

MELLETT MURDER CITED BY PASTOR

Says Public Officers Must
Stand for Right.

Referring to the slaying of Don R. Mellett, publisher of the Canton Daily News, the Rev. William A. Shullenberger, pastor of the Central Christian Church, said in an address Monday night before the Fairview Christian Assembly, now in session at Fairview Park, that "the public must demand right from public officials. Leaders in public life must stand for right."

Dr. John Booth of St. Louis, Mo., executive secretary of the Christian board of church extension, will speak at tonight's assembly gathering. The orchestra from the Hillside Christian Church will play.

An audience of over 2,500 persons attended Monday night. The persons in attendance are composed largely of the congregations of the thirty-nine Christian churches of Marion County who are sponsoring the meetings.

A choir of 600 voices gave the musical program, led by the Rev. Virgil P. Brock, Marion County evangelist of the Christian Church.

M'NAMARA BRIEF FILED

Union Leader Takes Appeal Step in
Supreme Court.

Appellant's brief for John J. McNamara, secretary of the Bridge, Structural and Ornamental Iron Workers' Local Union No. 22, convicted in Criminal Court of blackmail in connection with the destruction of interior furnishings at the new Elks' Club, has been filed with State Supreme Court.

McNamara was sentenced to the Indiana State Prison for one to five years and fined \$1,000. He was charged with threatening workmen on the Elks building with personal and financial injury if they did not cease work. In the brief, filed by Charles E. Cox, the position is taken that if the "pecuniary advantage" McNamara is alleged to have sought includes a man's job, then "a great many employers are frequently guilty of violating the blackmail statute."

GAS RATES LOWERED

Commission Grants Vincennes 20 Per
Cent Reduction.

Gas rates at Vincennes have been made the lowest in the State through an order promulgated Monday by the public service commission. The new order makes the rates 20 per cent lower than those established a year ago when the case of the Central States Gas Company of Vincennes was carried to Federal Court.

The new rate is 65 cents a thousand cubic feet for industrial gas. A reduction of 92 cents for the first 2,000 cubic feet of domestic gas also has been effected.

Puzzle a Day

An investor bought a square corner lot in Muscle Shoals, intending to build a home there. The first thing the new owner did was to lay a sidewalk facing both streets. For this sidewalk he used 61 blocks of stone, each block measuring one yard square. But before his house was started a real estate agent offered to buy his lot at a profit of 10 cents a square foot. The investor accepted the offer.

How much money did he make?

Kills Pesky Bed-Bugs

Doctors declare that bed-bugs and other vermin are the most to be feared means of spreading such diseases as consumption, spinal meningitis and other infectious troubles. There is no disgrace in getting bed-bugs in your home, because that can't be avoided. But it is a disgrace to permit them to remain and thrive when it is so easy to get rid of them with the new chemical compound, P.D.Q., which quickly puts an end to these pesky devils.

A Million Bed-bugs

A 35-cent package of this golden chemical will make a quart of a mixture that is so deadly to bed-bugs that it would kill a million of them if you could get that many together. Instantly it smother and annihilates the living creatures, costs their eggs and stops them from hatching and multiplying.

Cut This Out

Your druggist has P.D.Q. and will be glad to furnish it for 25 cents. One package makes a quart of the mixture and is equal to a barrel of old-fashioned bug-killer. Don't accept a substitute. If your druggist hasn't P.D.Q. write Owl Chemical Co., Terre Haute, Ind., sending us your name and 35 cents and we will send you a package postage prepaid to your address.

Will Not Damage Goods
