Awful Kidney, Rheumatic and Bowel Trouble Finally Conquered by New Konjola, She States.

The astounding relief this celebrated new Konjola medicine has given in so many cases of suffering throughout Indianapolis and vicinity is surprising local druggists and the general public alike. Statements are being received daily from all parts

MRS. STELLA MOORE

of this city and nearby towns, in which the amazing work of Konjola is described. A recent report of this kind was received from Mrs. Stella Moore, popular Indianapolis lady, living at 945 East Market Street, this city. Her statement about Konjola was issued to The Konjola Man, who is at Hook's drug store, corner Pennsylvania and Market Streets, Indianapolis, where large crowds are calling daily to find out for themselves about this remarkable remedy.

"I suffered for three years with a great many health troubles," said Mrs. Moore. "My kidneys were in a dreadful condition, which caused sharp, terrible pains in my back. When trying to bend over or straighten up, these pains would become so agonizing I thought I couldn't stand them any longer. My bowels were in a very congested, irregular condition and I can hardly remember a day when I didn't have to take some strong laxative or cathartic. My hands, feet and ankles were swollen, and on a trip to California last summer my feet began to swell up, and I had to finish my trip in carpet slippers. My stomach was disordered, and the food I ate would sour and ferment in my stomach, causing me to bloat up with gas, and many times I would get short of breath at nights and had to get up and walk around for relief. I would be subject to fainting spells at any hour of the day; I would get dizzy and everything turned black in front of me. The rheumatism had centered in my hips and there was always a dull, sore feeling at all times, but very often I suffered sharp, piercing pains that almost killed me."

"Yes, I suffered a great many health troubles, and when I started taking Konjola I never expected to get near as much relief as this medicine gave me. Why, it seems that your new compound benefited every organ in my system, and at the same time the swelling left my hands, ankles and feet, and I began to realize my health was improving faster each day. I don't have any rheumatic pains at all now, and the backaches are gone, my kidneys are working as they should, and I have gotten relief from the bowel and constipation trouble for the first time in years. I don't have to use strong laxatives like I did before and my stomach is improved so that I eat anything laid on the table, because I know it will digest right. I never live in fear of fainting spells or dizziness any more, because it has been, several weeks since I had the last attack, and oh, you don't know how thankful I am to your new Konjola. It proved a blessing to me, and I am more than grateful."

The Konjola Man is at Hook's drug store, Pennsylvania and Market Streets, Indianapolis, where he is daily meeting the local public and introducing and explaining the merits of this remedy.

Konjola is sold at every Hook drug store, and by other leading druggists in surrounding towns. Advertisements.

PLAN NEW PARLEY ON LICENSE WAR

Kentucky-Indiana Officials to Confer Here.

By United Press
EVANSVILLE, Ind., Aug. 18.—An attempt to reach a truce in the Indiana-Kentucky license war will be made Sept. 2 at a conference of Indiana and Kentucky officials in Indianapolis. It was learned today following a conference between Secretary of State Frederick E. Schortemeyer and local business

plans to seek a Federal injunction restraining enforcement of the Kentucky law.

If this effort proves futile, a concerted reciprocal action against Kentucky by neighboring states will be negotiated.

Schortemeyer pointed out that the Indiana statute requires the Secretary of State to accord automobiles from other States such privileges as are accorded Indiana automobiles operating in those States.

ARRANGE PEACE PARLEY

By United Press
