

## PASTOR TAKES HIS CONGREGATION TO THE COUNTRYSIDE

The Rev. Fackler Preaches Sunday Sermon Under the Trees.

A stump of a tree was the pulpit Sunday for the Rev. L. C. E. Fackler and the roof over the congregation was the blue sky.

This came about when the Rev. L. C. E. Fackler took the congregation of St. Matthew Lutheran Church Sunday to Snyder's Park, near Fountaintown.

This was the second annual excursion of the Rev. Fackler and his congregation into the country for worship. Last year this pastor struck upon this novel idea and yesterday he repeated it again.

An effort was made to get as many family groups at this service under the trees in the park. Automobiles were used to take the members of the church and friends to the park.

The start was from the church, and was made early enough so that the pastor could begin preaching under the trees on the theme, "The Truth Concerning the Mustard Seed," by 10:30 a. m.

Following the sermon, a basket dinner was served in the park. And then the entire afternoon was given over to a program of sports and games.

"We attempted to have a more elaborate program of games this time than last year," the Rev. Mr. Fackler said.

This out-of-door service is proving so successful that it will be one of

## SAYS THAT SIX YEARS STOMACH MISERY ENDED

Indianapolis Lady Finds Long Sought Relief in the New Konjola.

"After the blessing Konjola has been to my health, and the wonderful relief it gave me from that terrible stomach misery I suffered for six years, I don't believe there is anything I can say or do that would repay for the good this medicine has

MRS. LIZZIE DAFFIN

done me; but I will always recommend it to my neighbors and friends and publicly endorse it."

This is one of the most unselfish and about the most grateful statement of praise which has recently been received by the Konjola Man, who is at Hook's drug store, Pennsylvania and Market Sts., this city, where he is meeting a crowd of men and women every day and personally explaining this celebrated new medical product, Konjola, which is giving amazing relief throughout this section to people who suffer from stomach, liver, kidney and bowel disorders.

The statement referred to is from Mrs. L. Daffin, well-known Indianapolis lady, living at 3202 Roosevelt Ave., this city. She gave a detailed report of the relief Konjola has brought to her, and also offered her photograph for publication.

"I feel that I cannot say enough in praise of this splendid medicine," said Mrs. Daffin. "The truth is that Konjola has cleared up a terrible case of stomach trouble for me which had been a puzzle to the best authorities for several years. I have tried almost everything, and medicine upon medicine has entered my system within recent years, but it is a fact that this Konjola preparation finally seemed to go right to the very cause of my trouble."

"I believe I suffered nearly every form of stomach misery, including cramps, bloating, terrible headaches, indigestion, hot and cold flashes, poor appetite and lost weight. All the time I endure agonizing pains which seemed to become more severe as the suffering continued, and with such nervous indigestion I never thought I could improve my health."

"Well, I lost faith in anything that looked like medicine, but I had a wonderful chance to see what Konjola would do for I knew some people, who were taking it, and everybody around me seemed to be talking about this new medicine. I had enough faith in it to get my first bottle, and before I had taken half of it I picked up in strength and could eat such things as beans and cabbage which used to be poison to my system. I continued with Konjola, and now the pains, bloating, gas and indigestion have disappeared, and I don't suffer with cramps, headaches, or hot flashes like I did before. My weight has also increased, and in short, I am really a new person, and it was Konjola alone that gave me the long sought relief which I needed. I feel that I cannot say enough in praise of this wonderful medicine of yours."

The Konjola Man is at Hook's drug store, Pennsylvania and Market Sts., Indianapolis, where he is daily meeting the local public and introducing and explaining the merits of this remedy.

Konjola is sold at every Hook drug store, and by other leading druggists in surrounding towns.—Advertisement.

## OHIO WOMAN SOUGHT

Former Indianapolis Resident Believed to Have Returned.

Efforts are being made locally to determine the whereabouts of Mrs. Josephine C. Roberts, formerly of Indianapolis, who left her home in

Cleveland, Ohio, Jan. 9, and has been missing since.

According to her husband, C. C. Roberts, now of Buffalo, N. Y., Mrs. Roberts is 30 years of age, weighs about 130 pounds, is about 5 feet 9 inches tall, of slim stature and has brown bobbed hair. Her left hand is

slightly deformed, having been frozen when she was a child.

Mrs. Roberts, whose maiden name was Habich, was born here. She first married Frank C. Wilson of Indianapolis, now dead, her present husband says. He thinks she first went to Pittsburgh and then pos-

sibly to Indiana. Roberts asked that any information be addressed to him at box 193, Buffalo, N. Y.

At one time kings and nobles were the only ones permitted to wear beards.

## Hemorrhoids Disappear

No Cutting or Salves Needed to Banish Piles

External treatments seldom cure Piles. The cause is inside—bad circulation. The blood is stagnant, the veins flabby.

The bowel walls are weak, the parts almost dead. To quickly and safely rid yourself of piles you must free the circulation—send a fresh current through stagnant parts. Internal treatment is the one safe method. Ointments and cutting won't do it.

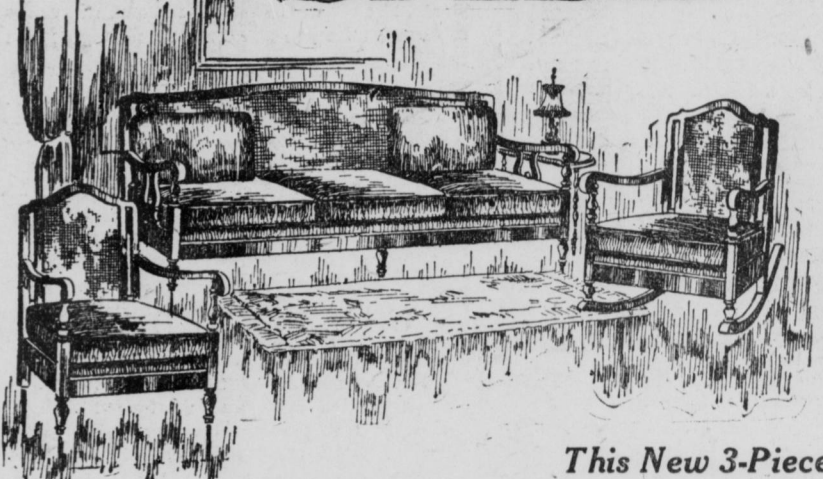

J. S. Leonhardt, M. D., a specialist, set at work some years ago to find a real internal remedy for piles. He succeeded. He named his prescription HEM-ROID, and tried it in 1,000 cases before he was satisfied. Now HEM-ROID is sold by druggists everywhere under guarantee. It is a harmless tablet, easy to take, and can always be found at Hook's, who will gladly refund the purchase price to any dissatisfied customer.—Advertisement.
