime and drink water freely the next day. This treatment represents the best thought and experience of the best physicians in every civilized country of the world. No other purgative will do. If you take oils, salts, cascara, or the many other staple-laxative syrups, powders and candy laxatives, you are merely wasting valuable time. They only make you feel better for a day or two. They do not remove the cause for they do not increase the flow of the bile, which is Nature's only purgative and antiseptic. When you take Calotabs you know that you have taken a real, doctor's medicine. It cleans you out thoroughly. Every inch

of your twenty-five-foot canal, including your stomach, small intestines and large intestines, is thoroughly cleaned and washed clean and pure and your bile is flowing freely. Next morning your liver is active, your system is purified and refreshed and you are feeling fine with a hearty appetite for breakfast. Eat what you please and go about your work—there is no danger, for Calotabs are perfectly safe and create no habit except the habit of health.

### What Are Calotabs—How Do They Act?

Calotabs are a real doctor's medicine—the best of their kind ever devised. Kings, presidents and millionaires have traveled far and have paid rich fees to the world's greatest physicians and have regained their health by this medicine. But now, thanks to modern manufacturing methods, even the poorest person can easily find the price of a package of Calotabs, for they are now manufactured by the millions, in one of the largest medical laboratories in the world, and are sold wherever medicines are sold, in convenient, economical packages, price thirty-five cents for a large, family package.

Calotabs are composed of a thoroughly purified and refined calomel combined with assistants and correctives. The calomel increases the flow of the bile and every physician knows that no other medicine can take its place; there is no such thing as a substitute for calomel. The assistants act like salts, washing the calomel out of the system and preventing its accumulation and any possibility of danger. The correctives settle the stomach and bowels, preventing nausea, sickness and grating effects.

(Calotabs (and water) therefore, give you the combined effects of calomel and salts without the nauseating, sickening, griping and dangerous effects of either.

The medicine chest of every home should be supplied with Calotabs, for they are needed in almost every case of sickness, and if used promptly, may prevent many cases of serious illness.

### Directions for Using Calotabs:

Complete directions, in plain language which every one can understand, are contained in each package of Calotabs. Ask your retail druggist to order a package for you. The price only thirty-five cents for the large, family package, will be cheerfully refunded if you are not delighted with the results. —Advertisement.
