Another hold-up was added to the week-end list by a belated report made by Thomas Whithead, 1324 N. Jefferson Ave. He told police that he and Noble Brewster, same address, were halted by three bandits in a new car, on a one-way bridge near Waverly, Ind., about 10:30 p. m. Sunday. Two of the bandits, with faces covered with colored handkerchiefs, ordered them to dismount and frisked them. One of the bandits had a revolver and fired a shot when telling them to "stick 'em up." A watch and 75 cents was taken from Whithead.

Police searched homes of three persons on report of burglars, but found none. Those searched: Herbert M. Glessbrenner, 518 Highland Dr.; C. R. Watters, 317 E. Twenty-Fourth St.; and Mrs. Gailher, 3208 Bellefontaine St.

Frank Reilly and Patrolmen Crouch and Reeves. Officers found a silver toilet set and silverware, corresponding with loot valued at \$75 taken from the home of George F. Steinmetz, 2033 Ashland Ave.

Suggests Closing Street, Placing  
Stands in Stalls.

The tangled traffic congestion at the city market seemed nearly solved with the probability of confirmation by the board of works today of a plan to close Market St. from Delaware to Alabama St. on market days and to remove outside stands from Delaware, Washington and Alabama St. sides of the courthouse.

The proposal, suggested by John W. Friday, board member, and Earl Garrett, market master, with board of works approval, will take effect Tuesday.

The market stalls would be arranged in the closed block on Market St. aisles. At the close of each market day, a street flusher would wash away the debris.

Asthma Disappeared,  
Had It 15 Years

Mrs. Woodward, 65 Years Old, Says  
Cough, Wheezing and Asthma Gone

Elderly people who suffer with asthma and bronchitis will find particular interest in a letter written by Mrs. Elizabeth Woodward, 65 years old, who lives at 3460 West Michigan St., Indianapolis. She writes:

"I had asthma in severe form for 15 years. I coughed hard, wheezed and was very short of breath, and in addition my stomach caused me a lot of trouble. For one year I had been unable to do any work, not even to wash the dishes. On Feb. 7, 1925, I started taking Nacor. The wheezing and cough have left entirely, and I do not have the slightest sign of asthma now. My stomach condition has improved. I am feeling fine, able to wash and iron and do the housework, and am gaining steadily in every way."

If you suffer from asthma, bronchitis or severe chronic cough, you should read the vital information about these diseases, in a booklet which will be sent free by Nacor Medicine Co., 413 State Life Bldg., Indianapolis, Ind. They will also send you the letters of people whose trouble disappeared years ago and never returned. No matter how serious your case seems, call or write for this free information. It has led thousands back to health and strength.—Advertisement.

Progress backed by service! This is the new symbol of the Standard Oil Company (Indiana), chosen as the official trademark of the Company for all its products.

The trade-mark and the symbol are new—but the creed they express is old.

To supply the petroleum needs of the people of the Middle West with exact knowledge and high skill—to offer an ever better and ever greater service to the individual and the community. This is, and has been, the constant ideal of the Standard Oil Company (Indiana) since its foundation.

This ideal has permitted no wavering of faith or loyalty or toil, and has allowed no smug satisfaction with success already achieved. Each improvement has been but a stepping stone to the next.

The torch of progress backed by service symbolizes this ideal, representing its past achievement, promising its future fulfillment.

The never ceasing efforts of a Board of Directors of 10 men who devote their entire time to the affairs of this Company and to no other—the capital of 50,000 stockholders—the daily efforts of 29,000 employees—are behind this symbol. The products of the Standard Oil Company (Indiana) have won their reputation for dependability and superior quality through sheer merit.

Throughout the length and breadth of the Middle West the torch of service flames its message—a message that is directed to each of the thirty million people in this vast territory—a message that is meant for you.

Through the years the Standard Oil Company (Indiana) has held aloft the torch of progress and backed it by unfaltering service.

In the years to come, this Company may be depended upon to keep it ever in the fore. This trademark is a symbol and a promise.
