

COUNTRY MAY PUT OUT BOOTLEGGERS

Wholesale Deportation of Alien Violators Likely.

By United Press
WASHINGTON, Aug. 24.—Deportation of bootleggers who are not citizens of the United States—an often discussed, but so far unused weapon—soon may be attempted on a major scale.

Assistant Secretary of the Treasury Andrews is expected to confer with Labor Department officials on deportation proceedings after his vacation.

Dry authorities say the effort to banish George Remus, convicted Cincinnati rum vendor, from America as undesirable was only a forerunner of what might be expected to follow. A deportation drive would "finally end bootlegging by aliens," prohibition officials believe.

WANT GOVERNMENT JOB?

Positions at \$2,400 to \$3,000 a Year "Going Begging."

By United Press
WASHINGTON, Aug. 20.—Uncle Sam is looking for capable men who want to earn from \$2,400 to \$3,000 a year and in addition get thirty days sick leave and thirty days annual leave a year.

The jobs are open at the Agriculture Department. Secretary Jardine needs several assistant warehouse examiners to inspect cotton warehouses and to determine their suitability for the storage of cotton and other agricultural products.

The civil service commission reports that the "jobs are going begging."

SAYS THAT SIX YEARS STOMACH MISERY ENDED

Indianapolis Lady Finds Long Sought Relief in the New Konjola.

"After the blessing Konjola has been to my health, and the wonderful relief it gave me from that terrible stomach misery I suffered for six years, I don't believe there is anything I can say or do that would repay for the good this medicine has

MRS. LIZZIE DAFFIN

done me; but I will always recommend it to my neighbors and friends and publicly endorse it."

This is one of the most unselfish and about the most grateful statement of praise which has recently been received by the Konjola Man, who is at Hook's drug store, Pennsylvania and Market Sts., this city, where he is meeting crowds of men and women every day, and personally explaining this celebrated new medical product, Konjola, which is giving amazing relief throughout this section to people who suffer from stomach, liver, kidney and bowel disorders.

The statement referred to is from Mrs. L. Daffin, well-known Indianapolis lady, living at 3202 Roosevelt Ave., this city. She gave a detailed report of the relief Konjola has brought to her and also offered her photograph for publication.

"I feel that I cannot say enough in praise of this splendid medicine," said Mrs. Daffin. "The truth is that Konjola has cleared up a terrible case of stomach trouble for me which had been a puzzle to the best authorities for several years. I have tried almost everything, and medicine upon medicine has entered my system within recent years, but it is a fact that this Konjola preparation finally seemed to go right to the very cause of my trouble."

"I believe I suffered nearly every form of stomach misery, including cramps, bloating, terrible headaches, indigestion, hot and cold flashes, poor appetite and lost weight. All the time I endured agonizing pains which seemed to become more severe as the suffering continued, and with such nervous indigestion I never thought I could improve my health."

"Well, I lost faith in anything that looked like medicine, but I had a wonderful chance to see what Konjola would do, for I knew some people, who were taking it, and everybody around me seemed to be talking about this new medicine. I had enough faith in it to get my first bottle, and before I had taken half of it I picked up in strength and could eat such things as beans and cabbage which used to be poison to my system. I continued with Konjola, and now the pains, bloating, gas and indigestion have disappeared, and I don't suffer with cramps, headaches, or hot flashes like I did before. My weight has also increased, and in short, I am really a new person, and it was Konjola alone that gave me the long sought relief which I needed. I feel that I cannot say enough in praise of this wonderful medicine of yours."

The Konjola Man is at Hook's drug store, Pennsylvania and Market Sts., Indianapolis, where he is fully meeting the local public and introducing and explaining the merits of this remedy.

Konjola is sold at every Hook drug store, and by other leading druggists in surrounding towns.—Advertisement.

These Are Tough for Children

Children will have to think a long time if they are going to answer all of these questions correctly, for some of them are difficult. The correct answers are on page 12.

1. What's wrong with this picture?
2. What is Scotland Yard?
3. What city is built on seven hills?
4. What is the translation of "Veni, Vidi, Vici"?
5. What is the highest mountain in North America?
6. Who is Clara Bow?
7. Correct this sentence: I saw her and she together.
8. What does 20 divided by 5, times 9 equal?
9. What is President Coolidge's first name?
10. In what State is the Yosemite National Park?

UNLAWFUL VOTING TARGET OF PARTY

Democrats Seek Publication of List.

Officials of the Democratic county organization today were taking steps to forestall unlawful voting in shady precincts at the county election in November.

Humphrey Harrington, Democratic member of the Marion County board of registration, was to confer soon with County Auditor Harry Dunn in an effort to obtain publication of the complete registration list of Marion County for distribution to party workers in every precinct.

The plan was suggested by County Chairman Leroy J. Keach at a meeting of the candidates' council of the party Monday at the Indiana Democratic Club.

Keach said a poll of one precinct in Indianapolis which voted 560 persons in the 1924 election showed 216 either moved from the precinct, had died or were not otherwise entitled to vote there.

\$6,000 PREMIUMS FOR BOYS, GIRLS

Fair Board Seeks to Promote Interest.

With more than \$6,000 premiums offered, the State board of agriculture has made an effort to increase interest of boys and girls in livestock and home economics at the State fair, which opens Sept. 4.

E. J. Barker, secretary, said hundreds of Hoosier boys and girls will enter exhibits.

The boys' home economics school will be from Aug. 30 to Sept. 10 in the Women's Building at the fairground, and will be in full swing during the fair. The girls enrolled are selected by various organizations in counties throughout the State. One girl is chosen from each county.

The boys who attend the fair, making exhibits of livestock or other farm products or those who will take part in judging contests under the direction of county or local leaders, will be given an opportunity to spend the week at the boy's club camp. Arrangements will be made to house and feed at least 250 boys.

MUST CURTAIL ROAD BUILDING

County to Keep Fund Levy Within Limit.

Keeping the county general fund levy within 11-cents and at the same time carrying out the proposed county road projects, totaling \$1,078,000, is puzzling the county commissioners, County Auditor Harry Dunn admitted today. A curtailed road building program will be worked out, following conferences between commissioners, the auditor and county councilmen.

Cassius L. Hogle, commissioner, declared the road situation would be improved if the State highway commission would build roads in this county. Hogle said that more than half the State roads in this county have been built from county funds and "the highway commission takes the glory."

Hogle sided with W. W. Spencer, member of the State election commission, who recently declared that the law should be changed which makes the county pay thousands of dollars to the State through gasoline taxes, and receives no benefit.

SENATOR FERNALD OF MAINE IS DEAD

Succumbs Following Illness of Ten Days.

By United Press
WASHINGTON, Aug. 24.—United States Senator Bert M. Fernald, former Governor of Maine and one of its Senators since 1916, died here in his sixty-ninth year.

The end came late Monday after physicians had given up hope of saving Fernald, victim of intestinal poisoning and heart trouble. He had been ill ten days.

Besides his wife, Senator Fernald leaves a son, James H. Fernald, of West Poland, and a daughter, Mrs. Norris T. Eveleth, of Kennebunk.

LENROOT MAY GET POST

Expected to Succeed Fernald on Important Committee.

By United Press
WASHINGTON, Aug. 24.—Senator Lenroot (Rep.), Wisconsin, is expected to become chairman of the important public Buildings and Grounds Committee succeeding Bert M. Fernald, Republican, Maine, who died Monday.

The advancement will assist Lenroot in his campaign for re-election against Governor John J. Blaine. It is believed Senator Warren, 82-year-old Republican Senator from Wyoming, is next in line on the basis of seniority, but his age and the fact that he already is chairman of the Appropriations Committee practically eliminate him.

Senator Fernald, was one of the quietest Senators while in the Chamber, but he was member of the Commerce, Interstate Commerce and Pensions Committees, and took an active part in committee discussions. He was serving his third term.

New Teacher at Indiana Central

Miss Leora Weimar

Courses in journalism are to be started this fall at Indiana Central College under the instruction of Miss Leora Weimar, 4021 S. State Ave.

Miss Weimar studied in the Medill School of Journalism, Northwestern University, and comes to Indiana Central from Defiance College, Defiance, Ohio, where she was head of the departments of journalism and dramatics. She also has specialized in dramatics, for two seasons, being connected with the Stuart Walker Company studying play production and direction. She is a graduate of the schools of liberal arts and oratory of Indiana Central College and a graduate student in the school of speech, Northwestern University. Miss Weimar will also teach courses in speech at Indiana Central College.

FEED BIRDS BY PLANE

By United Press
PHILADELPHIA.—An airplane will be used to distribute feed to the game birds in Blair County, Pennsylvania. A hopper with a capacity of 200 pounds will carry the feed, which will be mixed grain and corn. This will be spread at convenient places for wild life.

Heard in People's Lobby Monday

"Oh, Grace, do look at that golden brown fibre suite; wouldn't that look smart in our sun room—and only 79.50."

"Run in and buy one of those fibre plant stands, George, they won't last long at 89c."

"I've shopped the town and, believe me, that walnut vanity, chiffon and bed is a real value at 119.50."

"Look at that map—did you know People's was a chain store—no wonder they can sell at cash prices—No Payment Down."

"Don't Lew Shank have something to do with this store? Yes, Anna, he sells their trade-in furniture at auction."

"Let's go in and walk through the model apartment; they never coax you to buy."

"Mother, I would love to have that hand decorated ivory bedroom suite for my room. Isn't it chic for 147.50?"

"No wonder Mrs. Harper bought her American Beauty Iron at the People's. Look in that case—\$7.50 is the same price you see in all the magazines, but here it's No Payment Down."

"Say, Kate, let's trade in our old leather davenport suite on one of those swell fibre suites at 79.50. Whaddaya say?"
