

MARINES LANDED IN NICARAGUA

Will Protect Americans—
Battle Looms.

By United Press
WASHINGTON, Aug. 30.—Revolutionary troops are expected to attack Bluefields, Nicaragua today, according to State Department advice.

United States Marines have landed there to protect American lives and property.

The department has ordered American Charge D'Affaires Dennis to deliver a sharp communication to General Chamorro, whose military government of Nicaragua it does not recognize.

In order to avoid interference between Chamorro and the revolutionists it is believed the American force of occupation may follow the precedent of last May and declare Bluefields a neutral zone.

Any interference by the League of Nations, following Chamorro's protest to it against alleged Mexican government support of the Nicaraguan revolutionists, would be resented by the United States as violation of the Monroe doctrine. Officials would not comment on this delicate aspect of the situation.

Nomad House Waits for Its Foundation

The famous house of Robert Hackney is a bit sad today.

Arrived in front of its new location at 2318 N. Capitol Ave., after a tortuous journey through city streets, it must wait while workmen lay the last cement blocks of its new foundation.

The house is as weary as a Pullman car patron, who, after lurching his way through car aisles, arrives at his berth, only to find he must linger on his feet while the porter makes up his bed.

The Hackney house has blocked city streets for more than two weeks. Today a narrow space on the east side of the house remains for traffic in Capitol Ave.

The Haugh Hotel is nearly ready for the last and most crucial stage of its sensational journey to a new location near Delaware and Michigan Sts. Movers are preparing to turn the structure to place it on the new foundation.

Indigestion and Back-ache Gone

Trouble All Gone Now. Backache
Quil, Eats Anything.

People who are suffering from stomach or kidney trouble will enjoy reading a letter written by Chas. L. Scott, 839 E. Maryland St., Indianapolis, Ind. Instead of being an invalid, he says his health is perfect now. Mr. Scott writes:

"I suffered with stomach trouble for twenty years. I was bloated and at times I felt as if there was a rock lying in the pit of my stomach. My kidneys were weak and disturbed me during the night. My back ached all the time. Nothing I ate did me any good, and I tried different medicines without improving. Then a friend told me to try Viuna. The first bottle made me feel better and so I kept right on. When I started in I only weighed 145 pounds; now I weigh 157 pounds, a gain of 12 pounds, and I feel fine. Don't have any trouble with my stomach any more and can sit down to the table and eat a good hearty meal without one bit of fear. I don't have any trouble with my kidneys and back, either. All the pains have gone, my constipation is entirely gone, and I want to say Viuna did it all."

Viuna acts promptly on sluggish bowels, lazy liver and weak kidneys. It purifies the blood, clears the skin, restores appetite and digestion, and brings new strength and energy to the whole body. Take a bottle on trial. Then if you're not glad you tried Viuna, your money will be refunded. \$1 at druggists or mailed postpaid by Iceland Medicine Co., Indianapolis, Ind.

Police Turn Cowboys When Steer Escapes

Here's a movie job for mounted police.

Albert Eakins, R. R. 4, Sharpville, Ind., appealed to headquarters today for aid in capturing a steer, which is running rampant in the city streets. The steer got away at the stockyards. When last seen it was headed for the great open spaces. Eakins, the owner, described the animal as weighing 700 pounds and wearing a red coat.
