

BOOZE RUNNER GETS FINES AND TERM IN COURT

Taken After Gun Fight—Alleged Employer Sentenced—Both to Jury.

Captured after a heavy exchange of shots with Sheriff Omer Hawkins and deputies north of the city, Friday night, William Hinton, 18, of 116 W. Raymond St., confessed booze runner, received two fines and a jail sentence in municipal court this morning and was held to the grand jury on transporting liquor and conspiracy to commit a felony charge.

His alleged employer, Claude Adams, 29, of 1519 Dawson St., was fined \$200 and sentenced to sixty days on the Indiana State Farm and held to the grand jury on charges of transporting liquor and conspiracy.

Heavy Cargo
A heavy cargo of alcohol, ninety-two gallons, discovered in Hinton's car, was being brought here for State Fair week, it was said. He received a \$25 fine for having no certificate on his car and \$200 and sixty days on a blind tiger charge. Bond for both men was set at \$5,000, after they pleaded guilty. Warrant against Hinton charging shooting with intent to kill was continued indefinitely.

When the sheriff's car flashed its red light on a roadster driven by Hinton from Chicago Heights, Ill., a volley of shots was let loose from the machine. The sheriff returned the fire, about fifteen shots being exchanged before Hinton was captured.

Arrest Adams
He told the sheriff that he was employed by Adams at \$50 a week to haul liquor here, and the officers arrested Adams at his home. A sedan found outside Adams' home and said to belong to Hinton, had a five-gallon can of alcohol in the rear. Hinton denied ownership of any of the liquor.

A man riding with Hinton escaped before the sheriff's car overtook Hinton. This man is said to be a fugitive from Tennessee.

Asthma Nearly Made Him Change Climate

Got well at home, two years ago, and trouble never returned.

Sufferers who are thinking of changing climate for asthma or bronchial troubles, will be interested in the experience of Earl L. Harvey, 231 N. Tacoma Ave., Indianapolis. He says:

"I had asthma for about nine months, and was in very bad condition. I had spent \$88.00 for treatment without any relief. My trouble really started with flu back in 1918. I couldn't sleep at night, would choke up and have to be propped up in bed. I had shortness of breath, a tight cough and pains in my stomach. I sold my household goods, intending to go to Colorado for relief, but a friend recommended Nacor and I began taking it in August, 1924. I had not been able to work all spring and summer. On the 13th of September, 1924, I started to work again and have since been able to work hard every day without any ill effects. I have only taken 2½ bottles of Nacor and am entirely well; no symptoms of asthma, pains or cough and my breathing is good again. I haven't taken any medicine since November, 1924, and am enjoying the best of health."

Hundreds of people who suffered for years from asthma, bronchitis and severe chronic coughs, have told how their trouble left and never returned. Their letters and a booklet of vital and interesting information about these serious diseases, will be sent free by Nacor Medicine Co., 412 State Life Bldg., Indianapolis, Ind. The more serious your case, the more important this free information may be to you. Call or write for it today—Advertisement.

PEDAGOGY WILL BE GIVEN RECOGNITION

New Shortridge Memorial to Honor Higher Public Service, Says Art Lover—Subscriptions Come In.

"America often has recognized in bronze and stone her politicians and her soldiers. The memorial to pedagogy at the new Shortridge High School will be a recognition of a higher public service, a getting back to the fundamentals—the education of youth—which is of as much worth as anything in civilization."

This was the statement today of an Indianapolis art lover in discussing the \$25,000 memorial which will adorn the esplanade of the new north side high school. The memorial plan will contain the figures of Mary Nicholson, Laura Doman, Nebraska Cropsey, Charity Dye and Rhoda E. Sellick, beloved veterans of years of teaching experience who, in the consensus of Shortridge alumni opinion, most characteristically typify the teaching profession.

Other Names

There will be also an inscription of names of other teachers, the list to be chosen later, and these names will be a part of the memorial. A

WOMAN GOLFING CHAMPION READY

(Continued From Page 1)

the start and believe that was half of my victory.
Sunday I intend to play over the Olympia Fields course with Mrs. Joseph E. Neff of South Bend, president of the Indiana Women's Golf Association, and I know I will like the course, as it is reported to be wonderful.

After winning the state championship, I only had dreams of going to the Western, until the Indianapolis Times asked me to go to the meet, report it for them, and play. I wanted to enter from South Grove, municipal course, where I belong, but when it was learned the club was not a member of the Western Association, the Highland Golf and Country Club extended an associate membership to me and I am entering as their representative. The telephone company eliminated another obstacle when it gave me time off to go.

Cards Sent In

My five cards, all around 90 on the Highland course were mailed with my entry, early this week. I have worked hard getting into shape and feel better than I have for some time. Daddy gave me four new steel shafted clubs, a spoon, jigger, niblick and midiron. You would be surprised to know the left that the spoon gives me when I get bad lies on the fairway and can't use my brassie. The steel shaft in the midiron adds fifty to seventy-five yards to the distance I formerly obtained with my old club. Gee, it has a wonderful whip to its shaft. The jigger, my old standby club in the tall grass, also gives more distance, due to the whip in the shaft. I never will forget the shot from the tall to the green.

In going to the Chicago meet, I am making one of the longest trips from home I have ever had. I am pleased to carry the Indiana championship banner to the meet, and believe me I think my game is right and will be disappointed if I don't get somewhere in the play. I hope to play in a manner that will make my many Indiana friends proud of their representative.

It was a shot that made me confident of my golfing ability in tall grass and the rough, and my new club will be a big help. The niblick, with more pitch, gets me out of the sand in fine shape although I have learned that if you don't hit the ball right, you are lost.

I am pleased to carry the Indiana championship banner to the meet, and believe me I think my game is right and will be disappointed if I don't get somewhere in the play. By United Press.
PORT HURON, Mich., Aug. 21.—Adelard Lebert, a modern Enoch Arden, whose supposed suicide four years ago was followed by remarriage of his wife, payment of life insurance to her, and Lebert's subsequent return only to be declared an imposter by his self-styled widow, will have an opportunity to prove his identity in Circuit Court here.

ROAD BONDS PROTESTED

Taxpayers' Body Remonstrates Issue for Troy Ave.

A remonstrance against the proposed \$53,000 bond issue for resurfacing and widening of Troy Ave. between Shelby and Harding Sts., which was filed Friday by twenty-one taxpayers, will be certified at once to the State tax board, County Auditor Harry Dunn said today. The remonstrance was filed with Dunn by W. C. Hushbaum, attorney for the Indiana Taxpayers' Association.

The street is now fourteen feet wide and constructed of concrete with a gravel surface at each side. The county proposes to widen the street six feet and resurface it with asphalt. The remonstrance states the improvement is not a public necessity in proportion to its cost and will be of service only to abutting property owners. It complains the township tax rate is already too high.

The episcopal committee of the church has voted to accept the suggestion of President Calles, and seek relief from the new religious laws both in Congress and the courts, seeking injunctions against operation of the laws.

HOLD-UP, SWINDLE, THEFTS REPORTED

Motorist Says Bandits Took Money and Keys.

One hold-up, an alleged swindle and several burglaries and thefts were being investigated by police today.
Marvin Pointer, 1237 De Loss St., reported that three masked bandits, who drove alongside his auto near the Three Notch Road and Meridian St., at Southport, took \$3 and auto keys.

Two women, selling lace which they represented as being imported, really were palming off a cotton, machine-made product, E. D. Ballestad, 222 Lenox Bldg., said. Two women in that building purchased a table set for \$15.

A sneak thief took \$53 from under his pillow while he slept Friday, George Anslam, rooming at 522 W. New York St., reported.

Other thefts reported were: Homer Miller, 2310 Indianapolis Ave., set of drums, valued at \$85, and Standard Oil station, Sixty-Third St. and College Ave., twenty gallons of oil, worth \$16.

CAREER OF 'BABY BANDITS' AT END

One in Penitentiary—Other Likely to Die.

By United Press.
PUEBLO, Colo., Aug. 21.—With the condition of Leslie Gonce, "baby bandit," shot here Friday, by arresting officers, described by hospital attendants today as "critical" and his brother, Forrest, sentenced from twenty to thirty years in the penitentiary, their spectacular career has been brought to a close.

It was believed the 14-year-old youth will not recover from a downward street yesterday.

The chief topic of discussion here today was whether the shooting of the youth by Sheriff Sam Thomas and his deputy, C. L. Fiscus, was justified.

Officers and spectators disagreed as to whether the youth drew his gun before the officers fired and as to whether Fiscus continued to fire after he had fallen to the sidewalk.

District Attorney J. Arthur Phelps said that an investigation of the affair would be conducted by his office.
