

## COOLIDGE TAKES STAND AGAINST COLLEGE R. O. T. C.

Opposes Military Training  
With Guns—Hearings on  
Bill Concluded.

By Times Special  
WASHINGTON, June 16.—President Coolidge's tacit opposition to compulsory military training in high schools attracted renewed interest in a controversy which has been argued pro and con during the last few months, growing from a revolt among some college students against shouldering arms and doing squads right as part of their courses.

Coolidge took compulsory physical training himself as a student of Amherst College, and believes in it. But he does not believe that compulsory military training with firearms is either beneficial or necessary, according to the view expressed by his spokesman at the White House Tuesday. He regards it as conducive to a militaristic spirit, whose growth he would deplore.

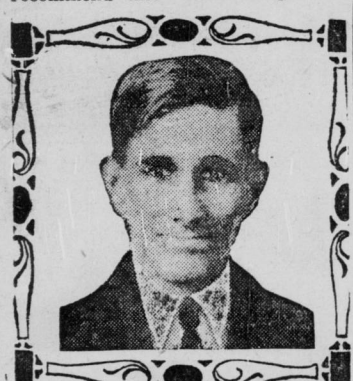

Hearings Held  
Only a short while after the President's position was stated, the House Military Affairs Committee closed hearings on a bill to abolish compulsory drill in schools and colleges, and the acting chairman of the committee, Representative James, Michigan Republican, declared that the measure was "dead and embalmed" already. He said he had found no member of the committee who was for it.

Sayre Heckled  
The hearing was devoted to a four-hour grilling of John Nevins Sayre of New York, who has led the fight against compulsory training in schools and colleges as chairman of the committee on militarism in education.

Among organizations which recently have taken a stand against compulsory military training in schools and colleges are the Federal RHEUMATISM WAS  
SUCH TORTURE HE  
COULDN'T WALK

Local Man Quit His Work;  
Suffered Misery Before Using  
the New Konjola.

"I think I must be the happiest man in the city since I got Konjola, for this medicine has ended every ache and pain I had from rheumatism, and I certainly feel I owe it to others who suffer to publicly recommend this new compound."

MR. FLOYD WOODALL

said Mr. Floyd Woodall, well known Indianapolis citizen, living at 213 S. Oriental St., this city, while talking a few days ago with The Konjola Man at Hook's drug store, Pennsylvania and Market Sts., Indianapolis, where crowds are calling daily to find out about this celebrated new medicine.

"My case certainly was a bad one, and I never thought three bottles of any medicine would so completely end all of my suffering," continued Mr. Woodall.

"I had rheumatism for seven years, and it affected me mostly in the knees and ankles. Pains would shoot all through my legs, and they would nearly fall over, and finally the swelling got so bad I couldn't lace my shoes and my limbs were about twice the normal size. I just had to creep to work, and our foreman gave me a job where I didn't have to stand up. But I kept getting worse, and finally gave up my job. I was off six months and couldn't get more than a block away from home. I was in such tortures I couldn't walk for weeks at a time. Besides the rheumatism I was suffering also from kidney and bladder trouble, and I had terrible bladder irritation that added to my misery. No one knows how I suffered those mornings when I got up and went to work."

"It would be hard for me to tell you all the medical attention and various remedies I tried, but yet, I continued to suffer and lost weight and my whole system was shattered. I decided to try Konjola, and it's an honest fact, just as I have said, that three bottles of this medicine ended every ache and pain that I had. All of the swelling, soreness and misery is relieved so that I can get around fine in this city, and the kidney and bladder trouble is improved so I don't have to get up once during the night, and the stinging pains are gone. I get up feeling good in the mornings, and I still feel good when evening comes."

"You know that anyone who has been relieved of suffering like me couldn't help but praise Konjola, and talk about it, for it is the only medicine that helped me, and I always intend to recommend it."

The Konjola Man is at Hook's drug store, Pennsylvania and Market Sts., Indianapolis, daily meeting the local public and introducing and explaining the merits of this remedy. Free samples given.

council of churches, the American Federation of Labor, the Presbyterian Assembly and the Northern Baptist convention.

At the War Department it was pointed out that the Government sent instructors and provided equipment for R. O. T. C. units in schools only upon the request of the schools themselves. It is up to the schools whether the drill is compulsory or elective. The sentiment for such units is increasing, it was said, and new requests for establishment of military training have come only in the last few days.

## TWO NORTH SIDE CRIMES REPORTED

Police Investigate Hold-up  
Robbery at Home.

Police squads investigated a north side hold-up and burglary Tuesday night, but made no arrests. Police said they have no trace of a Negro who accosted a woman.

Robert F. Grover, 4008 Broadway, said two Negroes took \$2 and his stick pin and ran. Grover said he had been visiting a friend at 2035 N. Meridian St., and went to the alley to get his auto when one of the bandits thrust a gun at him.

J. G. Marshall, 2134 N. Delaware St., and family returned home Tuesday evening and found burglars had broken open a second floor window. The house was ransacked and two men's suits, two watches and two rings were taken. Marshall could not estimate the value on the rings.

Miss Edith Huntsinger, 19, of 4500 Massachusetts Ave., was walking along Massachusetts Ave., near Sherman Dr., at 6 p. m. Tuesday when a Negro walked up, seized her arm and said, "How much money have you got?" She said she replied, "None," and the Negro ran.

Martin Hazel, 507 E. Washington St., reported \$140 was taken from his home.

## CHARGED WITH MURDER

Fatal Shots Fired at Negro After  
Argument in Cafe.

Daniel Harris, 33, Negro, 215 Indiana Ave., today was charged with murder, following the fatal shooting of Charles Gorton, Negro, Fourteenth and Mill Sts., in rear of the De Luxe Cafe, 319 Indiana Ave.

Harris is alleged to have fired six shots at Gorton, after Gorton is said to have called Harris abusive names following an argument. Gorton's body was found in rear of 343 Indiana Ave.

Harris said he thought the last shot took effect. Mike McGuire, 611 N. Senate Ave., who accompanied Gorton to the cafe, was held as a witness.

## FALLS THROUGH BRIDGE

Mrs. Clyde May, 1701 Thaddeus St., was injured about the left leg and back when she fell in a hole in the Pleasant Run bridge at Minnesota St. early today. Police said several boards on the bridge were loose.
